Making Of American Audiences

L. Conner

Making Of American Audiences:

The Making of American Audiences Richard Butsch, 2000-04-24 This is a comprehensive survey of American entertainment audiences from the colonial period to the modern day The Making of American Audiences Richard Butsch, 2000 **Performance and Identity in Irish Stand-Up Comedy** S. Colleary, 2015-01-19 One of the cultural phenomena to occur in Ireland in the last two decades has been the highly successful growth of stand up comedy as a popular entertainment genre This book examines stand up comedy from the perspective of the narrated self through the prism of the fabricated comedy persona including Tommy Tiernan Dylan Moran and Maeve Higgins **Identities and Audiences in the Musical** Raymond Knapp, Mitchell Morris, Stacy Wolf, 2018-09-04 Issues of identity have always been central to the American musical in all its guises Who appears in musicals who or what they are meant to represent and how over time those representations have been understood and interpreted provide the very basis for our engagement with the genre In this third volume of the reissued Oxford Handbook of the American Musical chapters focus on race ethnicity gender and sexuality regional vs national identity and the cultural and class significance of the musical itself As important as the question of who appears in musicals are the questions of who watches and listens to them and of how specific cultures of reception attend differently to the musical Chapters thus address cultural codes inherent to the genre in particular those found in traditional school theater programs **The Idea of Audience** Simon Piening, 2025-02-25 What sort of relationship do artists want with their audience What kind of role do they imagine for the performing arts in their community Under the creative industries the audience relationship has been increasingly defined and shaped by marketing and or institutional interests Wedged between the competing needs of the market and their belief in the power of art to positively impact their communities many artists and arts workers are caught in what Julian Meyrick describes as a confused intellectual terrain While much audience scholarship has focused on understanding the motivations of audience members engaging with the arts there has been considerably less research into the motivations of arts professionals with respect to their relationship with the audience The Idea of Audience is a critical examination of the current fields of audience development and arts marketing and explores the relationship between artists and audiences from the perspective of the artists themselves The book will be of most interest to students and academics of audience development arts marketing theatre performance and audience studies It is hoped that the reader will gain greater insight into what artists actually mean when they talk about their audience **Century of the Leisured Masses** David George Surdam, 2015 American living standards improved rapidly during the twentieth century The rise of leisure both in terms of time allotted and in terms of consumption of leisure goods and services was astounding When social critic Thorstein Veblen penned Theory of the Leisured Class Americans were just beginning to enjoy more and better leisure In Century of the Leisured Masses David George Surdam explores the growing role played by leisure in the daily lives of Americans and what factors contributed to this change With Amusement for All LeRoy Ashby, 2006-05-12 With

Amusement for All is a sweeping interpretative history of American popular culture. Providing deep insights into various individuals, events, and movements, LeRoy Ashby explores the development and influence of popular culture from minstrel shows to hip hop, from the penny press to pulp magazines, from the NBA to NASCAR, and much in between. By placing the evolution of popular amusement in historical context, Ashby illuminates the complex ways in which popular culture both reflects and transforms American society. He demonstrates a recurring pattern in democratic culture by showing how groups and individuals on the cultural and social periphery have profoundly altered the nature of mainstream entertainment. The mainstream has repeatedly co-opted and sanitized marginal trends in a process that continues to shift the limits of acceptability. Ashby describes how social control and notions of public morality often vie with the bold, erotic, and sensational as entrepreneurs finesse the vagaries of the market and shape public appetites. Ashby argues that popular culture is indeed a democratic art as it entertains the masses, provides opportunities for powerless and disadvantaged individuals to succeed, and responds to changing public hopes, fears, and desires. However, it has also served to reinforce prejudices leading to discrimination and violence. Accordingly, the study of popular culture reveals the often dubious contours of the American dream. With *Amusement for All*, never loses sight of pop culture's primary goal: the buying and selling of fun. Ironically, although popular culture has drawn an enormous variety of amusements from grassroots origins, the biggest winners are most often sprawling corporations with little connection to a movement's original innovators. *The Cambridge Companion to American Literature and the Body* Travis M. Foster, 2022-06-30 This volume offers a rigorous yet accessible overview of the key questions and intersectional approaches pertaining to American literature and the body. The chapters have been written in an accessible style, making them useful for undergraduates as well as for more experienced researchers.

Audience Engagement and the Role of Arts Talk in the Digital Era L. Conner, 2013-12-11 This book offers readers an understanding of the theoretical framework for the concept of Arts Talk, provides historical background, and a review of current thinking about the interpretive process, and most importantly, provides ideas and insights into building audience-centered and audience-powered conversations about the arts. [The American Audience](#) Pasquale De Marco, 2025-05-13 *The American Audience* is a comprehensive guide to the United States of America. It covers everything from American history and culture to American politics and economics. Whether you are a new immigrant to the United States or a lifelong resident, this book will help you to understand the country and its people. *The American Audience* is divided into ten chapters, each of which focuses on a different aspect of American life. Chapter 1, *Identity and Belonging*, explores the meaning of being American and the different ways that Americans define their identity. Chapter 2, *The American Dream*, discusses the history and evolution of the American Dream and the challenges that it faces in the 21st century. Chapter 3, *American Values*, examines the core values that have shaped American society, such as freedom, equality, and individualism. Chapter 4, *American Politics*, provides an overview of the structure and function of the American government. Chapter 5, *American Media*, examines

the different types of American media and their role in American society Chapter 6 American Economics discusses the structure and performance of the American economy Chapter 7 American Culture explores the different aspects of American culture such as music art and literature Chapter 8 American Society examines the different social classes and groups that make up American society Chapter 9 American History provides a brief overview of the major events in American history Chapter 10 American Identity discusses the challenges and opportunities facing American identity in the 21st century The American Audience is an essential resource for anyone who wants to understand the United States of America It is a comprehensive and up to date guide to the country s history culture politics and economy Whether you are a new immigrant to the United States or a lifelong resident this book will help you to understand the country and its people If you like this book write a review on google books
