Russian Now:

Russian Characteristics E. B. Lanin, Emile Joseph Dillon, 1892 **The Finno-Ugric Republics and the Russian State** Rein Taagepera, 2013-11-26 First Published in 2000 This text provides a survey of the peoples who speak Finno Ugric languages and have titular republics or autonomous regions within the post Soviet Russian federation Their languages have set them apart from their Turkic and Russian neighbours and helped to preserve their distinct identity including their animist religious practices Previous works on this subject were written before the demise of the USSR so that information on the subject was screened by Soviet censors In particular this book explores the principal threats now facing these peoples as much environmental as political Although communism has gone the exploitation of natural resources threatens the region's ecology while the new rulers in the Kremlin seem set to continue their predecessors oppressive policies towards the Finno Ugrians The book is written with commitment to the threatened human and political rights of these endangered peoples

Russian Life, 2007 Survival Russian Mikhail Ivanov, 2007 Minority Languages from Western Europe and Russia Svetlana Moskvitcheva, Alain Viaut, 2019-11-11 This book offers a comparative approach within a general framework of studies on minority languages of Western Europe and Russia and former Soviet space focusing on linguistic legal and categorization aspects It is connected to a comparative study of the semantic contents of the terms referring to the different categories of these languages The volume features multidisciplinary approaches first linguistic sociolinguistic and semantic and legal and investigates the limits of country to country comparisons mirroring cases from France Spain and China with their counterparts from Soviet and later Russian configurations Special examples from a region as Ingria and a country as Tajikistan help to contextualize this approach In addition the notion of migration languages also minority languages is studied in bilingual contexts both from external German Greek Chinese and internal origins Chuvash linked to the urbanization in contemporary societies that has fostered the presence of these languages in major cities *The "Russian" Civil Wars, 1916-1926* Jon Smele, 2015 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century The reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book's focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author's concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the
