

WHO SHOULD BE KING 1066?

**FULL
POWER POINT**

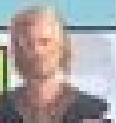

**FULLY
RESOURCED**

Let's Meet the Claimants!

Harald Godwinsson was English and his followers were Englishmen. Harold and his people were called Anglo-Saxons.

Harald Hardrada and his men were from Norway. People from this area were known as Vikings.

ENGLAND

Margit Wanders and her twin sister **Inge Wanders**, Peagler from the area were known as **Vikings**.

Abstract

Let's Research!

Task 1: Stick the image of the claimants in your books. You are going to use it as a mind map.

Deciding on the Rightful King

Task: Write and answer the questions:
"Who deserved to be king of England?"

A useful structure:

- I think [...] should be King of England.
- One reason he should be king is because... This is important because...
- Another reason he should be king is because... This is decisive because...
- Overall, ...

Challenge: Can you make your viewpoint even stronger by giving 1 reason why your chosen person is better than the other claimants?

- I think [?] should be King of England.
- One reason he should be king is because...This is important because...
- Another reason he should be king is because...This is decisive because...
- Overall, ...

Harold Godwinson

Harold Godwinson, Earl of Wessex, one of the most powerful noblemen in England. (Harold was not related by blood to the king, but did marry his sister, thus making him Edward's brother-in-law. It's strange because of their age, my entire family was German and of England, but we were almost dead in the next year and England.)

His experience of helping Edward run the country, and his long friendship with and love for the king, made him a very strong choice of successor to the throne. I was not a king before, but I was a king before the king.

I got the right to rule, I was the only one who could do it. I was the only one who could do it. I was the only one who could do it.

I was very popular with the people. I was very popular with the people. I was very popular with the people.

William the Conqueror was made a duke of Normandy, and he was the only one who could do it. I was the only one who could do it.

William of Normandy

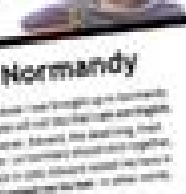

William the Conqueror, Duke of Normandy, a powerful nobleman and a skilled warrior. He was the only one who could do it. I was the only one who could do it.

He was very popular with the people. I was very popular with the people. I was very popular with the people.

William the Conqueror was made a duke of Normandy, and he was the only one who could do it. I was the only one who could do it.

I was the only one who could do it. I was the only one who could do it. I was the only one who could do it.

I was the only one who could do it. I was the only one who could do it. I was the only one who could do it.

Making Domesday Stephen Baxter, Julia Crick, C. P. Lewis, 2025-04-12 *Making Domesday* presents a fresh interpretation of William the Conqueror's survey of England made possible by a major collaborative study and a new online edition of Exon Domesday the earliest of the three original manuscripts to survive from the Domesday survey The book addresses big questions about pre modern government written records and the use of intelligence in both senses the minds behind the planning and execution of Domesday and the information about England that Domesday gathered It characterizes Exon as the surviving part of the working papers of one of the writing offices that over a period of ten weeks in summer 1086 dealt with all seven circuits regional groupings of shires of the Domesday survey

The circuit offices had the task of recasting the manorial descriptions assembled in an earlier stage of the survey into an interim form intended for further redaction as Great Domesday Book by rearrangement rewording and abbreviation A new deep understanding of the codicology and palaeography of Exon underpins every part of the analysis and offers a model of documentary production for royal government at an exceptionally early period in western Europe Part I describes and analyses each Exon text in unprecedented detail Part II places Domesday in context and in broad comparative perspective ranging across and beyond the Latin West The dual approach provides a new interpretation of Domesday and a deeper understanding of both the Domesday survey and Domesday Book It emerges that the survey was even more complex than we had dared to imagine involving the production of different kinds of text intended to meet a range of fiscal and political needs It is also clear that the survey was immediately effective transforming the politics of land in a newly conquered society Domesday has always been thought awesome as its very name shows Making Domesday contends that it was also a feat of intelligent government deployed by an aggressive and ambitious regime As such it speaks to broader concerns with the colonial domination of conquered societies through the purposeful collection of systematic statistical information
