MANNER

Making Manners Worse:

Considerations on the Expediency of Making, and the Manner of Conducting the Late Regulations at Cambridge John Green, 1751 *Do Great Cases Make Bad Law?* Lackland H. Bloom (Jr.), 2014 Justice Holmes proclaimed that great cases like hard cases make bad law. He explained that this was so because the hydraulic pressures of the great case tend to distort the judgements of the justices. The purpose of this book is to examine 25 great cases that arose throughout the history of the Supreme Court and to attempt to determine whether Holmes was correct. More particularly, the book discusses the impact that the greatness of the case may have had on its presentation to the Court, the Court's deliberations, the decision, the opinion, and the law that was created. **The Eclectic Magazine of Foreign Literature, Science, and Art**, 1863 **The Making of Victorian Values** Ben Wilson, 2007-03-15 Ben Wilson's *The Making of Victorian Values* is the history of an era rather like our own: a time when dissenters and rebels were hemmed in by conformists and hardheaded authoritarians; a time when a nation on the eve of global domination fretted about its future. It was, however, a period when those who argued that a British empire would be a disaster for liberty were eventually squashed by imperialists; just as those who railed against mindless materialism were in the end rolled over by industrialists and the promoters of luxury goods. *The Making of Victorian Values* reveals an era when people were obsessed with the need to appear authentic and yet forever had doubts about who was and who wasn't. Concerns familiar to the modern age we know so well. Wilson begins with the libertine spirit inspired by Byron, Shelley, and the Romantics; he ends with the rise and eventual victory of stolid middle-class values. The result is a radical tour de force, a brilliant reworking of the pre-Victorian age. Once portrayed by Paul Johnson in his bestselling *The Birth of the Modern* as the years when virtue finally trumped corruption, Wilson reveals a far more compelling story and a more engrossing and scandalous one too. It is a story about hypochondriacs and cranks, killjoys and dandies, rakes and priests, advocates of free speech and those against it, people who were made awe-struck by Britain's emerging role as the economic and political powerhouse of the world but who were also deeply anxious about the responsibilities a vast empire might require. Wilson is heir to the great radical historians of the twentieth century: E. J. Hobsbawm and E. P. Thompson among them. He brushes aside scholarly politesse and refuses to join in unnecessary academic point-settling; his invigorating literary abilities will win many admirers who would otherwise know this history only through the works of nineteenth-century fiction. **Eclectic Magazine, and Monthly Edition of the Living Age** John Holmes Agnew, Walter Hilliard Bidwell, Henry T. Steele, 1863 **Making a Living Without a Job, revised edition** Barbara Winter, 2009-08-25 For all of the millions of Americans who are out of work, soon to be out of work, or wishing to be freed from unrewarding work, here is the must-have book that will show you how you can make a living by working when, where, and how you want.
