A People's Guide to Orange County Elaine Lewinnek, Gustavo Arellano, Thuy Vo Dang, 2022-01-25 At first encounter Orange County can resemble the incoherent sprawl that geographer James Howard Kunstler named The Geography of Nowhere a car dependent seemingly bland space designed most of all for efficient capitalist consumption But it is somewhere too and learning its stories helps it become more than its boosters slogans Writers Lisa Alvarez and Andrew Tonkovich residents of Orange County s remote Modjeska Canyon describe this whole county as a much constructed and contrived locale a pestered and paved landscape built and borne upon stories of human development of destruction as well as happily of enduring wild places In a similar vein essayist D J Waldie chronicler of the bordering suburb of Lakewood asserts that becoming Californian means locating yourself in habitats of memory that connect ordinary local areas with broader themes Moving beyond sentimentality nostalgia and so many sales pitches that omit far too much Waldie echoes Michel de Certeau s call to awaken the stories that sleep in the streets That is the goal of this book Inspired by Laura Pulido Laura Barraclough and Wendy Cheng s A People s Guide to Los Angeles University of California Press 2012 as well as the People s Guides to Boston and San Francisco that have followed it we offer this guidebook for locals tourists students and everyone who wants to understand where they really are This book is organized with regional chapters sorted roughly north to south by community Within each city sites are listed alphabetically After the group of entries for each city we recommend nearby restaurants as well as other sites of interest for visitors Readers may explore this book geographically or use the thematic tours in the appendix to consider environmental politics Cold War legacies the politics of housing LGBTQ spaces or Orange County s carceral state The appendix also contains suggestions for teachers using this book engaging students in cognitive mapping close reading popular culture analysis and creating additional entries of people s history While many local histories tend to focus on a few white settlers this book places attention on the people especially the subaltern ones who are hierarchically under others including workers people of color youth and LGBTQ individuals No single book can represent an entire county so we have chosen to concentrate on the lesser known power struggles that have

happened here and influenced the landscape that we all share We could not include everyone of course We are mindful that other groups are currently creating more people s history on this landscape that we hope our readers will continue to explore In Orange County excavating the diverse past can be frowned upon or actively repressed by those invested in selling Orange County in the style of its booster Anglo settlers from 150 years ago This book tells the diverse political history beyond the bucolic imagery of orange crate labels We hope it will inspire readers to further explore Orange County and reflect on even more sites that could be included in the ordinary extraordinary landscape here **Los Angeles and Orange County Guide** Rand McNally,1986-07-01 **A Marmac Guide to Los Angeles and Northern Orange County** Inge, Arline,2006

History of Orange County, California Samuel Armor,1911 *Orange County* ,2005 The formerly wide open space southeast of Los Angeles blossomed from cattle ranches into a center of citrus production by the early 20th century Orange County separated from Los Angeles County in 1889 soon Anaheim and Santa Ana changed from farming communities to major cities while coastal communities grew beyond anyone s imagination One of the most populous counties in the United States today Orange County began in the mid 20th century to evolve from its bedroom community status to become an urban suburban region with its own identity This collection of vintage postcards follows the county s diverse development illustrating such spots as Disneyland and the area s world renowned beaches as well as remembering the pastoral origins industries unique buildings and cityscapes that have added dimension to its history [WHERE Magazine: Los Angeles and Orange County](#) , Features information from WHERE Magazine published in Los Angeles California Offers information about shopping tours events concerts art sports and contains detailed area maps Provides ordering information for both WHERE Los Angeles Magazine and WHERE Orange County Magazine [Southern California](#) Southern California Panama Expositions Commission,1914 **Orange Coast Magazine** ,1990-08 Orange Coast Magazine is the oldest continuously published lifestyle magazine in the region bringing together Orange County s most affluent coastal communities through smart fun and timely editorial content as well as compelling photographs and design Each issue features an award winning blend of celebrity and newsmaker profiles service journalism and authoritative articles on dining fashion home design and travel As Orange County s only paid subscription lifestyle magazine with circulation figures guaranteed by the Audit Bureau of Circulation Orange Coast is the definitive guidebook into the county s luxe lifestyle *Statutes of California and Digests of Measures* California,2000 **1980 Census of Population and Housing** ,1984 *Historic Photos of Orange County* ,2008-12-01 Perpetual sunshine palm trees miles of unbroken beaches yachts cliff top mansions millionaires these are the images of Orange County that come to mind for many people and there is much truth in this depiction for Orange County is a place of boundless natural wonders that attracts more than 25 million tourists a year However the full story of Orange County is far more complex It s a story of Jua eno Indians conquistadors Franciscan padres rancheros wildcatters artists and filmmakers Historic Photos of Orange County offers some 200 images drawn from the county s fascinating past from the

mission ruins of San Juan Capistrano to the turn of the century celery fields of Westminster to the eye popping fantasia of a young Disneyland By East Coast standards Orange County is a relative baby just over a century old and tiny compared with most California counties but its population is second only to neighboring Los Angeles County and growing every day This volume captures the story of Orange County s evolution from a sleepy backwater suburb of Los Angeles to an international tourist destination **FCC Record** United States. Federal Communications Commission,2011-08 The Researcher Los Angeles Chamber of Commerce,1968 **Federal Register** ,2004-04 **The New Deal in Orange County, California** Charles Epting,2021-04-13 This historical tour explores how FDR s domestic programs helped revitalize a region devastated by natural disasters and the Great Depression While many people are familiar with the New Deal s sweeping initiatives few have a nuanced sense of what this alphabet soup of organizations actually did on a local level In this fascinating book historian Christopher Epting looks at the various New Deal projects undertaken in Orange County showing how they met the myriad needs of its struggling communities Unpredictably harsh elements wreaked havoc in Orange County during the Great Depression The Long Beach earthquake of 1933 and the 1938 Santa Ana River flood took numerous lives decimated buildings and destroyed much of the county s namesake citrus industry In response Orange County received federal public aid through the Works Progress Administration Civilian Conservation Corps and other agencies Epting reveals their efforts in this tour of the buildings bridges harbors trails libraries highways and other infrastructure gains many still in use that were revitalized by President Roosevelt s New Deal Report of the State Oil and Gas Supervisor California.
