Lost Childhood:

Lost Childhood Kapil Dev, Dipendra Nath Das, Sangeetha Esther, 2020-11-26 *Lost Childhood* explores the everyday lives of street children in India. It presents insights on their life on the streets to provide a comprehensive understanding of why they are driven to extreme means of livelihoods. This volume inquires into the histories of street children and discusses their socio-economic and socio-demographic characteristics to provide a sense of their living conditions. It sheds light on the social injustice experienced by these children, their health and hygiene, and also looks at the insecurities faced by the children in their interactions with the society. It uses detailed field research data to highlight issues that affect the lives of street children, such as education, gender discrimination, and their social networks. It suggests a way forward that would not only benefit street children but will also be of use to the community in understanding their lives, problems, and help explore this issue in further detail. The book will be useful to scholars and researchers of human geography, development studies, child development, urban poverty, and social justice. It will also be of interest to policymakers, social workers, and field workers who work with street children.

The Lost Childhood Yehuda Nir, 2007-04 The story of six years in the life of a Polish Jewish boy who, along with his mother and sister, survived World War II through cunning and guile.

The Lost Childhood: The Complete Memoir Yehuda Nir, 2007-04-01 This compelling memoir takes readers through the eyes of a child surviving World War II in Nazi-occupied Poland. As a nine-year-old, the author witnessed his father being herded into a truck never to be seen again. He, his mother, and sister fled to Warsaw to live in disguise as Catholics under the noses of the Nazi SS, constantly fearful of discovery and persecution. A sobering reminder of the personal toll of the Holocaust on Jews during World War II, this book is a harrowing portrait of one child's loss of innocence. This edition contains previously unpublished content from the original text.

Camelot Lost—Childhood's End Henry Rex Greene, 2024-09-24 In 1961, when President John F. Kennedy launched the U.S. effort to put rockets into space, high school senior Max King became interested in the space race honoring JFK's presidency and lofty goals. Max enters junior college but struggles at the beginning. He meets Jan Rosing in his zoology class, and it's love at first sight. She dumps her fiancé for Max, and they become study buddies. One thing leads to another, and the two transfer to UCLA in 1963. Max decides to join Jan as a pre-med zoology major. On November 22, 1963, they hear of JFK's assassination on the radio at school and are heartbroken. Like all of America, they spend the weekend watching TV and witness Lee Harvey Oswald's murder in real time. They connected their youthful idealism to Kennedy's promising Camelot presidency but move on with their studies. The next year, they are both accepted to medical school at UC CCM in downtown L.A. At the start of med school, they move into a cottage in El Sereno, which is where the author's previous book *The Bookmen* begins. The 1960s was an idealistic time for America. It also ushered in a profound loss of innocence for that generation.

The Lost Children Tara Zahra,2011-09-09 This impressive study charts the history of post WWII humanitarian relief demonstrating how the institutions of the family became politicized Library Journal During the Second World War an unprecedented number of families were torn apart As the Nazi empire crumbled millions roamed the continent in search of their loved ones The Lost Children tells the story of these families We see how the reconstruction of families quickly became

synonymous with the survival of European civilization itself Based on original research in German French Czech Polish and American archives *The Lost Children* is a heartbreaking and mesmerizing story It brings together the histories of eastern and western Europe and traces the efforts of everyone from Jewish Holocaust survivors to German refugees from Communist officials to American social workers to rebuild the lives of displaced children It reveals that many seemingly timeless ideals of the family were actually conceived in the concentration camps orphanages and refugee camps of the Second World War and shows how the process of reconstruction shaped Cold War ideologies and ideas about childhood and national identity This riveting tale of families destroyed by war reverberates in the lost children of today's wars and in the compelling issues of international adoption human rights and humanitarianism and refugee policies Fascinating *New Republic* A superb book A wide ranging exceptionally well researched study *Tablet Magazine* Zahra's work is insightful in considering what treatment of lost children can tell us about broader developments in the post war period both in terms of how nations interacted with each other and how psychologists understood the impact of war on children *Times Higher Education*
