Sacred Space Photographs From The Mississippi Delta:

Sacred Space Tom Rankin, 1993 Tom Rankin's black and white photographs explore the heartfelt religious expressions of African Americans in the Mississippi Delta. No single institution in this region has had a more profound cultural impact than the countless African American churches that accent the landscape. Landmarks to some, places of spiritual refuge to others, home church to devoted members, these sacred spaces have been planned, built, decorated, and maintained by local communities. They provide a sustaining force in both symbol and practice. The forty duotone plates in this book include landscapes with churches, church interiors, cemeteries, baptismal lakes, and bayous, and black congregations. This is an elegant testimony to the persistence, creativity, and communal symbolism of the church and its affiliated expressions. In the accompanying text, Rankin draws upon his interviews with preachers and church members and upon documentary recordings of church services. In the introductory essay, Charles Reagan Wilson examines the symbolic meanings of sacred space and discusses the historical and cultural importance of the African American church in the Delta.

The South in Color William Ferris, 2016-07-01 Since the moment William Ferris's parents gave their twelve-year-old son a Kodak Brownie Hawkeye camera for Christmas in 1954, Ferris passionately began to photograph his world. He has never stopped. The sixties and seventies were a particularly significant period for Ferris as he became a pathbreaking documentarian of the American South. This beautiful provocative collection of 100 of Ferris's photographs of the South, taken during this formative period, captures the power of his color photography. Color film, as Ferris points out in the book's introduction, was not commonly used by documentarians during the latter half of the twentieth century, but Ferris found color to work in significant ways in the photographic journals he created of his world in all its permutations and surprises. The volume opens with images of his family's farm and its workers' family and hired southeast of Vicksburg, Mississippi. The images are at once lyrical and troubling. As Ferris continued to photograph people and their homes, churches, and blues clubs, their handmade signs and folk art, and the roads that wound through the region, divisive

racial landscapes become part of the record A foreword by Tom Rankin professor of visual studies and former director of the Center for Documentary Studies at Duke University provides rich insight into Ferris s work **Faulkner's World** Martin J. Dain,1997 In centennial celebration of William Faulkner s birth a photographic record of the land his fiction turned into legend American Photo ,2005-05 Exposing Mississippi Annette Trefzer,2022-03-25 WINNER OF THE 2022 EUDORA WELTY PRIZE Internationally known as a writer Eudora Welty has as well been spotlighted as a talented photographer The prevalent idea remains that Welty simply took snapshots before she found her true calling as a renowned fiction writer But who was Welty as a photographer What did she see How and why did she photograph And what did Welty know about modern photography In Exposing Mississippi Eudora Welty s Photographic Reflections Annette Trefzer elucidates Welty s photographic vision and answers these questions by exploring her photographic archive and writings on photography The photographs Welty took in the 1930s and 40s frame her visual response to the cultural landscapes of the segregated South during the Depression The photobook One Time One Place which was selected curated and shaped into a visual narrative by Welty herself serves as a starting point and guide for the chapters on her spatial hermeneutic The book is divided into sections by locations and offers how the framing of these areas reveals Welty s radical commentary of the spaces her camera captured There are over eighty images in Exposing Mississippi including some never before seen archival photographs and sections of the book draw on over three hundred more The chapters on institutional leisure and memorial landscapes address how Welty s photographs contribute to reflect on and intervene in customary visual constructions of the Depression era South Delta Fragments John O. Hodges,2013-07-30 The son of black sharecroppers John Oliver Hodges attended segregated schools in Greenwood Mississippi in the 1950s and 60s worked in plantation cotton fields and eventually left the region to earn multiple degrees and become a tenured university professor Both poignant and thought provoking Delta Fragments is Hodges s autobiographical journey back to the land of his birth Brimming with vivid memories of family life childhood friendships the quest for knowledge and the often brutal injustices of the Jim Crow South it also offers an insightful meditation on the present state of race relations in America Hodges has structured the book as a series of brief but revealing vignettes grouped into two main sections In part 1 Learning he introduces us to the town of Greenwood and to his parents sister and myriad aunts uncles cousins teachers and schoolmates He tells stories of growing up on a plantation dancing in smoky juke joints playing sandlot football and baseball journeying to the West Coast as a nineteen year old to meet the biological father he never knew while growing up and leaving family and friends to attend Morehouse College in Atlanta In part 2 Reflecting he connects his firsthand experience with broader themes the civil rights movement Delta blues black folkways gambling in Mississippi the vital role of religion in the African American community and the perplexing problems of poverty crime and an underfunded educational system that still challenge black and white citizens of the Delta Whether recalling the assassination of Medgar Evers whom he knew personally the dynamism of an African American church service

or the joys of reconnecting with old friends at a biennial class reunion Hodges writes with a rare combination of humor compassion and when describing the injustices that were all too frequently inflicted on him and his contemporaries righteous anger But his ultimate goal he contends is not to close doors but to open them to inspire dialogue to start a conversation to be provocative without being insistent or definitive **Southern Cultures: The Photography Issue** Harry L.

Watson, Jocelyn Neal, 2011-06-01 The Cruel Radiance of the Obvious The 2011 Photography Issue Tom Rankin Guest Editor Our second Photography issue features full color photographs by William Eggleston William Christenberry and much more CONTENTS Front Porch by Harry L Watson It requires very special talent to make great photographs and those who have it are among our finest artists The Cruel Radiance of the Obvious by Tom Rankin Photography in its finest and most decisive moments is about those tired or ignored or unseen parts of our lives the mundane and worn paths that sit before us so firmly that we cease to notice It is we might say about rebuilding our sight in the face of blindness of recovering our collective vision American Studies by Michael Carlebach Many years ago I concluded that for me truth and beauty and perhaps wit and wisdom as well are more likely to reside in what is ordinary and seemingly insignificant This is perhaps a sideways look at America and American culture but it is one that can produce moments that describe us all but without makeup and bereft of a spokesperson Mapping The Democratic Forest The Postsouthern Spaces of William Eggleston by Ben Child When the color photographs of William Eggleston first appeared at the Museum of Modern Art in 1976 the boldness of Eggleston's palette and his disregard for the conventions of black and white photography were shocking nearly all the major critics were scornful and Ansel Adams wrote a scathing letter of protest Stereo Propaganda by Lynn Marshall Linnemeier In this examination magic and myth two of my favorite vehicles act as buffers to the dominant power structure It brings together two bodies of collectibles one personal and one commercial with the intent of shifting stereotypes about race and southern culture Interview Those little color snapshots William Christenberry interviewed by William R Ferris Santa Claus had brought me and my sister a small Brownie camera in the late 1940s and I just loaded it with color film and went out to that Alabama landscape and began to photograph what caught my eye Heroes of Hell Hole Swamp Photographs of South Carolina Midwives by Hansel Mieth and W Eugene Smith by Dolores Flamiano Mieth and Smith shared a belief that photography could bring social change They viewed Pat Clark and Maude Callen as heroic healers whose stories would inspire racial understanding Both photographers shot powerful images of the most visceral human experiences birth death sexuality and disease Women Working by Susan Harbage Page Rough It is rough being a female Not Forgotten The Day Is Past and Gone Family Photographs from Eastern North Carolina By Scott Matthews It is in fact hard to get the camera to tell the truth yet it can be made to in many ways and on many levels Some of the best photographs we are ever likely to see are innocent domestic snapshots All eight articles from this issue of Southern Cultures are also available individually as stand alone ebooks *"Deaf Maggie Lee Sayre"* Maggie Lee Sayre, 1995 Maggie Lee Sayre was born deaf near Paducah Kentucky in

1920 She lived 51 years of her life on a river houseboat as her family made a living fishing throughout Kentucky and Tennessee This collection of her photos accompanied by descriptive captions from Sayre reveals a traditional river culture that is rooted in subsistence living *The Mississippi Encyclopedia* Ted Ownby, Charles Reagan Wilson, Ann J.
