Thakur, 2018-02-12 The Rise Of Divine Feminine is a dedication to all warriors of the light who sacrificed their lives for bringing forward the truth about what is so wrong in the world today The problems we face today collectively in the world are not the big things they are very small issues buried deep in the psyche of the human mind Our failure to understand this has led to the root of all our problems in the outer world This book attempts to bring to light these small issues of our mind

and help us understand how the mind can be either our most dangerous enemy or our most dedicated friend Through spirituality and scientific support we can reverse this imbalance This book is a soft knock on our minds to wake us and show us who we really are and seize our power by discovering the wonders of our human mind and to reclaim our position as God s most wonderful creation The Rise of Divine Feminine is a book for today s new generation It is an initiative to understand the root of all our human problems and upgrade our knowledge on this subject to create legendary humans *Poetry Noir*

David Hamilton,2019-03-20 David Hamilton has produced a collection of stories rooted in medieval forms but with contemporary concerns While a poem is a subject it is also a journey and takes the reader to a higher state of consciousness as music does People now like to pigeon hole everyone but Hamilton aims for versatility A writers have their own styles and certain themes and ideas are foremost but each book is also meant to be original and have different features from the others It is interesting to discuss whether Hamilton has created his own genre in that he writes books of poems which have essential features in common and can be called concept poems The concept is thematic and crosses over individual poems Storyteller is told by Hamilton at the Storytellers Festival and features stories in verse which take us through imaginative worlds where we encounter real life experiences and thus on to a higher state of awareness In his preface to Lyrical Ballads Wordsworth talked of the need to create his own audience for his new form but here we are drawn into the train of poetry and find common experience we share This collection is slightly different in style and technique from the previous poetry books and incorporates songs and music which was stepping into the unknown It is developed from a primary idea in this case Storyteller which is inspiration rather than rational development from a plan Readers of historical fiction fact and especially Shakespeare fans I m sure will enjoy this book It s very educational If published online American readers will probably be the largest audience I m sure they ll enjoy the Englishness of it especially well educated academics for the exquisite use of language **Fire Work** Fire Work,2025-07-22 Fire Work fire work Fire work fire Work Firework firework divit kaushik Divit Kaushik Divit kaushik divit Kaushik divit Divit kaushik Kaushik science fiction Science fiction science fiction Science fiction Sci fi sci fi sci fi scifi Sci fi Mystery mystery novels Novels novel Novel fiction Fiction scifi novels science fiction novels
