*Schoenberg and Hollywood Modernism* Kenneth H. Marcus,2016-01-14 Kenneth H Marcus shows how Schoenberg

played a vital role in Southern California Modernism through his pedagogy compositions and texts **Douglas Snelling** Davina Jackson,2016-12-01 Douglas Burrage Snelling 1916 85 was one of Britain s significant emigr architects and designers Born in Kent and educated in New Zealand he became one of Australia s leading mid century architects of luxury residences and commercial buildings and a trend setting designer of furniture interiors and landscapes This is the first comprehensive study of Snelling s pan Pacific life works and trans disciplinary significance It provides a critical examination of this controversial modernist revealing him to be a colourful and talented protagonist who led antipodean interpretations of American especially Wrightian and southern Californian architecture design and lifestyle innovations *Material Dreams* Kevin Starr,1990-04-12 Kevin Starr is the foremost chronicler of the California dream and indeed one of the finest narrative historians writing today on any subject The first two installments of his monumental cultural history Americans and the California Dream have been hailed as mature well proportioned and marvelously diverse and diverting The New York Times Book Review and rich in details and alive with interesting and sometimes incredible people Los Angeles Times Now in Material Dreams Starr turns to one of the most vibrant decades in the Golden State s history the 1920s when some two million Americans migrated to California the vast majority settling in or around Los Angeles In a lively and eminently readable narrative Starr reveals how Los Angeles arose almost defiantly on a site lacking many of the advantages required for urban development creating itself out of sheer will the Great Gatsby of American cities He describes how William Ellsworth Smyth the Peter the Hermit of the Irrigation Crusade the self educated Irish engineer William Mulholland who built the main aquaducts to Los Angeles and George Chaffey who diverted the Colorado River transforming desert into the lush Imperial Valley brought life supporting water to the arid South He examines the discovery of oil the boosters and land developers the evangelists such as Bob Shuler the Methodist Savanarola of Los Angeles and Aimee Semple McPherson and countless other colorful figures of the period There are also fascinating sections on the city s architecture the impact of the automobile on city planning the Hollywood film community the L A literati and much more By the end of the decade Los Angeles had tripled in population and become the fifth largest city in the nation In Material Dreams Starr captures this explosive growth in a narrative tour de force that combines wide ranging scholarship with captivating prose University Planning and Architecture Jonathan Coulson,Paul Roberts,Isabelle Taylor,2015-01-09 The environment of a university what we term a campus is a place with special resonance They have long been the setting for some of history s most exciting experiments in the design of the built environment Christopher Wren at Cambridge Le Corbusier at Harvard and Norman Foster at the Free University Berlin the calibre of practitioners who have shaped the physical realm of academia is superlative Pioneering architecture and innovative planning make for vivid assertions of academic excellence while the physical estate of a university can shape the learning experiences and lasting outlook of its community of students faculty and staff However the mounting list of pressures economic social pedagogical technological currently facing higher

education institutions is rendering it increasingly challenging to perpetuate the rich legacy of campus design. In this strained context, it is more important than ever that effective use is made of these environments and that future development is guided in a manner that will answer to posterity. This book is the definitive compendium of the prestigious sphere of campus design, envisaged as a tool to help institutional leaders and designers to engage their campus's full potential by revealing the narratives of the world's most successful, time-honoured and memorable university estates. It charts the worldwide evolution of university design from the Middle Ages to the present day, uncovering the key episodes and themes that have conditioned the field, and through a series of case studies profiles universally acclaimed campuses that through their planning, architecture and landscaping have made original, influential and striking contributions to the field. By understanding this history, present and future generations can distil important lessons for the future. The second edition includes revised text, many new images and new case studies of the Central University of Venezuela and Indian Institute of Management, Ahmedabad.
