Making Capitalism Work:

Making Capitalism Work Leonard Silk, Mark Silk, 1996-11-01 In 1995 Republicans came to power in the United States with an ambitious program proposing to embrace a degree of laissez faire economics unknown for generations anywhere in the industrialized world Simultaneously politicians entrepreneurs and economists championed the new bastions of unregulated capitalism that sprung up in such unfamiliar precincts as Beijing and Moscow Yet to date many free market economic policies be it in Prague or here in America have not lived up to their initial promises In fact it has become a common joke in Russia that capitalism has succeeded in making communism look good a feat unaccomplished by the Kremlin in its 70 year reign In *Making Capitalism Work* Leonard and Mark Silk analyze the failures and successes of capitalism as seen most recently in the former Soviet Bloc Japan China the European Community and the United States While recognizing that capitalism has been successful in a number of countries the authors point out that overly simplistic policies advocating an unfettered capitalism ignore too large a range of issues central to the formation of any moral economic system Viewing capitalism as simply one of a number of economic systems Leonard and Mark Silk address such issues as the obligation of the rich to the poor the responsibility of the state to insulate its citizens from market fluctuations the responsibility of present generations to provide for future ones and whether economic systems can set the proper extent and limits of individual rights and freedoms An important concise thought provoking book this is the last book Leonard Silk wrote before his death late last year and has been completed here by his son Mark

Spencer, 2022-01-19 Is work a primordial curse Or a spiritual calling Or is it a tedious necessity that technology will abolish freeing us to indulge lives of leisure In this book David A Spencer argues that work is only an alienating burden because of the nature of work under capitalism He makes the case not for the abolition of work which can remain a source of meaning and dignity but for its lightening Engaging with thinkers ranging from Marx and William Morris to Keynes and Graeber he rejects the idea that high quality work can only be open to a few while the majority are condemned to menial tasks and sets out an agenda for shortening the working week while also making work a site of creativity usefulness and joy for all This erudite book sets out a compelling agenda for radical change It s essential reading for anyone interested in the future of their work *Making Capitalism Work* Dexter Merriam Keezer, 1950 A joint product of the members of the Department of Economics of the McGraw Hill Publishing Company *Study of Reconstruction Finance Corporation, Hearings Before a Subcommittee of ...*, 81-2 ...
