**Metamodernism in Contemporary British Theatre** Tom Drayton, 2024-10-03 Postmodern theatre is dead A new theatre is rising one that combines the well worn postmodern aesthetics of irony detachment and deconstruction with a paradoxical interest in authenticity engagement and reconstruction Whilst recent scholarship has treated these evolving interests as unrelated shifts in performance aesthetics this volume proposes a new understanding that these are part of a wider emerging cultural paradigm metamodernism *Metamodernism in Contemporary British Theatre* is the first book to focus on metamodernism and performance offering a pioneering framework by which to identify and understand metamodern theatre By drawing critical links between the works of performance theorists such as Anne Bogart and Andy Lavender and the metamodern as defined by Timotheus Vermeulen and Robin van den Akker this book makes a clear vital and urgent case for the use of the term metamodernism within mainstream theatre scholarship Focussing on small scale theatre companies across the UK including Poltergeist YESYESNONO Middle Child and The Gramophones many of whom have not been documented in academia before this book also provides a unique analysis of the theatre made by British millennials a generation who have been distinctly affected by specific structures of contemporary precarity coinciding with this wider cultural shift Through this *Metamodernism in Contemporary British Theatre* makes a crucial contribution towards understanding emergent developments in post millennial theatre practice across Britain and beyond *The Great European*

*Stage Directors Volume 6* Clare Finburgh Delijani, Peter M. Boenisch, 2021-10-07 This volume examines the work of Joan Littlewood Giorgio Strehler and Roger Planchon demonstrating how these three directors take up key aesthetic prompts from earlier innovators Stanislavski the modernist avant garde and not least Brecht and thereby prepare the ground for contemporary politically engaged directors theatre It argues that in creating their major productions in the prosperous glorious decades that followed the devastation of the Second World War they represent a first expressly European generation of theatre directors Revisiting works from the classical dramatic canon by drawing on popular theatre traditions and reaching out to spectators beyond the educated middle class elite they put theatre in the service of uniting a traumatized continent This study posits that for Littlewood Strehler and Planchon theatre has the capacity to create communities

studies      **The Cambridge Companion to Brecht** Peter Thomson, Glendyr Sacks, 2006-12-21 This updated Companion offers students crucial guidance on virtually every aspect of the work of this complex and controversial writer. It brings together the contrasting views of major critics and active practitioners and this edition introduces more voices and themes. The opening essays place Brecht's creative work in its historical and biographical context and are followed by chapters on single texts from *The Threepenny Opera* to *The Caucasian Chalk Circle* on some early plays and on the *Lehrstücke*. Other essays analyse Brecht's directing, his poetry, his interest in music and his work with actors. This revised edition also contains additional essays on his early experience of cabaret, his significance in the development of film theory and his unique approach to dramaturgy. A detailed calendar of Brecht's life and work and a selective bibliography of English criticism complete this provocative overview of a writer who constantly aimed to provoke.      Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 *Reader's Guide to Literature in English* provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo-Saxon times to the current American, British and Commonwealth scene. It is designed to help students, teachers and librarians choose the most appropriate books for research and study.      Dramatic Theories of Voice in the Twentieth Century Andrew Kimbrough, 2010      Rebels with a Cause in Contemporary Spanish Women Playwriting Anthony Pasero O'Malley, 2022-09-06 This book examines a selection of plays from four innovative women playwrights of the first two decades of 21st-century Spain. By foregrounding female characters as the subjects and protagonists of their plays, Mar Gmez, Glez Carolina, Lucía Miranda and Marta Buchaca reinscribe the stage as a space for the productive exploration of female autonomy and individuation. This book further investigates the use of the platform of the theatre and the expressive possibilities therein to portray the realities of gendered oppression and efforts to define subjectivity within a social context where confining patriarchal and dominant cultural conditions place severe strictures on women's open search and development of selfhood and identity. The diversity of genres deployed in their respective approaches, spanning the subversion of realist conventions, the framework of historical drama, the communal potentialities of forum theatre and experiential site-specific production, point to important innovations in contemporary stagecraft and performance.      **Dramatic Spaces** Jennifer Low, 2015-07-16 For literary scholars, plays are texts; for scenographers, plays are performances. Yet clearly a drama is both text and performance. *Dramatic Spaces* examines period-specific stage spaces in order to assess how design shaped the thematic and experiential dimensions of plays. This book highlights the stakes of the debate about spatiality and the role of the spectator in the auditorium if audience members are co-creators of the drama, how do they contribute? The book investigates Roman comedy and Shakespearean dramas in which the stage space itself constituted the primary scenographic element and actors' bodies shaped the playing space more than did sets or props; the use of paid applauders in nineteenth-century Parisian theaters and how this practice reconfigured theatrical space; transactions between stage designers and spectators including work by Lszl Moholy-Nagy; William Ritman

and Eiko Ishioka Dramatic Spaces aims to do for stage design what reader response criticism has done for the literary text with specific case studies on Coriolanus The Comedy of Errors Romeo and Juliet Tales of Hoffman M Butterfly and Tiny Alice exploring the audience s contribution to the construction of meaning     Theatre Studies: The Basics Robert Leach,2013-07-18 Now in a second edition Theatre Studies The Basics is a fully updated guide to the wonderful world of theatre The practical and theoretical dimensions of theatre from acting to audience are woven together throughout to provide an integrated introduction to the study of drama theatre and performance Topics covered include dramatic genres from tragedy to political documentary theories of performance the history of the theatre in the West acting directing and scenography With a glossary chapter summaries and suggestions for further reading throughout Theatre Studies the Basics remains the ideal starting point for anyone new to the subject
