Remembering America Lawrence R. Samuel, 2015-11 American history is ubiquitous underscoring everything from food to travel to architecture and design It is also emotionally charged frequently crossing paths with political and legal issues In *Remembering America* Lawrence R Samuel examines the place that American history has occupied within education and popular culture and how it has continually shaped and reflected our cultural values and national identity The story of American history Samuel explains is not a straight line but rather one filled with twists and turns and ups and downs its narrative path as winding as that of the United States as a whole Organized around six distinct eras of American history ranging from the 1920s to the present Samuel shows that our

understanding of American history has often generated struggle and contention as ideologically opposed groups battled over ownership of the past As women and minorities gained greater power and a louder voice in the national conversation our perspectives on American history became significantly more multicultural bringing race gender and class issues to the forefront These new interpretations of our history helped to reshape our identity on both a national and an individual level Samuel argues that the fight for ownership of our past combined with how those owners have imparted history to our youth crucially affects who we are Our interpretation and expression of our country s past reflects how that self identity has changed over the last one hundred years and created a strong sense of our collective history one of the few things Americans all have in common **Companion Series** ,1962 **American Revolution on Long Island, The** Dr. Joanne S.

Grasso,2016 The American Revolution sharply divided families and towns on Long Island Washington s defeat at the Battle of Long Island in August 1776 started seven years of British occupation Patriot sympathizers were subject to loyalty oaths theft of property and the quartering of soldiers in their homes Those who crossed the British were jailed on prison ships in Wallabout Bay in Brooklyn where an estimated eleven thousand people died of disease and starvation Some fought back with acts of sabotage and espionage Washington s famed Culper spy ring in Oyster Bay Setauket and other areas successfully tracked British movements Dr Joanne S Grasso explores the story of an island at war **The Heroes of the American Revolution and Their Descendants** Henry Whittemore,1897 **Vanity Fair** ,1914 **American Gardening** ,1902

Carson a Supreme Court Justice like Antonin Scalia or a human rights advocate like Ayaan Hirsi Ali faces protests disrespectful shouting or petitions to have his or her invitation revoked Fortunately Remembering Who We Are collects the commencement wisdom of a wide range of thinkers who are willing to challenge the liberal consensus on campus Editor Zev Chafets has brought together a diverse group of speakers from many walks of life from playwright David Mamet to Ambassador Ryan Crocker from Governor Bobby Jindal to humorist PJ O'Rourke For example you'll find in these pages Do Your Best to Be Your Best by Supreme Court Justice Clarence Thomas Gridlock An American Achievement by columnist George F Will We Have Something Wonderful by novelist Marilynne Robinson The Art of the Entrepreneur by business leader Mort Zuckerman Restore and Remake Our Country by historian Victor Davis Hanson Too many students now enter the real world after being taught that patriotism is misguided that religious faith is for the foolish and that free enterprise is unfair The eloquent speeches in this collection will help them grasp the truth that America is flawed but fundamentally good that faith can have intellectual depth that capitalism is the world's greatest force for fighting poverty and much more
