Making Of The Pakistan Resolution:

The Making of the Pakistan Resolution Muhammad Aslam Malik, 2001 Pakistan Resolution to Pakistan, 1940-1947 Latif Ahmed Sherwani, 1985 An Encyclopaedia in Spatio-Temporal Dimensions Patit Paban Mishra, 2024-10-20 The encyclopaedia highlights the South Asian country of India with its varied ramifications As a rich country with all its diversity it has played a significant role in world affairs for more than two thousand years India is the most populous country in the world and its economy is growing rapidly It is marching ahead in science and technology In the hundredth anniversary of its independence in 2047 it aspires to become a developed nation One should be aware of this country in this globalized world It is not only fascinating but also knowledge enhancing The encyclopaedia holds importance due to several reasons information on a vast range of subjects scientific methodology accuracy and reliability It could be used as a starting point for further research The book will be useful for general readers serious researchers graduate students and academics **OECD/G20 Base Erosion and Profit Shifting Project Making Dispute Resolution Mechanisms More Effective - Consolidated Information on Mutual Agreement Procedures 2023** OECD, 2023-11-14 This report provides stakeholders with an overview of each jurisdiction's Mutual Agreement Procedure MAP policy and practices in a clear and simple manner **The Making of Punjab** Harish Jain, 2003 2001 Massimo Mastrogregori, 2011-08-02 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors The Making of Modern Kashmir Altaf Hussain Para, 2018-12-07 This book traces the roots of modern day Kashmir and the role of Sheikh Abdullah in its making As the most influential political figurehead in twentieth century Kashmir he played a crucial role in its transformation from a kingdom to a state in independent India He was enigmatic and complex to say the least Following his meteoric rise he dominated the political scene for more than 50 years with enduring impact The volume presents a keen analysis of pre Independence events which led to the emergence of a controversial and confused identity of the region It also looks at other major themes in the political life of Kashmir including the formation of the Muslim Conference the plebiscite movement and the Kashmir Accord A major intervention in the political life of South Asia this book presents an inside view of the history of modern Kashmir through the life and times of Sheikh Abdullah It will be of great interest to scholars and researchers of politics history and modern South Asia Pakistan Affairs, 1984 *India's Sentinel: Select Writings of Air Commodore Jasjit Singh AVSM, Vrc, VM (Retd)* Dr Manpreet Sethi, Dr Shalini Chawla, 2014-07-15 Air Commodore Jasjit Singh was one of India's foremost strategic analysts The only constant for him in over three decades of research analyses and writing was the centrality of national interest Indeed the man never let the nation down whether as an

air warrior or a strategist ever ready to voice his views irrespective of how the wind was blowing and always remaining practical in approach Ever an optimist he believed that India would inevitably rise to power by the sheer size of its economy and human resource potential A greater concern for him however was the need to sensitize his compatriots to the national security challenges that would arise as the country rose and to equip them with the capability to optimally address these He did so through his writings and talks This book is a modest compilation of his select writings on two specific issues nuclear strategy and Pakistan since he considered these as critical amongst India s many security challenges Of course the range of Jasjit Singh s writings and the expanse of his knowledge is immense and beyond capture in one book But this is a small effort in the direction of spreading his message ideas to the current and future generation of scholars and policy makers Hopefully it will encourage students of national security to look for more of his writings beyond the few that we have been able to carry in this volume

Western Realism and International Relations Aswini K. Ray,2004 This book provides an alternative perspective of International Relations from Hiroshima to 9 11 Both its diplomacy and mainstream scholarship are linked by realpolitik in a vicious circle of retrogressive symbiosis It simultaneously undermined the UN system of collective security from its origin and the scientific credential of its scholarship The Cold War that it spawned restricted economic prosperity political stability and democratic freedom within its narrow core area of the United States and Europe at the cost of its vast periphery in the Third World Its unpredicted collapse extended insecurity across the entire globalised system including its core area as evnts since 9 11 forcefully underscores While the new hegemonic system has become globally more

insecure for all its citizens its scholarship is still clueless about the collapse of the bipolar system it created in the midst of the massive confidence building exercise to stabilise it it is even less able to creatively respond to its orderly transition
