Majority Rule In International Organization

Richard Collins, Nigel D. White

Majority Rule In International Organization:

Majority Rule in International Organization Cromwell Adams Riches, 1940 SCOTT Copy 1 From the John Holmes Library Collection The Law of International Organisations N. D. White, 2005 This new edition considers the legal concepts that have emerged from a wider political debate to govern vastly differing inter governmental organisations ranging from the UN to the EU **Sovereign (In) Equality in International Organizations** Athena Debbie Efrain, 2021-10-25 This book

challenges the dominant intellectual assumptions of mainstream international law scholarship regarding the principle of Sovereign Equality The animus and scope of this challenge is situated in the context of the decision making processes in International Governmental Organizations IGOs which employ the one state one vote and or the weighted voting rule Using the theories of Functionalism and Legitimacy to analyze the legal implications and complications of the principal voting mechanisms and voting practices of certain key IGOs vis vis the doctrine of Sovereign Equality the author establishes that this doctrine has remained far too orthodox for contemporary realities In this context she emphasizes the importance of the necessity for functional legitimate decision making processes in global governance and accordingly advocates the elimination of the anachronistic and non viable principle of Sovereign Equality from international institutional law The author also rejects the introduction of any new principle in IGOs e g democratic governance which will render decision making even less functional

An Introduction to International Organizations Law Jan Klabbers, 2015-04-23 The third edition of this market leading textbook previously called *An Introduction to International Institutional Law* is written in a clear three part structure It is centred on the dynamics of the relationships between international organisations and their organs staff and the outside world It discusses the essential topics of the law of international organisations including powers finances and privileges and immunities as well as membership rules institutional structures and accountability The newly revised text has been updated extensively to reflect the entry into force of the EU s Lisbon Treaty and Croatia s accession and new articles on the responsibility of international organisations The chapters have also been reorganised for further clarity Two new chapters on the international civil service and the relations between organisations and other institutions respectively have been added

International Organizations and the Idea of Autonomy Richard Collins, Nigel D. White, 2011-04-20 This volume explores the idea of intergovernmental organizations as autonomous international actors Including contributions from leading scholars in the fields of international law politics and governance it addresses themes of institutional autonomy in international law and governance from a range of theoretical and subject specific contexts The collection looks internally at aspects of the institutional law of international organizations and the workings of specific regimes and institutions as well as externally at the proliferation of autonomous organizations in the international legal order as a whole **A Theory of**

International Organization Liesbet Hooghe, Tobias Lenz, Gary Marks, 2019-08-29 Why do international organizations IOs look so different yet so similar The possibilities are diverse Some international organizations have just a few member states

while others span the globe Some are targeted at a specific problem while others have policy portfolios as broad as national states Some are run almost entirely by their member states while others have independent courts secretariats and parliaments Variation among international organizations appears as wide as that among states This book explains the design and development of international organization in the postwar period It theorizes that the basic set up of an IO responds to two forces the functional impetus to tackle problems that spill beyond national borders and a desire for self rule that can dampen cooperation where transnational community is thin The book reveals both the causal power of functionalist pressures and the extent to which nationalism constrains the willingness of member states to engage in incomplete contracting The implications of postfunctionalist theory for an IO s membership policy portfolio contractual specificity and authoritative competences are tested using annual data for 76 IOs for 1950 2010 Transformations in Governance is a major academic book series from Oxford University Press It is designed to accommodate the impressive growth of research in comparative politics international relations public policy federalism environmental and urban studies concerned with the dispersion of authority from central states up to supranational institutions down to subnational governments and side ways to public private networks It brings together work that significantly advances our understanding of the organization causes and consequences of multilevel and complex governance The series is selective containing annually a small number of books of exceptionally high quality by leading and emerging scholars The series targets mainly single authored or co authored work but it is pluralistic in terms of disciplinary specialization research design method and geographical scope Case studies as well as comparative studies historical as well as contemporary studies and studies with a national regional or international focus are all central to its aims Authors use qualitative quantitative formal modeling or mixed methods A trade mark of the books is that they combine scholarly rigour with readable prose and an attractive production style The series is edited by Liesbet Hooghe and Gary Marks of the University of North Carolina Chapel Hill and the VU Amsterdam and Walter Mattli of the University of Oxford

Rethinking the Sources of International Law Godefridus J. H. Hoof, 1983-01-01 Deals with the concept of sources of international law

Research Handbook on the Law of International Organizations Jan Klabbers, Asa Wallendahl, 2011-05 This pioneering Research Handbook with contributions from renowned experts provides an overview of the general doctrines making up the law of international organizations The approach of this book is taken from a novel perspective that of the tension between functionalism and constitutionalism In doing so this Handbook presents not only practically relevant information but also provides a tool for understanding the ways in which international organizations work It has separate chapters on specific constitutional topics and on two specific organizations the EU and the UN Research Handbook on the Law of international Organizations will be of particular interest to academics and graduate students in the fields of international law international politics and international relations

International Organization Volker Rittberger, Bernhard Zangl, Andreas Kruck, Hylke Dijkstra, 2019-01-17 The third edition of this popular core textbook provides

wide ranging coverage of the structure internal working policies and performance of international organizations such as the UN EU IMF and World Bank Such organizations have never been so important in addressing the challenges that face our increasingly globalised world This book introduces students to theories with which to approach international organizations their history and their ability to respond to contemporary issues in world politics from nuclear disarmament climate change and human rights protection to trade monetary and financial relations and international development Underpinning the text is the authors unique model that views international organizations as actual organizations Reacting to world events political actors provide the inputs which are converted by the political systems of these organizations through various decision making procedures into outputs that achieve varying levels of real world impact and effectiveness This is the perfect text for undergraduate and postgraduate students of politics and international relations taking courses on International organization and global governance as well as essential reading for those studying the UN the EU and Globalization New to this Edition Draws on the most recent research in the field and considers some of the significant world events of the last decade to ensure that the book is completely up to date Two separate chapters considering Trade and Development and Finance and Monetary Relations respectively Fully accounts for the challenges to international organizations by the emerging powers the Trump administration and Brexit

The Structure and Process of International Law Ronald St. John Macdonald, Douglas M. Johnston, 2024-03-11 This wide ranging series provides expert insights into the most fundamental aspects of public international law and has for many years made a major contribution to the international debate on legal issues affecting the world community

Embracing the Beat of Expression: An Mental Symphony within **Majority Rule In International Organization**

In a world eaten by monitors and the ceaseless chatter of immediate communication, the melodic beauty and mental symphony created by the published term frequently disappear in to the backdrop, eclipsed by the persistent noise and distractions that permeate our lives. But, set within the pages of **Majority Rule In International Organization** a marvelous fictional prize full of fresh feelings, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, this fascinating masterpiece conducts visitors on a psychological journey, well unraveling the concealed tunes and profound influence resonating within each cautiously constructed phrase. Within the depths of the emotional examination, we will explore the book is key harmonies, analyze its enthralling writing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
