Major Political Events In South Africa 1948 1990:

Political Leadership in an Era of Decolonisation Malcolm Murfett, 2023-11-10 What is leadership and why is it so important In what ways does it look very different in different contexts and in what ways does it look the same Malcolm Murfett brings together a range of emerging and established scholars to examine these questions in light of some of the mid twentieth century s most intriguing national leaders In a series of striking biographical chapters lessons are drawn from the apartheid era in South Africa Lee s remarkable socio economic transformation of Singapore Castro s revolutionary overhauling of Cuba and the playing out of Bandaranaike s populist agenda in Sri Lanka The book illuminates what Brezhnev and Nixon were looking for in the Cold War and what happened when the people turned against Nyerere in Tanzania the Shah in Iran and Ceau escu in Romania These case studies address what leadership meant for the individuals whose record in power is being examined These are not idealised portraits of how to do leadership but warts and all portrayals of exceptional individuals who scrabbled their way to the top and stayed there for several years during a period of great change Business schools have long studied the theoretical axioms of corporate leadership What this book does however is to move beyond the theory into the practical realm of politics and statecraft This is a fascinating book on leadership that will be of interest for students researchers and practitioners studying leadership in business and politics as well as for students of global history decolonisation and the Cold War *The Statesman's Year-Book 1993-94* B.
