

Three Act Structure

Syd Field was the mastermind behind the three-act structure. He was the author of play script and also the Screen Writer's book, so had come up with the paradigm that most screenplays nowadays follow.

The paradigm is very important as it's what holds screenplays together.

Referring back to Fields model, the screenplays follow a three-act structure, which means the playscript is sectioned into 3 parts: Setup, Confrontation, and determination.
