The Making of Victorian Sexuality

Michael Mason

Making Of Victorian Sexuality Sexual Behaviour And Its Understanding

Leonore Davidoff

Making Of Victorian Sexuality Sexual Behaviour And Its Understanding:

Women Writers and the Dark Side of Late-Victorian Hellenism T. Olverson, 2009-11-19 Examining the appropriation of transgressive violent female figures from ancient Greek literature and myth by late Victorian writers Olverson reveals the extent to which ancient antagonists like the murderous Medea and the sinister Circe were employed as a means to protest against and comment upon contemporary social and political institutions

The Making of English Popular Culture John Storey, 2016-05-20 The Making of English Popular Culture provides an account of the making of popular culture in the nineteenth century While a form of what we might describe as popular culture existed before this period John Storey has assembled a collection that demonstrates how what we now think of as popular culture first emerged as a result of the enormous changes that accompanied the industrial revolution Particularly significant are the technological changes that made the production of new forms of culture possible and the concentration of people in urban areas that created significant audiences for this new culture Consisting of fourteen original chapters that cover diverse topics ranging from seaside holidays and the invention of Christmas tradition to advertising music and popular fiction the collection aims to enhance our understanding of the relationship between culture and power as explored through areas such as race ethnicity class sexuality and gender It also aims to encourage within cultural studies a renewed historical sense when engaging critically with popular culture by exploring the historical conditions surrounding the existence of popular texts and practices Written in a highly accessible style The Making of English Popular Culture is an ideal text for undergraduates studying cultural and media studies literary studies cultural history and visual culture

Thicker Than Water Leonore Davidoff, 2012 A pioneering new study of nineteenth century kinship and family relations focusing on the British middle class and highlighting both the similarities and the differences in relations between brothers and sisters in the past and in the present

The Cambridge World History: Volume 7, Production, Destruction and Connection, 1750-Present, Part 2, Shared Transformations? J. R. McNeill, Kenneth Pomeranz, 2015-04-16 Since 1750 the world has become ever more connected with processes of production and destruction no longer limited by land or water based modes of transport and communication Volume 7 of the Cambridge World History series divided into two books offers a variety of angles of vision on the increasingly interconnected history of humankind The second book questions the extent to which the transformations of the modern world have been shared focusing on social developments such as urbanization migration and changes in family and sexuality cultural connections through religion science music and sport ligaments of globalization including rubber drugs and the automobile and moments of particular importance from the Atlantic Revolutions to 1989

A Cultural History of Twin Beds Hilary Hinds, 2020-05-11 A Cultural History of Twin Beds challenges our most ingrained assumptions about intimacy sexuality domesticity and hygiene by tracing the rise and fall of twin beds as a popular sleeping arrangement for married couples between 1870 and 1970 Modern preconceptions of the twin bed revolve around their use by couples who have no desire to

sleep in the same bed space Yet for the best part of a century twin beds were not only seen as acceptable but were championed as the sign of a modern and forward thinking couple But what lay behind this innovation And why did so many married couples ultimately abandon the twin bed In this book Hilary Hinds presents a fascinating insight into the combination of beliefs and practices that made twin beds an ideal sleeping solution Using nuanced close readings of marriage guidance and medical advice books furnishing catalogues novels films and newspapers this volume offers an accessible and rigorous account of the curious history of twin beds This is vital reading for those with an interest in cultural history sociology anthropology and psychology **Family Fortunes** Leonore Davidoff, Catherine Hall, 2013-04-15 Family Fortunes has become a seminal text in class and gender history Published to wide critical acclaim in 1987 its influence in the field continues to be extensive It has cast new light on the perception of middle class society and gender relations between 1780 and 1850 This revised edition contains a substantial new introduction placing the original survey in its historiographical context Leonore Davidoff and Catherine Hall evaluate the readings their text has received and broaden their study by taking into account recent developments and shifts in the field They apply current perceptions of history to their original project and see new motives and meanings emerge that reinforce their argument **Search for a New Eden** J. E. M. Latham, 1999 Alcott returned to New England with two of Greaves followers and with his family and Charles Lane set up the short lived experiment in communal living Fruitlands Alcott House meanwhile suffered from internal conflict and the community expired in 1848 **BOOK JACKET Nineteenth-Century British Literature Then and Now** Simon Dentith, 2016-05-06 Envisioning today's readers as poised between an impossible attempt to read texts as their original readers experienced them and an awareness of our own temporal moment Simon Dentith complicates traditional prejudices against hindsight to approach issues of interpretation and historicity in nineteenth century literature Suggesting that the characteristic aesthetic attitude encouraged by the backward look is one of irony rather than remorse or regret he examines works by Charles Dickens George Eliot Anthony Trollope William Morris and John Ruskin in terms of their participation in significant histories that extend to this day Liberalism class gender political representation and notions of progress utopianism and ecological concern as currently understood can be traced back to the nineteenth century Just as today's critics strive to respect the authenticity of nineteenth century writers and readers who responded to these ideas within their historical world so too do those nineteenth century imaginings persist to challenge the assumptions of the present It is therefore possible Dentith argues to conceive of the act of reading historical literature with an awareness of the historical context and of the difference between the past and the present while allowing that friction or difference to be part of how we think about a text and how it communicates His book summons us to consider how words travel to the reality of the reader's own time and how engagement with nineteenth century writers anticipation of the judgements of future generations reveal hindsight's capacity to transform our understanding of the past in the light of subsequent knowledge **Butterfly's Sisters** Yoko

Kawaguchi, 2010-11-30 In this fascinating and wide ranging book Yoko Kawaguchi explores the Western portrayal of Japanese women and geishas in particular from the mid nineteenth century to the present day She argues that in the West Japanese women have come to embody certain ideas about feminine sexuality and she analyzes how these ideas have been expressed in diverse art forms ranging from fiction and opera to the visual arts and music videos Among the many works Kawaguchi discusses are the art criticism of Baudelaire and Huysmans the opera *Madama Butterfly* the sculptures of Rodin the Broadway play *Teahouse of the August Moon* and the international best seller *Memoirs of a Geisha* *Butterfly's Sisters* also examines the impact on early twentieth century theatre drama and dance theory of the performance styles of the actresses Madame Hanako and Sadayakko both formerly geishas *A Companion to Gender History* Teresa A. Meade, Merry E. Wiesner-Hanks, 2008-04-15 *A Companion to Gender History* surveys the history of women around the world studies their interaction with men in gendered societies and looks at the role of gender in shaping human behavior over thousands of years An extensive survey of the history of women around the world their interaction with men and the role of gender in shaping human behavior over thousands of years Discusses family history the history of the body and sexuality and cultural history alongside women's history and gender history Considers the importance of class region ethnicity race and religion to the formation of gendered societies Contains both thematic essays and chronological geographic essays Gives due weight to pre history and the pre modern era as well as to the modern era Written by scholars from across the English speaking world and scholars for whom English is not their first language

Decoding **Making Of Victorian Sexuality Sexual Behaviour And Its Understanding**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Making Of Victorian Sexuality Sexual Behaviour And Its Understanding**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
