Making People Disappear An Amazing Chronicle Of Photographic Deception:

Making People Disappear Alain Jaubert, 1989 **The Oxford History of Historical Writing** Axel Schneider, Daniel Woolf, 2011-05-05 The fifth volume of The Oxford History of Historical Writing offers essays by leading scholars on the writing of history globally since 1945 Divided into two parts part one selects and surveys theoretical and interdisciplinary approaches to history and part two examines select national and regional historiographies throughout the world It aims at once to provide an authoritative survey of the field and to provoke cross cultural comparisons This is chronologically the last of five volumes in a series that explores representations of the past across the globe from the beginning of writing to the present day **David King** Rick Poyner, 2020-01-01 Exploring an unjustly overlooked figure in 20th century British visual culture This book offers a comprehensive overview to the work and legacy of David King 1943 2016 whose fascinating career bridged journalism graphic design photography and collecting King launched his career at Britain's Sunday Times Magazine in the 1960s starting as a designer and later branching out into image led journalism He developed a particular interest in revolutionary Russia and began amassing a collection of graphic art and photographs ultimately accumulating around 250 000 images that he shared with news outlets Throughout his life King blended political activism with his graphic design work creating anti Apartheid and anti Nazi posters covers for books on Communist history album artwork for The Who and Jimi Hendrix catalogues on Russian art and society for the Museum of Modern Art in Oxford and typographic covers for the left wing magazine City Limits This well researched and finely illustrated publication ties together King's accomplishments as a visual historian artist journalist and activist **The Art of Persuasion** Luciano Chelos (ed), Lucio. Sponza (ed), 2001 Writing for art is a concise introduction to the subject of ekphrasis and the first study to offer a useful general survey of the larger philosophical and theoretical questions arising from the encounter of literary texts and artworks Stephen Cheeke offers close readings of poems and prose from the nineteenth and twentieth centuries alongside a generous amount of illustrations covering a broad range of writing and theory about the relation of literary texts to the visual arts and extending the subject of ekphrasis to include literary works on photography as well as celebrated prose descriptions of artworks **Picturing China in the American Press** David D. Perlmutter, 2007-03-29 Picturing China in the American Press juxtaposes what the ordinary American news reader was shown visually in Time Magazine between 1949 and 1973 with contemporary perspectives on the behind the scenes history of the period Time Magazine is an especially fruitful source for such a visual historical contrast and comparison because it was China centric founded and run by Henry Luce a man who loved China and was commensurably obsessed with winning China to democracy and Western influence Picturing China examines in detail major events the Korean War and Nixon's trip to China less considerable occurrences shellings of Straits islands and diplomatic flaps great personages Chairman Mao and Henry Kissinger and the common people and common life of China as seen through the lenses and described by the pens of American reporters artists photographers and editors Picturing China in the American Press is

of great interest to both scholars of communications Chinese history China Studies and journalists **Psychological Operations and Political Warfare in Long-term Strategic Planning** Janos Radvanyi, 1990-07-26 Written by a group of distinguished security experts these eight previously unpublished papers focus on the hostile actions of the Soviet Union against the West in the form of psychological operations power politics and blackmail Addressing military professionals strategists and international security specialists the contributors examine the most effective measures the United States and its allies can take to counteract such measures This is particularly important in the Gorbachev era when Western security is perhaps more than ever dependent upon knowledge of Soviet psychological operations and political warfare The book also explores the background of East European resistance to Soviet dominance and the subsequent Soviet countermeasures Wide ranging in coverage the papers explore psychological operation in the United States Poland West Germany France and Latin America Following the editor's introduction to psychological operations the contributors address such topics as the history and future of U S military psychological operations new thinking and influence activities in the Gorbachev era terrorism as a political strategy and contemporary insurgent political and psychological warfare A case study of the Polish experience illustrates communist regimes psychological warfare against their own societies The remaining papers discuss psychological operations and political warfare in long term U S strategic planning the French experience with Soviet hostile actions and the argument that psychological warfare is no longer necessary in the age of perestroika and glasnost The contributors are united in their belief that psychological operations and political warfare will not be eliminated by the sweeping changes affecting the Soviet Union and that the Western democracies are by their very nature particularly vulnerable to such operations However given the changing nature of external threats to the West the contributors call for a reevaluation of strategy in the area of psychological operations political warfare and low intensity conflict **Handbook of Innovations in Strategic Communication** Shannon A. Bowen, Elina Erzikova, 2025-10-07 This unique Handbook demonstrates how strategic communication is undergoing significant changes due to advances in AI It examines the consequences of innovation in society and communication considering the ethical implications of technological developments Shannon A Bowen and Elina Erzikova bring together the world's leading experts on strategic communication to extrapolate probe and push the boundaries of their research into the future *The Reconfigured Eye* William J. Mitchell, 1994-07-25 Continuing William Mitchell's investigations of how we understand reason about and use images *The Reconfigured Eye* provides the first systematic critical analysis of the digital imaging revolution An intelligent and readable approach to the digitization of images A useful overview of a critical subject New York Times Book Review Enhanced Or faked Today the very idea of photographic veracity is being radically challenged by the emerging technology of digital image manipulation and synthesis photographs can now be altered at will in ways that are virtually undetectable and photorealistic synthesized images are becoming increasingly difficult to distinguish from actual photographs Continuing William Mitchell's investigations of how we

understand reason about and use images The Reconfigured Eye provides the first systematic critical analysis of the digital imaging revolution It describes the technology of the digital image in detail and looks closely at how it is changing the way we explore ideas at its aesthetic potential and at the ethical questions it raises

The History and Power of Writing

Henri-Jean Martin,1994 Continuing on to the electronic revolution Martin s account takes in the changes wrought on writing by computers and electronic systems of storage and communication and offers surprising insights into the influence these new technologies have had on children born into the computer age The power of writing to influence and dominate is indeed a central theme in this history as Martin explores the processes by which the written word has gradually imposed its logic on society over four thousand years The summation of decades of study by one of the world s great scholars on the subject this fascinating account of writing explains much about the world we inhabit where we uneasily confer accept and resist the power of the written word
