Major Prophets Of To Day:

Major prophets of to-day Edwin Emery Slosson,1968

Major Prophets of To-day Edwin Emery Slosson,1914

Their Master's Voice Chris Woodall,2020-11-03 Of the five books that make up the Major Prophets in the Old

Testament three are amongst the largest of the Bible Isaiah Jeremiah and Ezekiel As if to underscore their Major status each one is significantly longer than the Minor Prophets combined Although the specific details of each prophet s contribution differ a more general overarching theme may be discerned in them all to remind their respective target audiences of their covenantal obligations The prevailing human condition throughout the ages ensures that while circumstances cultural development and technological advancements do change with time the underlying sinful disposition of mankind remains constant in every epoch Mercifully God s messages to both victim and perpetrator alike are similarly unchanging In the stream of progressive revelation it would be irresponsible simply to dip into the waters of the Old Testament and translate its lessons to our day without due process That process might include asking certain questions of the texts under consideration Are the lessons provided by these Old Testament saints applicable to us as Christians in the twenty first century Do their words still speak today Only if Christian believers are still prone to such folly as chasing disposable pleasures instead of choosing meaningful pursuits

Six Major Prophets Edwin E. Slosson,2022-09-16 In *Six Major Prophets* Edwin E Slosson offers a profound examination of the intellectual and social landscapes through the lens of six transformative thinkers The text is meticulously crafted to juxtapose scientific brilliance against the backdrop of early 20th century thought tracing the enduring impacts of these visionaries on the modern world The literary style is at once academic and accessible capturing the complex nuances of these figures philosophies without alienating the lay reader Slosson s work exists within the literary context of biographical exegesis dissecting the ethos of each thinker with a blend of admiration and scholarly critique nEdwin E Slosson a chemist turned discerning journalist and an erudite intellectual himself melds the precision of his scientific background with the eloquence of a seasoned writer This fusion is evident in the meticulous research and narrative clarity within *Six Major Prophets* Slosson s own journey from the laboratory to the newsroom infuses his prose with an empirical yet narrative driven style that makes the subject matter both captivating and educational His insight into the lives of the subjects is indicative of a mind deeply attuned to the symbiosis of science and philosophy and the societal ramifications of intellectual pursuits n *Six Major Prophets* is a compelling invitation to academia and laypersons alike to rediscover the foundational pillars of modern thought Slosson s narrative honors these titans of intellect and presents their legacies not as relics of a bygone era but as beacons that continue to illuminate pathways of innovation and intellectual discourse The text s revival by DigiCat Publishing bestows upon readers today an opportunity to engage with history s great minds challenging and enriching our current understanding with each turn of the page

The Seven Days Claire Wilcox, 2021-12-15 Anyone who has ever found the configuration of the Bible to be confusing will enjoy *The Seven Days Making Sense of the Bible's Structure* Claire Wilcox asks If all Scripture is God breathed then wouldn't the Bible's structure also be divinely inspired For both veteran and new readers of the Bible this book provides a thought provoking look at the creation that reveals God's plan for salvation woven throughout the structure of the Bible Its canonical sequence of sixty six books finally makes sense Rather than a stand alone narrative the first creation story of Genesis can be read as the thematic key to the God breathed structural organization of the Bible By correlating sense and structure to the entire biblical canon for each of the seven days of creation the author breaks new ground Discover great and hidden things that go far beyond anything you've ever known by using structural analysis to understand the Bible *Major Prophets of To-Day* Edwin Emery Slosson, 1916-01-30 Each age has its own prophets men who bring to it distinctive messages and present them in such effective form as to sway the currents of contemporary thought No age perhaps has had more diverse theories of life and the meaning of things presented to it than our own and certainly none has ever given such an opportunity for the original thinker to reach quickly a world wide audience as he can now through the medium of cheap books and free schools This volume originated in my own desire to find out what was being said by certain persons who I had reason to believe were worth attention But unless one is abnormally selfish he always wants to introduce others to an interesting acquaintance It is then simply as introductions that I would wish the following chapters to be taken In one way or another such men are influencing the thought of all of us but since we mostly get their philosophy at second hand or at third fourth or nth hand we fail to recognize its origin and are apt to misconceive its intent Ideas that reach us in fragmentary form and often after multiple translation through minds sometimes alien or hostile are not very useful It is always safer to drink at the source I have endeavored to give some idea of the scope and character of each man's work so that the reader may judge for himself whether it is profitable for him to follow up the acquaintance If he does he will find at the end of the chapter
