the wheel of fortune If Chins Could Kill Confessions of a B Movie Actor documents my time in blue collar Hollywood where movies are cheap the hours are long and the filmmaking process can be very personal To keep up with the times I ve digitized Chins It was originally published in hardcover analog fifteen years ago which is a vast amount of time in the evolution of books and technology and it was time to get current The advance of technology is great for a book like this which is jammed full of pictures When it came out originally the photographs all had to be black and white and moderately sized on the page Now any photo that was originally taken in color can strut its stuff Overall the resolution of the images is off the charts better than the first go around This is one sequel that I m happy to be a part of since we could make so many technical improvements The process was very similar to restoring an old movie Since I knew that it was going to be reissued I also had a look at the story being told and decided to condense move or clarify some chapters all or in part I also tried to add a hint of historical context since it has been a decade and a half since Chins first came out I hope you enjoy it Regards Bruce Campbell
