

GEN Z

Summary:

People who were born after 1995 were the Gen Z they have adapted to many social media apps such as Facebook, Twitter, Instagram and Snapchat. For Instagram they would be friends with people that has a high follower count like 2000 but if the followers were 80 you were known as not famous and people would not like to interact with you. They would also be counting their likes to be wow Infront of their friends. As for Twitter they would be checking on their retweets to also see how many people interacts with your posts. For Snapchat there is a feature snap map that allows friends to see your location so it ruins the privacy for people who don't like their current location to be seen. Due to all this many teenagers have been surveyed and they have many issues with the social medias changing their lives in a wrong way.

Screen time is one of the main problem since they spend most of the day posting just to impress the people who follow them in their social media accounts. After a survey was conducted Gen Z people around 66% of the conducted survey would be more happier if social media was not invented. This invention has caused many online bullying and stress for children just for them to impress their friends and have a better status in their life. Having such a life causes them stress and less focus in school since they have other priorities in showing off their wealth in purchasing goods. After the age of 16 many youngsters have started to remove one social media off their phone so they wouldn't have to spend much time of their day in showing off in many accounts.

They prefer meeting face to face since while being online they have started to base friendships online instead outdoors. By doing that it has affected many youngsters since they tend to feel shy meeting their friends because on what they would say about their looks. When the youngsters are online they don't feel that they are themselves since they are just portraying fake version of themselves .Instead connecting with each other offline. Before the Gen Z the youngsters of that time enjoy with being around each other and it has benefits like no screen time and being their real self since there was no online so base it on just hanging out with each other in their favorite places.
