Cermak,2020-04-02 The trend toward liberalizing medical and recreational marijuana use is increasing the obligation on clinicians to provide useful information to the public This book summarizes the science all healthcare professionals need to know in order to provide objective and relevant information to a variety of patients from recreational and medicinal users to those who use regularly and to adolescents and worried parents The author brings two and a half decades of studying cannabinoid research and over forty years experience in psychiatric and addiction medicine practice to shed light on the interaction between marijuana and the brain Topics range from how marijuana produces pleasurable sensations relaxation and novelty the high to emerging medical uses effects of regular use addiction and policy Principles of motivational interviewing are outlined to help clinicians engage patients in meaningful non judgmental conversations about their experiences with marijuana An invaluable guide for physicians nurses psychologists therapists and counsellors Psychiatric Malpractice Robert I. Simon,Robert L. Sadoff,1992 What are the facts about psychiatric malpractice Is it increasing If so how rapidly What areas of psychiatric practice pose higher risks of legal liability The anxieties and uncertainties created by the increased threat of being sued for malpractice can interfere with the psychiatrist's provision of good clinical care Through a general overview as well as a discussion of specific legal cases this volume presents the major malpractice traps encountered in everyday psychiatric practice

Choosing Right: A Psychiatrist's Guide To Starting A New Relationship Igor Galynker, MD PhD,2013-04-02 A veteran psychiatrist and internationally recognized authority on sexual behavior clearly outlines the choices men and women must make in the first year of the relationship to build a happy life together Face it women and men are wired differently 1

99 for month s worth of therapy advice from review by Jenny The book is elegantly written and easy to absorb from review by Impressed Nothing is more important to building a happy relationship than choosing the right partner for it from the very beginning If you choose right happy future is a real possibility if you choose wrong building a happy future together is not feasible Men and women are very different when it comes to dating behavior These differences are most important at the four critical points in the first year of any relationship the four crossroads of love For each of the four crossroads the rules of engagement are different Making the correct decision at these times is critical to choosing the right person to the future of your relationship and to your overall future in general Choosing Right is your best guide to making the right choices at the pivotal times in the beginning of your romantic life and to building the best foundation for your happy future If your goal is a happy marriage or a happy life long relationship Choosing Right is for you *Ethical Dilemma in Psychiatry* Perihan Elif Ekmekci,2024-05-10 Psychiatry is a field that differs from other fields of medical practice in terms of its ethical problems and ethical dilemmas it encounters The physicians who specialize in the field of psychiatry or health professionals who work in mental health services should be equipped to recognize these ethical problems to deal with them in the right ethical frameworks and to offer practical and appropriate solutions in their clinical practice The work compiles extensive experiences from Medical Faculty of Ankara University Turkey The book aims to give a comprehensive understanding about the particular ethical problems and dilemmas in psychiatry and provide tools and methods to approach them in an ethically appropriate way *The Silent Epidemic: A Child Psychiatrist's Journey beyond Death Row:Understanding, Treating, and Preventing Neurodevelopmental Disorder Associated with Prenatal Alcohol Exposure* Susan D. Rich, MD, MPH,2016-06-15 This book addresses a critical public health problem in America the leading preventable cause of birth defects neurodevelopmental disorders and intellectual disability prenatal alcohol exposure Dr Rich provides insight into the prevalence of neurodevelopmental disorder associated with prenatal alcohol exposure ND PAE among juveniles accused of violent crimes in neighborhoods where America s least valued citizens reside and even in upper middle class communities The problem develops as early as the first three weeks of pregnancy when many women are unaware that they are pregnant With appropriate diagnosis and treatment affected individuals can avoid a lifetime of lost potential from substance use disorders incarceration unemployment and homelessness From her broad psychiatric forensic and public health experience Dr Rich has crafted a reasoned passionate argument for communities and professionals to unite in ending an epidemic that currently affects one in twenty American children **Handbook of Psychiatry in Palliative Medicine** Harvey Max Chochinov,William Breitbart,2023 Written by internationally known psychiatry and palliative care experts the Handbook of Psychiatry in Palliative Medicine addresses the psychological and spiritual challenges faced by patients and their families This edition is an essential reference for all providers of palliative care **Euthanasia and Law in Europe** John Griffiths,Heleen Weyers,Maurice Adams,2008-05-21 This book is a successor to J Griffiths A Bood and H Weyers Euthanasia

and Law in the Netherlands Amsterdam University Press 1998 which was widely praised for its thoroughness clarity and accuracy The new book emphasises recent legal developments and new research and has been expanded to include a full treatment of Belgium where since 2002 euthanasia has also become legal The book also includes descriptions written by local specialists of the legal situation and what is known about actual practice in a number of other European countries England and Wales France Italy Scandinavia Spain Switzerland The book strives for as complete and dispassionate a description of the situation as possible It covers in detail the substantive law applicable to euthanasia physician assisted suicide withholding and withdrawing treatment use of pain relief in potentially lethal doses palliative and terminal sedation and termination of life without a request in particular in the case of newborn babies the process of legal development that has led to the current state of the law the system of legal control and its operation in practice the results of empirical research concerning actual medical practice A concluding part deals with some general questions that arise out of the material presented Is the legalisation of euthanasia an example of the decline of law or should it on the contrary be seen as part and parcel of the increasing juridification of the doctor patient relationship Does the Dutch experience with legalised euthanasia support the idea of a slippery slope toward a situation in which life especially of the more vulnerable members of society is less effectively protected Is it possible to explain and to predict when a society will decide to legalise euthanasia

Involuntary Detention and Therapeutic Jurisprudence Kate Diesfeld, 2018-05-08 International developments within the last twenty years have demonstrated controversial shifts in treatment for people with mental illnesses and the care of persons with intellectual disabilities These shifts have been apparent in an emphasis on deinstitutionalization increased scrutiny of detention and discharge decisions and in some countries in enforced treatment and care in the community As we become increasingly conscious of the political and moral dimensions of civil commitment these concerns are reflected in the professional literature but this does not often enough focus on issues of clinical and legal principle nor is it in a form which encourages comparative analysis This collection draws on contributors from the UK the USA Australia the Netherlands Canada and New Zealand who share a commitment to evaluating whether the civil detention processes protect the liberty dignity and justice interests of those with mental illnesses and intellectual disabilities The book is written from a therapeutic jurisprudence perspective and poses a number of questions with international application such as Are more categories of people being detained Is involuntary detention serving new purposes Are different forms of detention gaining credence and being more widely utilized And are admission decisions and review of detention decisions transparent consistent and just
