Religious Leadership in National Political Conflict Lloyd Tichaenda Nyarota, 2013-03-07 It is one thing for a religious leader to confront and challenge political leaders it is altogether another thing when such a leader becomes a partisan political leader This is what happened in the case of Bishop Abel Tendekai a bishop of the United Methodist Church For such a religious leader to attempt to traverse both worlds political and religious are in some ways uncharted waters in other ways they are treacherous waters The pages which follow in this lucid and detailed volume is an effort to look back on the challenge and complexity of moving from colonialism to independence to the making of a new independent nation on the Continent of Africa What happens when the prophetic voice expected of and from the Church becomes the identified political entity How does it challenge itself or how is it distinguished from the political power it seeks to hold accountable on behalf of all the people These are several of the questions Nyarota tackles through the examination of the impact of the struggle for liberation upon the United Methodist Church its leader Bishop Muzorewa as both find themselves in the midst of nation building political struggle and the vying for political power

Religion and the Rise of Jim Crow in New Orleans James B. Bennett, 2016-06-28 Religion and the Rise of Jim Crow in New Orleans examines a difficult chapter in American religious history the story of race prejudice in American Christianity Focusing on the largest city in the late nineteenth century South it explores the relationship between churches black and white Protestant and Catholic and the emergence of the Jim Crow laws statutes that created a racial caste system in the American South The book fills a gap in the scholarship on religion and race in the crucial decades between the end of Reconstruction and the eve of the Civil Rights movement Drawing on a range of local and personal accounts from the post Reconstruction period newspapers and church records Bennett s analysis challenges the assumption that churches fell into fixed patterns of segregation without a fight In sacred no less than secular spheres establishing Jim Crow constituted a long slow and complicated journey that extended well into the twentieth century

Churches remained a source of hope and a means of resistance against segregation rather than a retreat from racial oppression. Especially in the decade after Reconstruction, churches offered the possibility of creating a common identity that privileged religious over racial status, a pattern that black church members hoped would transfer to a national American identity transcending racial differences. Religion thus becomes a lens to reconsider patterns for racial interaction throughout Southern society. By tracing the contours of that hopeful yet ultimately tragic journey, this book reveals the complex and mutually influential relationship between church and society in the American South, placing churches at the center of the nation's racial struggles. **African American Culture and Society After Rodney King** Josephine Metcalf, Carina

Spaulding, 2016-03-09 1992 was a pivotal moment in African American history with the Rodney King riots providing palpable evidence of racialized police brutality, media stereotyping of African Americans, and institutional discrimination. Following the twentieth anniversary of the Los Angeles uprising, this time period allows reflection on the shifting state of race in America, considering these stark realities as well as the election of the country's first black president, a growing African American middle class, and the black authors and artists significantly contributing to America's cultural output. Divided into six sections: The African American Criminal in Culture and Media, Slave Voices and Bodies in Poetry and Plays, Representing African American Gender and Sexuality in Pop Culture, and Society, Black Cultural Production in Music and Dance, Obama and the Politics of Race, and Ongoing Realities and the Meaning of Blackness, this book is an engaging collection of chapters varied in critical content and theoretical standpoints, linked by their intellectual stimulation and fascination with African American life and questioning how and to what extent American culture and society is past race. The chapters are united by an intertwined sense of progression and regression, which addresses the diverse dynamics of continuity and change that have defined shifts in the African American experience over the past twenty years. **Martin Luther King** Paul Harvey, 2021-11-01

Should take a prominent place on the shelf of literature about the man who changed 20th century America. Publishers Weekly Starred Review. In this new biography, distinguished historian Paul Harvey examines Martin Luther King's life through his complex, emerging religious lives. Harvey introduces many readers, perhaps for the first or only time, to the King of diverse religious and intellectual influences of an increasingly radical cast of thought and of a range of intellectual influences that he aligned in becoming the spokesperson for the most important social movement of twentieth-century American history. Not only does Harvey chronicle King's metamorphosis and its impact on American and African American life, but he seeks to explain his afterlives: how, in American culture, King became transformed into a mainstream civil saint, shorn of his radical religious critique of how power functioned in America. Harvey's concise biography will allow readers to see King anew in the context of his time and today. **Black Broadway in Washington, D.C.** Briana A. Thomas, 2018-09-10 A history of the African American neighborhood and its remarkable residents in our nation's capital. Before chain coffeeshops and luxury high rises, before even the beginning of desegregation and the 1968 riots, Washington's Greater U Street was known as Black

Broadway From the early 1900s into the 1950s African Americans plagued by Jim Crow laws in other parts of town were free to own businesses here and built what was often described as a city within a city Local author and journalist Briana A Thomas narrates U Street s rich and unique history from the early triumph of emancipation to the days of civil rights pioneer Mary Church Terrell and music giant Duke Ellington through the recent struggles of gentrification An engaging and compelling history A skillful storyteller Thomas brings the neighborhood s people to life and what a list of neighbors they are Marion Barry Cool Papa Bell Mary McLeod Bethune Ralph Bunche Stokely Carmichael Kenneth B Clark Anna Julia Cooper Rev Alexander Crummell Charles H Drew Paul Laurence Dunbar Edward Kennedy Duke Ellington E Franklin Frazier Bishop C M Sweet Daddy Grace the Grimk s Angelina Archibald and Francis Buck Leonard A Philip Randolph Mary Church Terrell and Carter G Woodson to name just a few Thomas makes them all and perhaps even more importantly many unknown everyday U Streeters fully alive Pick up her book and all doubts about the importance of the Nation s Capital for American life will disappear Blair A Ruble author of Washington s U Street A Biography

Black Zion Yvonne Patricia Chireau, Nathaniel Deutsch, 2000 This is an exploration of the interaction between African American religions and Jewish traditions beliefs and spaces The collection s argument is that religion is the missing piece of the cultural jigsaw and black Jewish relations need the religious roots of their problem illuminated

Race, Nation, and Religion in the Americas Henry Goldschmidt, Elizabeth McAlister, 2004-08-12 This collection of all new essays will explore the complex and unstable articulations of race and religion that have helped to produce Black White Creole Indian Asian and other racialized identities and communities in the Americas Drawing on original research in a range of disciplines the authors will investigate

- 1 how the intertwined categories of race and religion have defined and been defined by global relations of power and inequality
- 2 how racial and religious identities shape the everyday lives of individuals and communities and
- 3 how racialized

and marginalized communities use religion and religious discourses to contest the persistent power of racism in societies structured by inequality Taken together these essays will define a new standard of critical conversation on race and religion throughout the Americas
