Makers Of The Modern Theological Mind Rudolf Bultmann:

Rudolf Bultmann Morris Ashcraft, 2016-01-01 How does modern science respond to the obsolete language of Scripture Bultmann's lifelong task as a devout Lutheran was to demythologize the Bible's message so people could hear the Christian gospel and respond authentically He expands on the form criticism of Hermann Gunkel and Martin Dibelius About the Makers of the Modern Theological Mind series Who are the thinkers that have shaped Christian theology in our time This series tries to answer that question by providing a reliable guide to the ideas of the men who have significantly charted the theological seas of our century Each major theologian is examined carefully and critically his life his theological method his most germinal ideas his weaknesses as a thinker his place in the theological spectrum and his chief contribution to the climate of theology today Rudolf Bultmann Morris Ashcraft, 1975 **Søren Kierkegaard** Elmer H. Duncan, 2016 Søren Kierkegaard 1813-1855 little known or read outside of Denmark in his own day has come to be widely appreciated for his affirmation of the Christian faith and his critique of the human condition He is responsible for one of the major currents of twentieth century thought existentialism which emphasizes the priority of existence over essence Christian existentialism appropriated his insights for theology and ethics stressing human experience freedom and the commitment of faith Elements of his approach are found in Karl Barth Paul Tillich Emil Brunner Rudolf Bultmann Reinhold Niebuhr and Karl Rahner Kierkegaard tried to clarify for his contemporaries the nature of Christianity stressing that no philosophical system could explain the human condition He emphasized the subjectivity of truth and could not refrain from attacking the cold formality and indifference of the state church of his day In this book Dr Duncan guides the reader critically and skillfully through Kierkegaard's life and works Book jacket The Routledge Encyclopedia of the Historical Jesus Craig Evans, 2014-01-14 This Encyclopedia brings together the vast array of historical research into the reality of the man the teachings the acts and the events ascribed to him that have served as the foundational story of one of the world's central religions This kind of historiography is not biography The historical study of the Jesus stories and the transmission of these stories through time have been of seminal importance to historians of religion Critical historical examination has provided a way for scholars of Christianity for centuries to analyze the roots of legend and religion in a way that allows scholars an escape from the confines of dogma belief and theological interpretation In recent years historical Jesus studies have opened up important discussions concerning anti-Semitism and early Christianity and the political and ideological filtering of the Jesus story of early Christianity through the Roman empire and beyond Entries will cover the classical studies that initiated the new historiography the theoretical discussions about authenticating the historical record the examination of sources that have led to the western understanding of Jesus teachings and disseminated myth of the events concerning Jesus birth and death Subject areas include the history of the historical study of the New Testament major contributors and their works theoretical issues and concepts methodologies and criteria historical genres and rhetorical styles in the story of Jesus historical and

 of the Roman Empire *High-church Baptists in the South* James E. Tull, 2000 James E. Tull's study and critique of the
 history and teachings of Landmarkism has established itself as a classic treatment of this important movement This present
 version of that study is the revised condensed and updated edition of Tull's 1960 original Tull did not finish the revision
 before he died in 1989 but Morris Ashcraft has now completed that task according to Tull's directions and notes Ashcraft has
 also added a helpful preface With this new edition of Tull's invaluable work on Landmarkism a new generation of historians
 students and all seeking to understand Baptists have at hand a most helpful teacher Tull on Landmarkism *20th-Century
 Theology* Stanley J. Grenz, Roger E. Olson, 2010-01-26 Stanley J. Grenz and Roger E. Olson offer a sympathetic guide and a
 critical assessment of the significant theologies and theologians of the 20th century They trace the shifts in theology as it
 has moved back and forth between God's immanence and God's transcendence **RUDOLF BULTMANN** Adriano da Silva
 Carvalho, 2024-11-13 The work of theologian Rudolf Bultmann is often judged without due consideration of the historical and
 personal circumstances in which it occurred It is forgotten that theology is always carried out in a specific context Thus this
 book aims to do justice to this theologian by recognizing the relevance of his hermeneutical method It will be demonstrated
 that demythologization is a powerful exegetical apologetic operation because at the same time that it points to the
 mythological layer that covers the text of the New Testament it emancipates it from myth The next step will be to show that
 by recognizing a mythological envelope covering the text of the New Testament Bultmann intended to prove that the
 mythological vision itself had a fundamentally existential purpose This is because mythological language does not present an
 objective image of the world as it is on the contrary it seeks to communicate the understanding that man has of himself in the
 world in which he lives Therefore the myth should be interpreted not cosmologically but anthropologically or better still
 existentially It is therefore from this perspective that Bultmann seeks to highlight the relevance of the message of the New
 Testament **Faith at the Intersection of History and Experience** Brent A. R. Hege, 2009-01-01 This present study is
 the first in English Georg Wobbermin 1869-1943 who has been called a captain of the liberal rearguard Widely read and
 discussed in his own lifetime Wobbermin's theology fell into obscurity as dialectical theology rose to prominence in the years
 following the First World War *Faith at the Intersection of History and Experience* presents the major themes of Wobbermin's
 theology particularly his analysis of the relationship between faith and history and his development of a religio psychological
 theological method that places faith at the intersection of history and experience Wobbermin's critiques of recent and
 contemporary approaches to the problem of faith and history and his attention to theological method reveal a sustained effort
 to continue what he called the Luther-Kant-Schleiermacher line of Protestant theology The consistent emphasis in

Wobbermin's theology is on the systematic interrelation of objectivity and subjectivity an approach he considered to be a faithful continuation of the Reformation but one that invited conflict with the dialectical theologians chiefly Karl Barth Wobbermin's debates with Barth on issues of method reveal a vibrant and sophisticated liberal theology co existing with the dialectical theology that is conventionally assumed to have eclipsed it over a decade earlier Building on work that has been done primarily in German this study of one of the forgotten theologians of the early twentieth century appears as more German British and American theologians and historians are returning to this period of theology with renewed interest and fresh questions and it addresses an often neglected period of modern Protestant thought in histories currently available in English

Baptist Theology James Leo Garrett, 2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world

and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal

Friedrich Schleiermacher C. W. Christian, 1979 Blending elements of biography systematic analysis and a concern for contemporary relevance Dr C W Christian has produced a long needed study of the man who is perhaps the most influential thinker since Luther and Calvin It is no mere matter of convenience to call Friedrich Daniel Ernst Schleiermacher 1768 1834 the Father of Modern Theology says Dr Christian He is one of the very small group of theologians who have given birth not to a new theology or to a new school but to a new era One of the first thinkers to deal profoundly and effectively with the challenges that science and technology brought to traditional religion Schleiermacher made it his lifelong commitment to seek a new foundation and a new basis for religious authority one that could not be shaken by each successive discovery or invention This book presents in readily available form the basic

substance of Schleiermacher's theology focusing on his major theological writings the *Speeches on Religion* and *The Christian Faith* clarifying and evaluating his thought and suggesting the elements of permanent inheritance received from him by 20th century Christianity No theologian not even Barth the author declares has directed theology toward the concerns of the church with more determination As much a forerunner of current neo Protestant theology as he was of liberalism Schleiermacher expressed through a profound Christocentrism the personal piety which originated in his childhood within the Moravian movement At the same time he took seriously the world about him not as an alien culture but as a field for valid religious reflection This study offers a balanced portrait of both the personal and cultural dimensions of Schleiermacher's legacy As a product of careful scholarship and original insights it will commend itself to theologians and historians As a stimulating narrative that traces the rise of so many of the issues of concern to the church today it offers invaluable content for ministers and lay readers as well Publisher **Emil Brunner** Mark G. McKim, 1996 After an essay sketching Brunner's life and major theological contributions the bibliography is divided into parts on works written by Brunner edited by Brunner written by Brunner jointly with others prefaces and forewords and book reviews by Brunner as well as secondary sources For scholars in religious studies Annotation copyright by Book News Inc Portland OR

Religious Book Review, 1978 **Old Testament Theology** Ben C. Ollenburger, 2004 In this extensively revised and updated edition of *The Flowering of Old Testament Theology* Professor Ollenburger provides help for beginning theological students who are frequently overwhelmed by the proliferation of volumes dealing with Old Testament theology to say nothing of the variety of approaches used in these works This textbook has been re issued with a new title *Old Testament Theology Flowering and Future* Selected essays include key theological statements of Otto Eissfeldt Walther Eichrodt Theodor C Vriezen George E Wright Gerhard von Rad Walther Zimmerli John L McKenzie Ronald E Clements Walter C Kaiser Jr Samuel L Terrien Claus Westermann Brevard S Childs Rolf Knierim Horst D Preuss Walter Brueggemann Paul R House Bernhard W Anderson Erhard S Gerstenberger Hartmut Gese Phyllis Trible Jon D Levenson John H Sailhamer Gunther H Wittenberg James Barr R W L Moberly and Mark G Brett An appendix contains Johann P Gabler's 1787 seminal essay on biblical theology An extensive bibliography and indexes of authorities and Scripture references conclude the volume Publisher **Religious Books and Serials in Print 1978-1979** R.R. Bowker Company. Department of Bibliography, 1978-11 **Christian Faith as Religion** Paul E. Capetz, 2011-05-26 *Christian Faith as Religion* investigates the theologies of John Calvin and Friedrich Schleiermacher with respect to the questions What is Religion and What is Christian Religion The author argues that the classical and liberal exemplars of Protestant theology are best compared when these two questions are thoroughly examined and calls into question the contention of neo orthodox theologians Karl Barth and Emil Brunner that Schleiermacher's theological use of the category religion signifies a departure from the tradition of the Reformation He offers a revised comparative framework that discloses the material and formal similarities between Calvin and Schleiermacher with respect

to their employment of the categories religion and revelation and allows the historical theologian to delineate the trajectory that accounts for both continuity and discontinuity in the transition from classical to modern Protestant theology This allows the systematic hermeneutical question of a contemporary Protestant theology informed by the historical and philosophical study of religion to be taken up anew
