Making Of A Christian Mind:

The Making of a Christian Mind Arthur Frank Holmes,1985 **The Making of the Christian Mind** Gaius Glenn Atkins,1929 **The Making of the Christian Mind** Gaius Glenn Atkins,1931 **The Making of the Christian Mind: the Adventure of the Paraclete** James Patrick,2021

Dr James Patrick has spent his life teaching and in this book he seeks to tell on a larger scale the story of the Christian mind as it developed according to what he refers to as the adventure of the Holy Spirit. Indeed the Christian mind moved from faithful intuition to writing and composing original ideas of concrete truths and this in turn led to inspired foundations upon which a new kind of world became possible. Patrick does not wish the reader to think the Christian mind has ever intended to create utopia on earth or to proselytize rather that the dynamic Christian intellect indicates a human heart made new and from this newness still spring horizons of hope and culture. This is not a history of dogma or systematic account of the building of doctrine. It is a narrative that follows the major moments wherein the Christian heart so in tune with the Paraclete has rendered the seminal texts and literature of this new culture from the Didache to the Rule of Saint Benedict and The Consolation of Philosophy. Patrick succeeds in presenting a narrative that reads more like the experience lived by those directly involved in its realization and although he cannot include every individual accomplishment of the major Christian writers he illuminates the context in which Christianity was born and how faith grew and allowed itself to be shaped by its participation in the adventure and its grasp of objective truth. The Christian mind is says Patrick not only inspired and moved by the restless Paraclete but revolves around the event of Jesus Christ. Christian history is therefore best understood not simply as chronology of events but as the vision of the new heart in time one that strives to be like that of the one who sent the Spirit into history. Patrick writes with a voice of a teacher and although this work is very well referenced and accurate he does not intend this work to be a scholarly presentation of data and careful arguments nor does he include every aspect of this intellectual faith journey of Christianity found in writing. As a comprehensive review Patrick acknowledges the limitations of his own project to tell a complete story. Nevertheless The Making of the Christian Mind accomplishes the no less formidable feat of illustrating the vivacious quality of the authentic Christian intellectual life. Christianity is a survivor not because it possessed the instruments of power but because as Jesus of Nazareth said before Pilate the foundation of the Kingdom is truth its instruments of conquest are its renewing gifts its consequences are the substitution of truth for error and ignorance of faith for skepticism humility for pride and of charity and friendship for emulation all this realized never perfectly but always as possibilities having the power to make all things new. This work is divided into three volumes of which the present work is the first. Highlights of this first volume The Waiting World include following revelation as it first moved uncertain hearts to write and then to offer explicit witness. In this first installment Patrick sets the groundwork for following the faith and history of Israel to Justin Martyr's great claim that what is true belongs to Christians.

Christian Mind in the Emerging World Peter Tze Ming Ng, Wing Tai Leung, Vaughan King Tong Mak, 2018-10-31 In response to challenges from the emerging world this book brings together essays that discuss and exemplify various related approaches to academic faith integration and explore how Christian faith should underpin scaffold and frame our understanding of academic disciplines leading to practical implications for work or action in modern society and culture Written by Christian scholars and practitioners from diverse backgrounds including the USA the UK Australia China Hong Kong South Korea and the Philippines the contributions here all contribute a global perspective while addressing some specific issue or case in the context of Asia They represent ingenious endeavors that illustrate the workings of a faith integrated approach in domains as wide as higher education business science psychology and counseling politics environment media social services leadership research and technology This volume will inform and inspire the reader into cross cultural and inter disciplinary studies particularly of religion education culture society and worldview

Metropolitan Pulpit and Homiletic Monthly, 1929 *Michael Oakeshott on Hobbes* Ian Tregenza, 2016-08-03 Michael Oakeshott is widely recognised to be one of the most original political philosophers of the twentieth century He also developed a very influential interpretation of the ideas of the great seventeenth century philosopher Thomas Hobbes While many commentators have noted the importance of Hobbes for understanding Oakeshott's thought itself this is the first book to provide a systematic interpretation of Oakeshott's philosophy by paying close attention to all facets of Oakeshott's reading of Hobbes On the surface Oakeshott the philosophical idealist and critic of rationalism in politics would seem to have little in common with Hobbes who is often regarded as a classic materialist and rationalist philosopher This work shows however that despite appearances there are many basic affinities between the two thinkers and that Oakeshott brought to the surface aspects of Hobbes's thought that had previously been overlooked by Hobbes scholars The development of Oakeshott's own theory is shown to mirror changes in his reading of Hobbes and many of the distinctive features of Oakeshott's thought including the modal and sceptical conception of human knowledge the morality of individuality the theory of civil association and the critique of rationalism all find a fascinating focal point in his writings on Hobbes Some attention is also paid to Oakeshott's religious ideas indicating what they share with Hobbes's philosophy of religion The book situates Oakeshott's reading in relation to some other important twentieth century interpretations of Hobbes and examines its significance for broader debates in political theory and the history of ideas *Branch Library Book News ...* New York Public Library, 1927

Philosophy, Who Needs It? Jason D. Crowder, 2016-03-02 Too often skeptics charge Christians with having a blind faith Unfortunately believers have added fuel to the charges of skeptics by speaking of their faith illogically But the Christian faith is not a blind faith In fact biblical faith is never a blind irrational faith Christianity rests firmly on the stone that was rejected by the builders which has become the cornerstone Jesus Christ Acts 4 11 Living

biblically requires thinking biblically just as to think biblically entails to live biblically as Winfried Corduan notes in the Foreword As followers of Christ believers cannot separate biblical thinking and biblical living These two behaviors are eternally connected not only in the person of Jesus Christ but they stem from the eternal being of God the Father and his eternal truth Christ mandates that his followers love God with their entire being heart soul mind and strength Mark 12 30 How are believers to go about living out this biblical mandate Christian faith is a warranted belief This is why it is so essential that Christians recognize the value and importance of philosophy and its proper place in Christendom and in the Christian s walk *Make Christianity Great Again* Luke Matthews, If you re a Christian this book will change your life It addresses a problem that has always troubled you If Christianity is true why do so many people disbelieve it why is it losing its hold over the world and why is it possible to imagine a world of the future with no Christians at all Christianity is being attacked on all fronts and seems close to total defeat The future does not look Christian It looks the opposite How can that be if Christianity is the truth of reality You as a faithful Christian are enraged by the way the world has turned against Christianity and you know the world is lost if it does not turn back to the Truth revealed in Jesus Christ The most important idea in Christianity is the Second Coming Christ is coming back That s when all the unbelievers will be made to eat their words and beg for forgiveness The question is this why hasn t Jesus already returned What is he waiting for The answer ought to be obvious We aren t waiting for him He is waiting for us Jesus isn t the hold up We are The First Coming was when Jesus appeared on earth to show us what to do The Second Coming happens when we have actually done it But we haven t done it nowhere near and that s the whole problem Christianity reeks of failure After two thousand years of Christianity why isn t the world saved What has gone wrong The answer is obvious Christianity has been sabotaged Its enemies have warped and distorted it Satan is the Father of Lies His greatest lie was sewn into Christianity to corrupt Christ s message That corruption must be undone so that people see true Christianity the Christianity of its First Age when Christianity as a pure movement of the ordinary people the oppressed people the godly people swept the world even reaching the doors of the imperial palace of Rome But that s when everything went wrong When those doors opened it was Satan who stood there It was Satan who welcomed in Christianity and turned it into a message of earthly power not of love and truth You all know this You all want to know what to do about it How can the Devil be purged from Christianity *The Chinese Recorder* ,1932

THE BATTLE FOR THE CHRISTIAN MIND Edward D. Andrews,2016-10-27 *The Christian Mind* Dom Anscar Vonier O.S.B.,Aeterna Press,2015-09-05 IT is the experience of every observer how reluctant Christian men and women are to embrace bravely and ungrudgingly with their mind the practical conclusions that flow from the great mystery of the Incarnation Ever so many Christians even amongst those who profess piety and possess education shape their thoughts and order their lives on principles that have no direct relationship with the central fact of Christianity the Incarnate Son of God Aeterna Press Bulletin Public Library of Fort Wayne and Allen County,1927
