Zechariah's Vision Report and Its Earliest Interpreters

Lena-Sofia Tiemeyer, 2016-01-14 If Zechariah's vision report Zechariah 1:8-6:8 reflects the seer's visionary experience how does that impact our understanding of the gradual growth of the text Lena Sofia Tiemeyer builds on the work done in her previous book Zechariah and His Visions Bloomsbury T T Clark 2014 to demonstrate that the visionary material forms the primary textual layer The oracular texts constitute chronologically later interpretations Zechariah and/or later authors editors sought guidance in the earlier vision accounts and the oracular material reflects these endeavours Tiemeyer's investigation is guided by the question what is the latter material doing with the former Is it enforcing contradicting or adding to it Using a ratio composed of the difference between the intratexts and intertexts of Zech 1:8 Tiemeyer shows how this ratio is higher in the oracular material than in the visionary material This difference points to the different origin and the different purpose of the two sets of material While the earlier vision report draws on images found primarily in other biblical vision reports the later oracular material has the characteristics of scribal interpretation By drawing on earlier material it seeks to anchor its proposed interpretations of the various vision accounts within the Israelite textual tradition It is clear that the divine oracles were added to give modify and specify the meaning of the earlier vision report

The Intertextuality of Zechariah 1-8 Michael R. Stead, 2009-12-15 Zechariah 1:8 is a deeply intertextual work which takes up formerly disparate streams of tradition especially various elements of what it calls the former prophets and creatively combines these traditions in applying them to a post-exilic context This fact means that Zechariah 1:8 is situated in a dual context the literary context of the former prophets and the historical context of the early post-exilic period This work seeks to understand Zechariah 1:8 in the light of its dual context When Zechariah 1:8 is read in this way a number of otherwise perplexing passages are made clearer and the message of the work as a whole is better understood This book offers a critique of and refinement to the approaches of intertextuality inner-biblical allusion tradition history in understanding the effect of texts re-using texts Against a recent trend which seeks to limit this phenomenon to verbal repetition it demonstrates that Zechariah 1:8 involves the use of a wide variety of literary devices including thematic allusions ungrammaticalities and sustained allusions to make connections with other texts The kind of intertextual approach followed in this study demonstrates that intertextuality does not necessarily lead to radical indeterminacy as claimed by some and instead actually aids in limiting the possible ranges of meaning The manner in which Zechariah 1:8 invokes re-activates re-applies the words of the former prophets raises important issues related to prophecy and fulfilment history and eschatology and the development of apocalyptic which are

addressed in the course of this enquiry *Reconstructing Jerusalem* Kenneth A. Ristau, 2016-06-01 Jerusalem one of the most contested sites in the world *Reconstructing Jerusalem* takes readers back to a pivotal moment in its history when it lay ruined and abandoned and the glory of its ancient kings David and Solomon had faded Why did this city not share the same fate as so many other conquered cities destroyed and forever abandoned never to be rebuilt Why did Jerusalem disgraced and humiliated not suffer the fate of Babylon Nineveh or Persepolis *Reconstructing Jerusalem* explores the interrelationship of the physical and intellectual processes leading to Jerusalem's restoration after its destruction in 587 B C E stressing its symbolic importance and the power of the prophetic perspective in the preservation of the Judean nation and the critical transition from Yahwism to Judaism Through texts and artifacts including a unique comprehensive investigation of the archaeological evidence a startling story emerges the visions of a small group of prophets not only inspired the rebuilding of a desolate city but also of a dispersed people Archaeological historical and literary analysis converge to reveal the powerful elements of the story a story of dispersion and destruction but also of re creation and revitalization a story about how compelling visions can change the fate of a people and the course of human history a story of a community reborn to a barren city *Thematic Threads in the Book of the Twelve* Paul L. Redditt, Aaron Scharf, 2012-08-06 For some years the view has become established that the Book of the Twelve is a systematically structured literary unity An exegesis which takes the final canonical text seriously undertakes to understand the structure and theological intention of this unity The papers collected here attempt to reveal significant structures which overarch the individual components Particular emphasis is placed on the reconstruction of thematic threads which are created when individual prophets take up topics from their predecessors e g Jehovah's Day conversion role of the peoples and intensify them The papers were written between 1999 and 2002 under the aegis of the Society of Biblical Literature's Working Group on The Formation of the Book of the Twelve *Reading from Right to Left* J. Cheryl Exum, H.G.M. Williamson, 2003-11-01 Thirty seven essays from established scholars around the world cover topics including the Pentateuch prophecy wisdom ancient Israelite history Greek tragedy and the ideology of biblical scholarship make up this interesting and varied collection in honor of David J A Clines Several of the contributors interact with ideas prominent in the work of David J S Clines of the University of Sheffield to whom the volume is dedicated The authors include Graeme Auld James Barr Hans Barstad John Barton Willem Beuken Joseph Blenkinsopp Walter Brueggemann Brevard Childs Richard Coggins Philip Davies John Emerton Tamara Eskenazi Cheryl Exum Michael Fox John Goldingay Norman Gottwald Robert Gordon Lester Grabbe David Gunn Walter Houston Sara Japhet Michel Knibb Joze Krasovec Francis Landy Bernhard Lang Burke Long Patrick Miller Johannes de Moor Carol Newson Rolf Rendtorff Alex Rofe Joh Rogerson John Sawyer Keith Whitlam Hugh Williamson Ellen van Wolde and Erich Zenger *Message and Composition of the Book of Isaiah* Antti Laato, 2022-01-19 The study deals with the theological message and composition of the Book of Isaiah and promotes a thesis that an early Jewish reception history helps us to find perspectives to understand them This

study treats the following themes among others 1 Hezekiah as Immanuel was an important theme in the reception as can be seen in Chronicles and Ben Sira as well as in rabbinical writings The central event which makes Hezekiah such an important figure was the annihilation of the Assyrian army as recounted in Isaiah 36 37 2 The Book of Isaiah was interpreted in apocalyptic milieu as the Animal Apocalypse and Daniel show Even though the Qumran writings do not provide any coherent way to interpret Isaianic passages its textual evidence shows how the community has found from the Book of Isaiah different concepts to characterize the division of the Jewish community to the righteous and sinful ones cf Isa 65 66 3 Ezra and Nehemiah received inspiration from the theological themes of Isaianic texts of Levitical singers which were later edited in the Book of Isaiah by scribes The formation of the Book of Isaiah then went in its own way and its theology became different from that in the Book of Ezra Nehemiah

Tradition in Transition Mark J. Boda, Michael Floyd, 2008-10-15 This book is an investigation of innovative uses of the Hebrew tradition in the early Persian period as represented by the prophetic corpora of Haggai and Zechariah 1 8

Die Entstehung des Alten Testaments Walter Dietrich, Hans-Peter Mathys, Thomas Römer, Rudolf Smend, 2014-08-28 This teaching and textbook describes the biblical writings first by content and structure and then follows their process of coming into being back to the respective reason for their origin The framework for this is the canon of the Hebrew Bible which is defined in the introductory section by the Greek and Christian Bible and the so called Apocrypha The four parts of the volume are introduced by overview chapters the Pentateuch as a whole the Deuteronomistic historical work the phenomenon of prophecy and Hebrew poetry The author also appropriately discusses the progress and current state of research Comprehensive bibliographies characterise the entire work Anyone wishing to intensively examine the Old Testament and its origins will obtain sound information here
