Cucullu, 2004-08-13 This book links the leading innovators of modernism to the cult of the modern expert In historicizing modernism as a distinct mode of knowledge that competes with other forms of expertise from law to psychology Lois Cucullu shows how three modernist experts Woolf Forster and Joyce used technical innovations in the novel to replace reigning Victorian beliefs about marriage procreation and the family Modernist narratives of consciousness and bodies convert the gendered domestic sphere into an aesthetic one that grants cultural reproduction and a modern cultural class the centrality once accorded biological reproduction and the bourgeois household

Ardis, P. Collier, 2008-10-31 Building on recent work on Victorian print culture and the turn toward material historical research in modernist studies this collection extends the frontiers of scholarship on the Atlantic scene of publishing exploring new ways of grappling with the rapidly changing universe of print at the turn of the twentieth century *FLEX: The Modern Woman's Handbook* Annie Auerbach, 2019-04-18 A beguiling exploration of how flexibility can contribute to creativity purpose and happiness Justine Roberts founder of Mumsnet Straight talking self help Inspiring words practical help and a fresh way of seeing things that we'll be forcing on just about everyone we know Stylist *The Rise of the Modern Woman* Peter N. Stearns, 1978 *The Masculine Modern Woman* Jenny Ingemarsdotter, 2018-12-17 This book takes a fresh approach to one of the most popular cultural symbols of modernity in the 1920s the masculine modern woman Uncovering discourses on female masculinity in interwar Sweden a nation that struggled to become modern but not decadent this study examines cultural representations and debates across several arenas including fashion film sports automobility medicine and literature Drawing on rich empirical material this book traces not only how the masculine modern woman reshaped the imaginary space of what women could do and desire but also how this space was eventually shrunk in order to fit into an emerging vision of a family oriented people's home *Silent Voices* Brenda Ayres, 2003-04-30 Some of the greatest English novels were written during the Victorian era and many are still widely read and taught today But many others written during that period have been neglected by scholars and modern readers alike A number of these novels were written by women and were popular when published Moreover they reveal perspectives of 19th century British culture not present in canonized works and therefore revise our understanding of Victorian life and attitudes With the increasing interest in revising Victorian history and gender scholarship especially through the rediscovery of lost texts written by women this book is a timely and much needed study The expert contributors to this volume argue the value of novels by such Victorian women writers as Grace Aguilar Catherine Crowe Charlotte Elizabeth Tonna Annie E Holdsworth Ella Hepworth Dixon Flora Annie Steel Anne Thackeray Sarah Grand Marie Corelli and others Most of the chapters address numerous works by a particular writer Each focuses on different social issues as well though most of them share an interest in gender politics Topics discussed include a 19th century Jewish novelist's navigation through Protestant spirituality the relationship of noncanonical governess novels to class and gender issues and forgotten works by women crime writers Other chapters analyze how women writers impelled social reform and subverted patriarchally defined religious issues **Women in Magazines** Rachel Ritchie, Sue Hawkins, Nicola Phillips, S. Jay Kleinberg, 2016-02-19 Women have been important contributors to and readers of magazines since the development of the

periodical press in the nineteenth century By the mid twentieth century millions of women read the weeklies and monthlies that focused on supposedly feminine concerns of the home family and appearance In the decades that followed feminist scholars criticized such publications as at best conservative and at worst regressive in their treatment of gender norms and ideals However this perspective obscures the heterogeneity of the magazine industry itself and women s experiences of it both as readers and as journalists This collection explores such diversity highlighting the differing and at times contradictory images and understandings of women in a range of magazines and women s contributions to magazines in a number of contexts from late nineteenth century publications to twenty first century titles in Britain North America continental Europe and Australia
