*Memos to the President* Mark A. Abramson, 2001 *Memos to the President* Management Advice from the Nation's Top Public Administrators provides eighteen memos to President George W. Bush about the management challenges facing his administration. Experts in public administration and public management give the President advice on four major management challenges: creating an electronic government, reforming regulations, revitalizing public service, and implementing performance management. The volume grows out of the work of the Government Performance Coalition, an ad hoc group of fourteen academic and nonprofit organizations united by their concern for improving the quality of government management.

*Memos to the President* PriceWaterhouseCoopers LLP, 2004-03-29 *Eavesdrop in the corridors of power* The nation's top CEOs share their valuable insights, experiences, and techniques running large, powerful organizations with the President of the United States. James J. Schiro, CEO of leading consulting firm PricewaterhouseCoopers, has compiled important advice that reveals the crucial factors that determine the success of the country's top companies. In *Memos to the President*, chief executive officers from leading U.S. corporations apply their knowledge of managing complex organizations to the monumental challenges facing the federal government. In memos addressed directly to the president, they discuss major management issues and offer valuable insights and strategies that will help the president leverage technology to improve performance, create new programs for developing future leaders, improve internal communications, manage large-scale organizational change, and promote ethical behavior. This invaluable advice comes from major business figures including James B. Kelly of UPS, J. W. Marriott Jr. of Marriott International, Esther Dyson of EDventure Holdings, Ernest Deavenport of Eastman Chemical, Arthur Blank of Home Depot, Solomon D. Trujillo of U.S. West, Seymour Sternberg of New York Life, Joseph Neubaur of Aramark, and Lars Nyberg of NCR.
