Sade Systeme De Lagression:

Sade's Philosophical System in its Enlightenment Context Henry Martyn Lloyd, 2018-09-05 This book connects the philosophy of the Marquis de Sade one of the most notorious iconic and yet poorly understood figures within the history of European thought with the broader themes of the Enlightenment Rather than seeing himself as a mere pornographer Sade understood himself as continuing the progressive tradition of French Enlightenment philosophy Sade aspired to be a philosophe This book uses intellectual history and the history of philosophy to reconstruct Sade's philosophical system and its historical context Within the period's discourse of sensibility Sade draws on the philosophical and the literary to form a relatively sophisticated system which he deploys to critically engage with the two major strands of eighteenth century ethical theory the moral sense and natural law traditions This work is of interest to Continental Philosophy Critical Theory French Studies the History of Eighteenth Century Philosophy Literary Studies the History of Moral Philosophy and Enlightenment Studies

Distant Suffering Luc Boltanski, 1999-10-13 *Distant Suffering* first published in 1999 examines the moral and political implications for a spectator of the distant suffering of others as presented through the media What are the morally acceptable responses to the sight of suffering on television for example when the viewer cannot act directly to affect the circumstances in which the suffering takes place Luc Boltanski argues that spectators can actively involve themselves and others by speaking about what they have seen and how they were affected by it Developing ideas in Adam Smith's moral theory he examines three rhetorical topics available for the expression of the spectator's response to suffering the topics of denunciation and of sentiment and the aesthetic topic The book concludes with a discussion of a crisis of pity in relation to modern forms of humanitarianism A possible way out of this crisis is suggested which involves an emphasis and focus on present suffering
