Dark Matters: Delusions, Illusions, Lost Causes and Absurdities in Modern America David Bouchier, 2019-09-25 The twenty first century was never supposed to look like this The second half of the twentieth century was a self conscious advertisement for the wonderful twenty first when America would lead the rest of the world into an affluent peaceful technological Utopia Scientists futurologists and visionaries promised a future without hunger or want without fear of illness or pain or even death where the human race would spread its genius out to the stars and science would bring Utopia to earth In the twenty first century we were promised a leisure society of short work weeks and long vacations pollution free transportation an end to world food shortages population problems nationalism and war The twenty first century was held out as the glittering prize for surviving the tribulations of the twentieth Now we have arrived in the second decade of this twenty first century paradise How does it look so far It looks like hell **Bengali Harlem and the Lost Histories of South Asian America** Vivek

Media Ownership and Concentration in America Eli Noam,2009-10-19 People have worried for many years about the concentration of private power over the media as evidenced by controversy over Federal Communication Commission rulings on broadcast ownership limits The fear it seems is of a media mogul with a political agenda a new William Randolph Hearst who could help start wars or run for political office using the power of the media In the light of these concerns about freedom of speech Eli Noam provides a comprehensive survey of media concentration in America covering everything from the early media empire of Benjamin Franklin to the modern day cellular phone industry

The Lost History of Ancient America Frank Joseph,2016-10-24 The Lost History of Ancient America presents new evidence of transoceanic visitors to America hundreds even thousands of years before Christopher Columbus was born Its 20 eminent contributors are experts in a variety of fields from botany biology and prehistoric engineering to underwater archaeology archaeo astronomy and Bronze Age warfare In ancient times the sea was not an impassable barrier separating our ancestors from the outside world but a highway taking them to every corner of it Never before and nowhere else has so much evidence proving the impact made on America by overseas visitors been assembled You will learn about A chain of stonewalls across southern Illinois that has stood for the last two millennia A profusion of plants flourishing throughout the United States and Canada that originated more than 20 centuries ago Underwater ruins recently found off the coast of Oregon Bronze Age oil wells in Pennsylvania And much much more The Lost History of Ancient America ends the debate between cultural diffusionists who have always known that our ancient ancestors did not consider the sea an impassable barrier and cultural isolationists who have been equally certain that humans lacked the know how and courage for global navigation until a little more than 500 years ago

America Accept the Truth, Repent, and Save Our Country Dr. Derek Lawrence-Harper,2023-04-23 God s timing is not our timing but the bible is clear that judgment will come America will be judged for its misdeeds one day It is the author s hope that people will re read the bible and encourage people to read

this book to know that the author's goal is to first save souls and second save our country. Ideally we need to be in a financial position to help others. To resolve problems in this country we must be honest and accept the truth to move forward. Most Americans including the author need all their income to pay bills and have means to enjoy themselves. The true minority in America is the rich who do not live paycheck to paycheck but have either generational wealth or maximized their talents to become prosperous. Hopefully anyone who became rich did not compromise their morality or abuse, misuse or oppress others for their personal gain. If so, pray that they repent. Our country is in trouble as Compromised Christianity, Atheism, Agnosticism and Satanic influence is on the rise while Bible Believing Christians are declining, getting older and are dying off. It has been said that those who ignore history repeat history. Dr. Martin Luther King once stated that truth suppressed to earth shall rise again. The author is here to talk about the truth that is rising in our time now.

What America Lost: Decades That Made a Difference Sallie Ferrell Bolich, 2009-08-04 As the fifties ended we were about to embark on a journey that would take our American society in a completely new direction By reviewing history we can identify how the tumultuous sixties chose our path while each decade beginning in 1950 and continuing through 2000 determined our course at that time On this journey many values and lifestyles experienced by the Baby Boomers were left behind not passed on to their children Gen X and Gen Y The resulting new outlook profoundly influenced attitudes held by these emerging generations The fascinating field of handwriting analysis serves as our GPS which enables us to identify these attitudes trace where we've been and understand where society is today Handwriting is an expression of self and attitudes resulting from personal experiences social interactions and events that made a significant impact Reliving the journey with insight is made possible by studying handwriting samples obtained from high school yearbooks covering those five decades Numerous historical and societal changes profoundly influenced attitudes of today These attitudes mirror our culture Handwriting analysis will not reveal precise societal changes however it will reveal how these changes impact attitudes
