Lord Radcliffes Season:

Lord Radcliffe's Season Jo Ann Ferguson, 2015-04-21 Lady Lisabeth Montague is grateful to set aside mourning for her late husband. The match had been a mistake from the beginning for she had been young and naïve enough to believe the court promises of Frederick Montague, a rakehell viscount. Now her abusive, unfaithful husband is dead and she is anxious to begin her life anew. She is shocked when a request comes from Frederick's cousin, Norton Radcliffe. Norton wishes her to tutor his own cousin, Tristan Radcliffe, a marquess in the ways of the ton. But Lord Radcliffe is no young boy. He is a veteran who was wounded during the war and clearly has a mind of his own. Radcliffe, as he asks Lisabeth to call him, shares her uncertainty. It is a most peculiar feeling, one he has seldom known before. Kind but strict, Lisabeth helps him, not only with the ways of the Polite World but to walk again. That astounds him because he was told she was a flirt who made her husband miserable. But the truth is in front of his eyes. Which is the real Lisabeth? He needs to know the truth as he falls in love, even though he knows she doesn't want to marry again. Maybe he needs to turn the tables and become her instructor in how sweet kisses can be.

Studies in the History of Tax Law, Volume 11 Peter Harris, Dominic de Cogan, 2023-09-21 This book is a continuation of the prestigious series which is drawn from the papers of the biennial Cambridge Tax Law History Conference. The authors are a mix of academics and senior tax professionals from the judiciary and practice with representatives from 9 countries. The series continues to investigate current tax policy debates in an historical context. The papers fall within 3 basic categories: 1. UK and Irish tax looking at a variety of topics such as tax administration, cases and judges; Whitney Singer, Viscount Radcliffe, the taxation of royal forests, the taxation of spirits and income tax transition in the Irish Free State; 2. International taxation with chapters on the role of international organisations, OECD, League of Nations and on South Africa's early attempts to address double taxation, tax treaties; and 3. Non-UK tax systems including chapters on the legacy of colonial influence, Dutch East Indies, early developments in China, New Zealand and the USA, an influential Canadian report, Carter Commission, development of the GAAR in Scandinavia and the receipt of Roman tax law in Europe. *The Law Lords* Alan Paterson, 1983-09-01

Force Majeure and the Law: Acts of God in Comparative and Historical Perspective Thomas D. Musgrave, 2025-04-08 This book examines how the Roman, French and English legal systems have each dealt with the issue of unforeseen supervening events which have rendered the performance of contractual obligations either impossible or fundamentally different in nature, sometimes known as Force Majeure or Acts of God. Although the Roman, French and English laws of contract have each developed legal rules which address this issue, the approach adopted by each system is significantly different from that of the others. The thesis of this book is that the response of a legal system to unforeseen supervening events derives primarily from the nature and structure of that legal system as a whole and then within that broader context from the salient characteristics of that system's particular law of contract. The work compares the differing nature and structure of the Roman, French and English legal systems and their respective laws of contract in order to

demonstrate how this is so The book will be a valuable guide for academics and researchers working in the areas of Comparative Law Legal History Legal Theory and Contract Law As the English approach to unforeseen supervening events is very different from that of the French the book will be of benefit both to English and to French practitioners as they seek to understand how supervening events are dealt with across the Channel It will also appeal to law students as a guide for studying comparative law
