

Making Of Chaucers English A Study Of Words

Raluca Radulescu, Sif Rikhardsdottir

Making Of Chaucers English A Study Of Words:

The Making of Chaucer's English Christopher Cannon,1998 The Making of Chaucer's English undertakes a substantial reappraisal of the place Chaucer's English occupies in the history of the English language and the language of English literature It attacks the widespread presumption that Chaucer invented literary English and argues instead that Chaucer's English is generally traditional It shows that Chaucer's linguistic innovation was as much performance as fact but it also traces the linguistic strategies that made and make the performance of originality so believable It also includes a valuable history of every word Chaucer uses The book also interrogates the theory and methodology of historicising languages so even as it explores how Chaucer's words matter it also questions why these particular words have acquired such importance for poets and scholars alike for 600 years *Chaucer* David B. Raybin,2010-11 Eleven essays that explore how modern

scholarship interprets Chaucer's writings Provided by publisher **Postmodern Poetry and Queer Medievalisms: Time**

Mechanics David Hadbawnik,2022-06-06 This volume builds on recent scholarship on contemporary poetry in relation to medieval literature focusing on postmodern poets who work with the medieval in a variety of ways Such recent projects invert or queer the usual transactional nature of engagements with older forms of literature in which readers are asked to exchange some small measure of bewilderment at archaic language or forms for a sense of having experienced a medieval text The poets under consideration in this volume demand that readers grapple with the ways in which we are still medieval in other words the ways in which the questions posed by their medieval source material still reverberate and hold relevance for today's world They do so by challenging the primacy of present over past toppling the categories of old and new and suggesting new interpretive frameworks for contemporary and medieval poetry alike Middle English Literature Roger

Dalrymple,2008-04-15 Middle English is a student guide to the most influential critical writing on Middle English literature A student guide to the most influential critical writing on Middle English literature Brings together extracts from some of the major authorities in the field Introduces readers to different critical approaches to key Middle English texts Treats a wide range of Middle English texts including The Owl and the Nightingale The Canterbury Tales and Morte d'Arthur Organized around key critical concerns such as authorship genre and textual form Each critical concern can be used as the basis for one week's work in a semester long course Enables readers to forge new connections between different approaches **Studies**

in the History of the English Language VII Don Chapman,Colette Moore,Miranda Wilcox,2016-09-26 This book looks at how historical linguists accommodate the written records used for evidence The limitations of the written record restrict our view of the past and the conclusions that we can draw about its language However the same limitations force us to be aware of the particularities of language This collection blends the philological with the linguistic combining questions of the particular with generalizations about language change **A Companion to Medieval English Literature and Culture,**

c.1350 - c.1500 Peter Brown,2009-10-26 A Companion to Medieval English Literature and Culture c 1350 c 1500 challenges

readers to think beyond a narrowly defined canon and conventional disciplinary boundaries A ground breaking collection of newly commissioned essays on medieval literature and culture Encourages students to think beyond a narrowly defined canon and conventional disciplinary boundaries Reflects the erosion of the traditional rigid boundary between medieval and early modern literature Stresses the importance of constructing contexts for reading literature Explores the extent to which medieval literature is in dialogue with other cultural products including the literature of other countries manuscripts and religion Includes close readings of frequently studied texts including texts by Chaucer Langland the Gawain poet and Hoccleve Confronts some of the controversies that exercise students of medieval literature such as those connected with literary theory love and chivalry and war

The Routledge Companion to Medieval English Literature Raluca

Radulescu, Sif Rikhardsdottir, 2022-12-30 The Routledge Companion to Medieval English Literature offers a new inclusive and comprehensive context to the study of medieval literature written in the English language from the Norman Conquest to the end of the Middle Ages Utilising a Trans European context this volume includes essays from leading academics in the field across linguistic and geographic divides Extending beyond the traditional scholarly discussions of insularity in relation to Middle English literature and isolationism this volume Oversees a variety of genres and topics including cultural identity insular borders linguistic interactions literary gateways Middle English texts and traditions and modern interpretations such as race gender studies ecocriticism and postcolonialism Draws on the combined extensive experience of teaching and research in medieval English and comparative literature within and outside of anglophone higher education and looks to the future of this fast paced area of literary culture Contains an indispensable section on theoretical approaches to the study of literary texts This Companion provides the reader with practical insights into the methods and approaches that can be applied to medieval literature and serves as an important reference work for upper level students and researchers working on English literature

Language, Linguistics and Middle English Literature Elizabeth Allen, Catherine Sanok, 2025-03-18

Explores the intersections between two fundamental approaches to medieval literature shedding new light on texts ranging from The Canterbury Tales to Le Morte Darthur This volume identifies new methods and questions for language based approaches to medieval English literature and literature based approaches to Middle English by identifying philology as a cross disciplinary practice shared by literary scholarship and linguistics How can late medieval cultural perception and social participation be illuminated by literary language What can language forms tell us about the experience of England's multilingual landscape Contributors trace the relay between imaginative literature and an expanding Middle English lexicon the literary affordances of phonological and morphological features of Middle English and the way that medieval literature engaged with its multilingual sources Essays also consider how social authority is negotiated in language with a particular focus on highly charged words such as corruption instability and treason and highly charged phenomena such as language contact allusion and genre experiments Together they show that literary and linguistic approaches may inform each other to

open new avenues of research on a wide variety of texts including Chaucer's *The Canterbury Tales* and *Troilus and Criseyde*, Malory's *Le Morte Darthur*, Gower's *Confessio Amantis*, Lydgate's *Reson and Sensuallyte*, and Hoccleve's *Regement of Princes*. The volume thus pays tribute to the influence on both fields of distinguished medievalist Karla Taylor.

Chaucer: The Basics Jacqueline Tasioulas, 2019-08-01 *Chaucer: The Basics* is an accessible introduction to the works of Geoffrey Chaucer. It provides a clear critical analysis of the texts while also providing some necessary background to key medieval ideas and the historical period in which he lived. Jacqueline Tasioulas gives a brief account of Chaucer's life in its historical and cultural context and also introduces the reader to some of the key religious and philosophical ideas of the period. The essentials of the language and pronunciation are introduced through close reading in a section dedicated to demystifying this often alien-seeming aspect of studying Chaucer. Including a whole chapter devoted to poetry, the book also discusses key works such as *The Book of the Duchess*, *The House of Fame*, *The Parliament of Fowls*, *Troilus and Criseyde*, *The Legend of Good Women*, and *The Canterbury Tales*. With glosses and translations of texts, a glossary of key terms, and a timeline, this book is essential reading for anyone studying Chaucer and medieval literature.

English Alliterative Verse Eric Weiskott, 2016-10-27 A revisionary account of the 900-year-long history of a major poetic tradition explored through metrics and literary history.
