Nelson Rockefeller's Dilemma Marsha E. Barrett,2024-08-15 Nelson Rockefeller s Dilemma reveals the fascinating and influential political career of the four time New York State governor and US vice president Marsha E Barrett s portrayal of this multi faceted political player focuses on the eclipse of moderate Republicanism and the betrayal of deeply held principles for political power Although never able to win his party s presidential nomination Rockefeller s tenure as governor was notable for typically liberal policies infrastructure projects expanding the state s university system and investing in local services and the social safety net As the Civil Rights movement intensified in the early 1960s Rockefeller envisioned a Republican Party recommitted to its Lincolnian heritage as a defender of Black equality But the party s extreme right wing encouraged by its successful outreach to segregationists before and after the nomination of Barry Goldwater pushed the party to the right With his national political ambitions fading by the late 1960s Rockefeller began to tack right himself on social and racial issues refusing to endorse efforts to address police brutality accusing without proof Black welfare mothers of cheating the system or introducing harsh drug laws that disproportionately incarcerated people of color These betrayals of his own ideals did little to win him the support of the party faithful and his vice presidency ended in humiliation rather than the validation of moderate ideals An in depth insightful and timely political history Nelson Rockefeller s Dilemma details how the standard bearer of moderate Republicanism lost the battle for the soul of the Party of Lincoln leading to mainlining of white grievance populism for the post civil rights era

Acculturating the Shopping Centre Janina Gosseye, Tom Avermaete, 2018-10-16 Acculturating the Shopping Centre examines whether the shopping centre should be qualified as a global architectural type that effortlessly moves across national and cultural borders in the slipstream of neo liberal globalization or should instead be understood as a geographically and temporally bound expression of negotiations between mall developers representatives of a global logic of capitalist accumulation on the one hand and local actors architects governments citizens on the other It explores how the shopping centre adapts to new cultural contexts and questions whether this commercial type has the capacity to disrupt or even amend the conditions that it encounters Including more than 50 illustrations this book considers the evolving architecture of shopping centres It would be beneficial to academics and students across a number of areas such as architecture urban design cultural geography and sociology **Más Alla del Homo Sapiens** Mariu Suarez, 2001-01-11 A quest for a personal and collective utopia The story of man's salvation through knowledge Una búsqueda de la utopía personal colectiva La historia de la salvación del hombre a través del conocimiento *Los Angeles Financier*, 1905 **1956**
