Goergen, Ann Garrido, 2017-02-28 By engaging in conversation with those whose experience perspectives and theological
traditions vary from their own the contributors to *The Theology of Priesthood* explore in detail the fundamental questions
being asked about the ordained priesthood today Priests deacons and students of theology will find these articles an
engaging means to understanding Church ministry and priesthood more deeply *The Theology of Priesthood* includes ten
essays that explore facets of ordained ministry and the ministerial priesthood Paul Philibert OP begins with an overview of
issues involved in the contemporary discussion on priesthood within the Roman Catholic tradition Frank Quinn OP addresses
the significance of language as it pertains to priesthood and ministry and how language is manifested in rites of ordination
Thomas O Meara OP situates the discussion on priesthood within the context of an expansion of ministry in the Church since
Vatican II and the implications of this expansion for ministry in the future Stephen DeLeers articulates a theology of
priesthood grounded in Vatican II and post Vatican II documents which focuses on the primacy of preaching Thomas Rausch
SJ then takes up the issue of diversity within ministerial priesthood as he reflects on priesthood within the context of
apostolic religious life Jack Risley OP returns to the question of the relationship between ordained ministry and lay ministry
The final three articles reflect on ordained ministry from distinctive perspectives Benedict Ashley OP takes the Letter to the
Hebrews as his starting point Paul Wesche looks at priesthood through the lens of an Eastern Orthodox priest Donald
Goergen OP asks what insights African theology specifically African Christology might offer a contemporary Catholic
theology of priesthood Paul Philibert OP provides a concluding reflection Donald J Goergen OP is a preacher teacher lecturer
author and theologian who taught systematic theology for many years He was also previously the provincial for the
Dominican friars of the Central Province He is the editor of *A Theology of Jesus* series and *Being a Priest Today* published by

Aboriginal society where gender influences every aspect of existence that show a new way to find happiness in our modern
Western culture Follows an Australian Aboriginal boy and girl from childhood through adolescence adulthood old age and

death contrasting their experiences with those of ours at the same life stages Presents the experience of living in a society in which every action is governed by the gender laws of nature and myth and offers us ideas for the conduct of our lives For thousands of years the Ngarinyin Aboriginal culture of Australia has existed with almost a total division of responsibility between genders This division enables both men and women to respect the power wisdom and essentiality of the other because only when the two genders work in harmony does their culture function as it should When Hannah Rachel Bell a committed activist and feminist first encountered this culture in the 1970s she resisted such blatant gender division But over her 25 year collaboration with the well known Aboriginal Lawman David Mowaljarlai she found her beliefs challenged and finally changed In this book Bell presents the experience of living in a society in which every action is governed by the laws of nature and myth rather than those of commerce and politics She offers modern people ideas for the conduct of their lives by raising awareness of the cultural processes and institutions that affect men s and women s authority sovereignty and the fulfillment of their birthright It is a journey that if traveled collectively could change the direction and experience of modern culture

Bremmer,2014-07-28 The ancient Mysteries have long attracted the interest of scholars an interest that goes back at least to the time of the Reformation After a period of interest around the turn of the twentieth century recent decades have seen an important study of Walter Burkert 1987 Yet his thematic approach makes it hard to see how the actual initiation into the Mysteries took place To do precisely that is the aim of this book It gives a thick description of the major Mysteries not only of the famous Eleusinian Mysteries but also those located at the interface of Greece and Anatolia the Mysteries of Samothrace Imbros and Lemnos as well as those of the Corybants It then proceeds to look at the Orphic Bacchic Mysteries which have become increasingly better understood due to the many discoveries of new texts in the recent times Having looked at classical Greece we move on to the Roman Empire where we study not only the lesser Mysteries which we know especially

from Pausanias but also the new ones of Isis and Mithras We conclude our book with a discussion of the possible influence of the Mysteries on emerging Christianity Its detailed references and up to date bibliography will make this book indispensable for any scholar interested in the Mysteries and ancient religion but also for those scholars who work on initiation or esoteric rituals which were often inspired by the ancient Mysteries Sacred Forests of Asia Chris Coggins,Bixia Chen,2022-05-30 Presenting a thorough examination of the sacred forests of Asia this volume engages with dynamic new scholarly dialogues on the nature of sacred space place landscape and ecology in the context of the sharply contested ideas of the Anthropocene Given the vast geographic range of sacred groves in Asia this volume discusses the diversity of associated cosmologies ecologies traditional local resource management practices and environmental governance systems developed during the pre colonial colonial and post colonial periods Adopting theoretical perspectives from political ecology the book views ecology and polity as constitutive elements interacting within local regional and global networks Readers will find the very first systematic comparative analysis of sacred forests that include the karchall mabhuy of the Katu people of Central Vietnam the leuweng kolot of the Baduy people of West Java the fengshui forests of southern China the groves to the goddess Sarna Mata worshiped by the Oraon people of Jharkhand India the mauelsoop and bibosoop of Korea and many more Comprising in depth field based case studies each chapter shows how the forest s sacrality must not be conceptually delinked from its roles in common property regimes resource security spiritual matters of ultimate concern and cultural identity This volume will be of great interest to students and scholars of indigenous studies environmental anthropology political ecology geography religion and heritage nature conservation environmental protection and Asian studies *Paul, Founder of Churches* James Constantine Hanges,2012 Expanded from the author s dissertation University of Chicago 1999 **Subject Headings Used in the Dictionary Catalogues of the Library of Congress** Library of Congress,Library of Congress.
