Making It On A Pastors Pay:

, *The Disciple-Making Pastor* Bill Hull, 2007-10-01 Christ commanded the church to make disciples to produce people who love and obey God bear fruit and live with joy The crisis at the heart of the church is that we often pay lip service to making disciples but we seldom put much effort behind doing it For the pastor who is ready to put words into action The Disciple Making Pastor offers the inspiration and practical know how to do so Bill Hull shows pastors the obstacles they will face what disciples really look like the pastor s role in producing them and the practices that lead to positive change He also offers a six step coaching process to help new disciples grow in commitment and obedience and practical ideas to integrate disciple making into the fabric of the church *Healthy Churches, Faithful Pastors* David A. Keck, 2014-06-18 Congregations want to support their pastors but don t know how Pastors love their congregations but they don t know what to ask of their congregations to garner needed support Everyone wants to thrive together but so often we get stuck This clear and engaging guide helps pastors and congregations bridge communication gaps and set mutual goals and expectations Reverend Keck grounds his framework of expectations on both scholarly research and on interviews he s conducted with pastors and lay people He finds many common difficulties in churches arise from failing to discuss priorities and expectations and from not effectively working through the problems that arise when expectations aren t met For pastors and congregants to arrive at common expectations they need to understand each other their respective needs hopes and distinctive callings This book provides concrete steps to aid congregants and pastors communicate their mutual expectations Keck presents fifty expectation statements examples of what pastors and congregations can expect of one another a vital resource to anyone who seeks to initiate a discussion of expectations in their own church Elucidating goals and expectations allows congregations and pastors to support one another and flourish and fosters church health and harmony *The New Guidebook for Pastors* Mac Brunson, James W. Bryant, 2007 The New Guidebook for Pastors is written in the tradition of classics like Criswell s Guidebook for Pastors But since most pastoral guidebooks available today date back to 1980 or earlier this new resource by Mac Brunson and James W Bryant will offer fresh experience based encouragement to all pastors in their pursuit of excellence and development in their God called profession Among the twenty chapters are The Pastor and His Call The Pastor and His Family The Pastor and His Staff The Pastor and Worship The Pastor and Finances The Pastor Wedding and Funerals The Pastor Politics and Moral Issues and The Pastor and His Denomination [Making Confession, Hearing Confession](#) Annemarie S. Kidder, 2010-03-01 Is confession obsolete Far from it Annemarie Kidder has learned At unexpected times and in unexpected places we hear the confession of a friend or a perfect stranger at crucial times in our lives we tend to unburden ourselves of matters that trouble our conscience While some churches offer opportunities for sacramental confession others provide counseling outside the sacramental framework Some confessional practices have been secularized as in psychotherapy and professional counseling others find expression in evangelistic crusades and Christian 12

step programs Meanwhile the scope of confessors has widened to include men and women religious and lay spiritual directors Addressing this broad audience Kidder reviews the origins and history of confession from biblical times to the early modern era examines contemporary practices of confession penance and spiritual direction that have emerged in the twentieth century and offers practical considerations for evaluating and improving one s own practice either as confessor or penitent Readers will be grateful for this concise historical overview of confession and Kidder s assurance that despite its undervalued or misunderstood practice this cure of souls is anything but obsolete

The Crisis in the Churches Robert Wuthnow, 1997-03-06 At a time when already overworked clergy are being called upon by budget cutting politicians to do more for the poor the sick and the elderly American churches are suffering persistent financial shortfalls In fact contrary to popular media images of millionaire televangelists America s churches are cutting back programs and staff clergy salaries are stagnating and many parishes are having trouble raising enough money to keep the church lit and heated on Sunday Why are America s churches in financial distress Robert Wuthnow a leading commentator on religious life in America asserts that the steady drop in donations volunteering and personal involvement is a direct result of a spiritual crisis a crisis caused in large part by the clergy s failure to address the vital relationships between faith and money work stewardship giving and economic justice In *The Crisis in the Churches* Wuthnow offers a searching study of this financial crisis and of the spiritual vacuum that has silently grown worse during the past decade To do this he lets the churches speak for themselves quoting extensively from interviews with clergy and laity in sixty Protestant and Catholic congregations throughout the U S and drawing from the texts of over 200 sermons from church financial records and a national survey What emerges is that parishioners often feel the church does not care about what they do from Monday to Friday offers no guidance in their most pressing day to day concerns yet always seems to be asking for more money Clergy for their part say they hesitate to talk about finances because they know the money question makes people uncomfortable But failure to raise the subject often makes it necessary to cut the very programs and services that middle class parishioners desire and would support Wuthnow argues that in order to survive churches must find ways to minister to the economic concerns of their own middle class parishioners Indeed of every 1 000 received by churches 900 comes from people who work in middle class occupations Clearly anything that motivates middle class members to become more involved will strengthen a church s financial well being and capacity to serve its people Although the situation is critical Wuthnow finds much cause for hope He points to ideas and programs that some churches have enacted to challenge their members to think differently about work and money and giving Parishioners sometimes respond positively when clergy speak boldly and concretely about matters of faith and finance and some churches have formed small groups whose members meet regularly to discuss issues of spirituality work personal finances and stewardship A serious and sympathetic examination of the crisis behind the stained glass this thought provoking volume will be highly valuable both practically and as moral support to clergy parishioners and anyone else concerned about restoring vitality and significance to American churches
