Lost Universe 3:

The Lost Universe Gene Weltfish, 1977-01-01 A fascinating insight into the life and culture of the Pawnee people is achieved here by the author's presentation of carefully gathered information in the form of a narrative of one year in Pawnee village. The first few chapters lay the groundwork of kinship lines followed by a narration of the life of one person in the village. Customs, ceremonies, beliefs, and hard work become apparent as the author leads one through the intricacies of the activities. Although it presents a great deal of detailed anthropological material, the manner of presentation turns the book into a readable account. The book is based on years of first-hand study as well as scholarly research and is recommended as an in-depth study of Plains Indian life. Reprint Bulletin Book Reviews. Gene Weltfish is coauthor with Ruth Benedict of *The Races of Mankind*. She is also the author of *The Origins of Art* and other books. Stories of the Divine Aldivan Torres, 2025-08-07 Universe of psychic stories. A mixture of action, romance, fiction, and adventure. Stories for all tastes. Knowing appreciation is key to cultured man. Enter this wonderful universe. Marginality and 'Resistencia' Miguel Rivas Venegas, Martina L. Weisz, 2024-12-30 This book promotes international and interdisciplinary reflections on narratives of exclusion, liminality, dissident power, and the forging of new identities during the last decades. Focusing on the rich case studies presented by the Spanish-speaking world and beyond, it seeks to generate a deeper understanding of the mechanisms of othering and the strategies being developed by the traditionally suppressed voices of marginalized ethnic, gender, and mnemonic communities.

Friefeld,Rebecca S. Wingo,2017 Homesteading the Plains offers a bold new look at the history of homesteading overturning what for decades has been the orthodox scholarly view The authors begin by noting the striking disparity between the public s perception of homesteading as a cherished part of our national narrative and most scholars harshly negative and dismissive treatment Homesteading the Plains reexamines old data and draws from newly available digitized records to reassess the current interpretation s four principal tenets homesteading was a minor factor in farm formation with most Western farmers purchasing their land most homesteaders failed to prove up their claims the homesteading process was rife with corruption and fraud and homesteading caused Indian land dispossession Using data instead of anecdotes and focusing mainly on the nineteenth century Homesteading the Plainsdemonstrates that the first three tenets are wrong and the fourth only partially true In short the public s perception of homesteading is perhaps more accurate than the one scholars have constructed Homesteading the Plainsprovides the basis for an understanding of homesteading that is startlingly different from current scholarly orthodoxy **New York Magazine** ,1987-08-17 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s

The Dust Rose Like Smoke James O. Gump, 2016 In 1876 Lakota and Cheyenne warriors annihilated Custer's Seventh Cavalry at Little Bighorn Three years later and half a world away a British force was wiped out by Zulu warriors at Isandhlwana in South Africa In both cases the total defeat of regular army troops by forces regarded as undisciplined barbarian tribesmen stunned an imperial nation Although the similarities between the two frontier encounters have long been noted James O Gump's book *The Dust Rose Like Smoke* is the first to scrutinize them in a comparative context This study issues a challenge to American exceptionalism he writes Viewing both episodes as part of a global pattern of intensified conflict in the latter 1800s resulting from Western domination over a vast portion of the globe Gump's comparative study persuasively traces the origins and aftermath of both episodes He examines the complicated ways in which Lakota and Zulu leadership sought to protect indigenous interests while Western leadership calculated their subjugation to imperial authority The second edition includes a new preface from the author revised and expanded chapters and an interview with Leonard Little Finger great great grandson of Ghost Dance leader Big Foot whose story connects Wounded Knee and Nelson Mandela

Faithful Labourers: A Reception History of Paradise Lost, 1667-1970 John Leonard, 2013-02-28 *Faithful Labourers* surveys and evaluates existing criticism of John Milton's epic *Paradise Lost* tracing the major debates as they have unfolded over the past three centuries Eleven chapters split over two volumes consider the key debates in Milton criticism including discussion of Milton's style his use of the epic genre and his references to Satan God innocence the fall sex nakedness and astronomy Volume one attends to questions of style and genre The first three chapters examine the longstanding debate about Milton's grand style and the question of whether it forfeits the native resources of English Early critics saw Milton as the pre eminent poet of apt Numbers and fit quantity whose verse is apt in the specific sense of achieving harmony between sound and sense twentieth century anti Miltonists faulted Milton for divorcing sound from sense late twentieth century theorists have denied the possibility that sound can enact sense These are extreme changes of critical perception and yet the story of how they came about has never been told These chronological chapters explain the roots of these changes and in doing so engage with the enduring theoretical question of whether it is possible for sound to enact sense Volume two considers interpretative issues and each of the six chapters traces a key debate in the interpretation of *Paradise Lost* They engage with such questions as whether *Paradise Lost* is an epic or an anti epic whether Satan runs away with the poem and whether it is good that he does so what it means to be innocent or fallen and whether Milton's poetry is hostile to women A final chapter on the universe of *Paradise Lost* makes the provocative argument that almost every commentator since the middle of the eighteenth century has led readers astray by presenting Milton's universe as the medieval model of Ptolemaic spheres This assumption which has fostered the notion that Milton was backward looking or anti intellectual rests upon a misreading of three satirical lines Milton's earliest critics recognized that
