Los Ovnis De Oro Poemas Indios:

Golden UFOs Ernesto Cardenal, 1992 In 1898 Tahirassawichi went to Washington only to speak about religion as he told the American government only to preserve the prayers And the Capitol did not impress him from Tahirassawichi in Washington Ernesto Cardenal Nicaraguan poet priest and revolutionary foresees a new order for humanity Here in his Indian poems Father Cardenal interweaves myth legend history and contemporary reality to speak to many subjects including the assaults on the Iroquois Nation the political and cultural life of ancient Mexico the Ghost Dance movement the disappearance of the buffalo U S policy during the Vietnam War and human rights in Central America Each text is rich with history poetry and spiritual insight This bilingual edition is the only complete collection of Father Cardenal s Indian poems in either Spanish or English Cardenal has checked and approved the translations and the glossary of cultural and historical referents Of epic proportions The literal translation conveys the epigrammatic style and didactic political message Of timely interest Library Journal Priest and Nicaraguan revolutionary as well as poet Cardenal epitomizes what makes literature live in Central America today His poems are both sonorous and accessible political and mystical Booklist a spectacular work Books of the South West **Los ovnis de oro** Ernesto Cardenal, 1992 Obras completas Ernesto Cardenal, 1991 **Los Ovnis de Oro** Ernesto Cardenal, 1992 Modern Nicaraguan Poetry Steven F. White, 1993 This work demonstrates that twentieth century Nicaraguan poetry can not be comprehended in its fullest dimension without an understanding of the literary traditions of France and the United States Ever since Ruben Dario established Hispanic America s literary independence from Spain in the nineteenth century with his modernista revolution poets in Nicaragua actively have engaged in a dialogue with the works of French and North American authors as a means of assimilating and transforming them and thereby inventing a profoundly Nicaraguan literary identity This process has resulted in what might be called a double genealogy in Nicaraguan poetry certain poets attracted to the alchemical properties of the poetic word and a transcendent mythic meta reality seem to have descended from French literary forebears others interested in an expansive poeticized version of history and verisimilitude have roots that might be traced to North American soil This division is a provisional experimental means of grouping Nicaraguan poets based not on the traditional compartmentalization of literary generations but on the family resemblances of poetic affinities Presented here is an effective analysis of the familial nature of the Nicaraguan poets achieving their own literary independence by taking into account socio political and historical considerations common literary themes as well as the intertextual relations that form the basis of international literary dialogues This rigorous but flexible approach to modern Nicaraguan poetry enables the reader to accompany the poets on their journeys toward God and the end of the world into a timeless Nicaraguan landscape invaded by U S Marines beyond a contemporary urban portrait of Los Angeles through the horrifying European battlefields of World War I and the trenches of Nicaragua s revolution against the Somoza dictatorship The English speaking reader probably will be unfamiliar with most of the seven preeminent Nicaraguan poets whose works

are the subject of this book but it is hoped that the reader will realize that the poetry of Nicaraguans Alfonso Cortes Salomon de la Selva Jose Coronel Urtecho Pablo Antonio Cuadra Joaquin Pasos Carlos Martinez Rivas and Ernesto Cardenal is worthy of serious study Furthermore the poems of these authors take on a richer meaning when they are studied as co presences in relation to certain texts by Baudelaire Rimbaud Mallarme and Supervielle or in an American context by poets such as Whitman Pound Eliot and Masters A relatively small country with a rich diverse tradition in poetry Nicaragua has maintained high literary standards generation after generation and has produced poets of a world class stature whose time has come for greater recognition

Ernesto Cardenal en soledad de amor herido Martín Jiménez Serrano,2023-05-04 En 1993 a la edad de 68 años Ernesto Cardenal plasmó en Telescopio en la noche oscura una experiencia interior que comenzó en 1956 a o en que l a n joven nicaragense padeció una convulsión espiritual tan profunda que lo condujo a olvidarse de sus amores humanos para entregarse al Amor divino En esta investigación el autor desentraña los símbolos de la Noche y de la Nada en los 92 poemas breves que conforman ese poemario de un intenso lirismo Pero Jiménez Serrano va más allá al indagar en toda la poesía cardenaliana la noche como leitmotiv metáfora de la Noche Mística del contemplativo de Solentiname A este indicio metafórico se suma el telescopio símbolo con el que el poeta acentúa la situación desolada de su alma ante la aparente ausencia del Amado en su vida Todavía más en el poemario también aparece la Nada como símbolo del auténtico Dios sin imagen Este discurso anagógico del poeta afianza la posibilidad de una poesía mística en Hispanoamérica Y este libro es decisivo en el estudio de la experiencia mística en la poesía cardenaliana

Kuhnheim,2010-07-05 Has poetry lost its relevance in the postmodern age unable to keep pace with other forms of cultural production such as film mass media and the Internet Quite the contrary argues Jill Kuhnheim in this pathfinding book which explores how recent Spanish American poetry participates in the fundamental cultural debates of its time Using a variety of interdisciplinary approaches Kuhnheim engages in close readings of numerous poetic works to show how contemporary Spanish American poetry struggles with the divisions between politics and aesthetics and between visual and written images grapples with issues of ethnic national sexual and urban identities and incorporates rather than rejects technological innovations and elements from the mass media Her analysis illuminates the ways in which contemporary issues such as indigenismo and Latin America s postcolonial legacy modernization immigration globalization economic shifts toward neoliberalism and informal economies urbanization and the technological revolution have been expressed in and even changed the very form of Spanish American poetry since the 1970s **Chiefs, Scribes, and Ethnographers** James
