Forces and Motion Lerner Classroom Editors, 2008-01-01 FUERZAS Y MOVIMIENTO FORCES AND MOTION TEACHING GUIDE Integrative Strategies for the K-12 Social Studies Classroom Timothy Lintner, 2013-03-01 While the concept of integration or an interdisciplinary curriculum has been around for decades the purposeful practice of integration is a relatively new educational endeavor Though classroom teachers often say they integrate there generally seems to be a lack of understanding of what this thing called integration is theory and what it is supposed to look like in the classroom practice Arguably no other discipline has felt the pressure to integrate more than social studies Marginalized by federal initiatives such as No Child Left Behind and suffering from a general crisis of credibility social studies has been pushed further and further to the proverbial back burner of educational importance Yet regardless of perspective or position social studies remains ripe for integration The crux of this book is to provide educators insights and strategies into how to integrate social studies with other discipline areas Calling upon national experts in their respective fields each chapter chronicles the broad relationship between individual content areas and social studies Multiple examples of integrative opportunities are included At the end of each chapter is a series of grade specific integrative lesson plans ready for implementation This book was purposefully designed as a how to hands on ready reference guide for educators at all stages and all levels of teaching

Soaring Through the Universe Joanne Letwinch, 1999-03-15 Teach the basics of astronomical and space science using lively retellings of traditional folktales and quality children s literature Reproducible activities and project ideas that meet NSTA standards combine stories and facts with language arts math science art and music using the multiple intelligences approach An extensive bibliography and other resources such as addresses for Web sites and organizations in the area of astronomy and space science are included Grades 3 6 adaptable to other levels

Nonfiction Readers Theatre for Beginning Readers Anthony D. Fredericks, 2007-04-30 Teachers and librarians are continually looking for an interesting fun way to input content knowledge to build that background information which will help push up student expository reading scores Nonfiction readers theatre is one way to accomplish this Professor Fredericks offers 30 short nonfiction readers theatre plays for the young reader grades 1 3 on topics ranging from earth and natural science to community helpers holidays and government Test scores across the country show American students are far more able to read narrative than nonfiction text Some research speculates this is due to a great lack in the background knowledge of many children Librarians are beginning to realize that a unique fit for the school librarian is as a provider of background knowledge materials for teachers to use **The Nature of Matter Gr. 5-8**, Comparing Communities, 1993 Provides third grade students with a view of the geography history economy and government of communities within the United States and in other countries
