National Account Marketing Handbook:

National Account Marketing Handbook Robert S. Rogers,V. B. Chamberlain,1981 Essays discuss the special considerations required by important accounts that have grown too complex to be handled by the regular sales department

Marketing Information Guide ,1971 **Key Account Management in Business-to-Business Markets** Stefan Wengler,2007-11-06 Key account management as an alternative organizational form of marketing management became increasingly popular in many companies during the last years In its beginning key account management was particularly applied in the consumer packaged goods industry with respect to wholesalers as well as large department stores for some time key account management has also been applied time by suppliers in industrial markets as well as by companies offering product related services in order to serve their most important customers Despite its practical relevance in marketing management the implementation of key account management as well as its integration within the supplier s organization is hardly realized on an adequate economic evaluation Similarly key account management controlling of an already implemented key account management organization is also lacking These organizational units are once implemented neither controlled nor evaluated concerning their economic performance With respect to these rather surprising findings in marketing management practice the author develops a theory based decision support model which seems capable of overcoming the previously described deficits Based on a comparative analysis the efficiency of alternative key account management organizations is evaluated using criteria developed from transaction costs economics This decision model enables companies to evaluate each organizational key account management alternative on the basis of transaction cost economizing effects In addition set up costs which arise due to the implementation of the organizational unit are also included in the cost benefit calculation **The Marketer's Handbook** Laurie Young,2011-04-22 This book written by a senior marketer with over thirty years experience of using marketing techniques and concepts sets out to describe contextualize and rate them Its prime emphasis is on understanding their status so that they can be used to direct the use of shareholder funds effectively Its conclusion is that seasoned professionals must use their judgement about when and how to use them but they also need to understand them in depth if they are going to make well rounded effective investment decisions Above all it asks how useful and relevant is this concept Will it improve decision making Does the damn thing have any credibility and does it work This book combines a rigorous review of a wide range of marketing concepts with many practical examples and case studies It can be read or dipped into both by seasoned professionals and by those just embarking on their marketing career Sir Paul Judge President Chartered Institute of Marketing Laurie Young casts an experienced and skeptical eye on many cherished marketing concepts and techniques He provides an antidote to the tendency to adopt them without understanding their limitations and possibilities Professor George Day The Wharton School Chairman of the American Marketing Association Laurie Young has produced nothing less than the A Z of marketing He has journeyed far and

wide mapping out hundreds of business marketing and communications models to produce an extremely useful industry atlas. Certainly it will find a well-thumbed home on my bookshelf. Hamish Pringle, Director General, Institute of Practitioners in Advertising. This book is much needed by marketing. Its value is in challenging concepts, some of which have been the accepted norm for a long time. But as this book shows, some of these may no longer be relevant and appropriate for marketers in today's consumer environment. Mike Johnston, CEO, Dairy Council of Northern Ireland and former Chairman of the Chartered Institute of Marketing. Senior marketers like those who make up the membership of the Marketing Society hone the methods and techniques they favour as their career develops. Laurie Young clearly did that, and an experienced voice shines through this critique. It is heartening to find that so many concepts have a long history of producing real value for businesses, but alarming to find so many of the theorists' favourites to be so groundless. Hugh Burkitt, CEO, The Marketing Society.

Key Account Management and Planning Noel Capon, 2001-09-04. The current explosion in mergers and acquisitions has prompted a rapid change in the nature of sales strategies and ideologies. So say goodbye to traditional tired and true systems and say hello to customer consolidation, account partnerships, and above all, increased sales pressure. It's a bold new business world in which a firm's key accounts are by far its most crucial assets. Recognising the central importance of managing key accounts, Noel Capon has written a timely and truly indispensable guide for the entire sales force, from the sales director to the key account manager. He presents a powerful step-by-step framework for developing domestic and global strategies, organising the process, managing the sales force, and effectively analyzing key accounts.

The Handbook of Technology Management, Supply Chain Management, Marketing and Advertising, and Global Management Hossein Bidgoli, 2010. The discipline of technology management focuses on the scientific engineering and management issues related to the commercial introduction of new technologies. Although more than thirty U.S. universities offer PhD programs in the subject, there has never been a

single comprehensive resource dedicated to technology management The Handbook of Technology Management fills that gap with coverage of all the core topics and applications in the field Edited by the renowned Doctor Hossein Bidgoli the three volumes here include all the basics for students educators and practitioners *Handbook of Strategic Account Management* Diana Woodburn, Kevin Wilson, 2014-03-17 A compilation of the established knowledge in strategic account management While companies and academics expend tremendous effort on mass marketing they often overlook their immediate customers which are critical in both senses and hence the importance of strategic account management SAM This handbook is a compilation of papers that present researched knowledge of SAM across the academic community which fills a void in the existing academic literature Handbook of Strategic Account Management identifies drivers of the SAM approach key issues and success factors operational needs and areas still awaiting exploration Each paper includes an overall referenced summary of the tenets of SAM relevant to the area it reports and together with the combined list of references it creates an indispensable resource for academic readers students and researchers Handbook of Strategic Account Management is written by over 40 knowledgeable experts with substantial experience of SAM from teaching researching writing and advising companies on why and how it works spread widely across Europe and the US It represents the balanced researched body of knowledge in SAM and will be an invaluable resource to anyone exploring the approach whether for a student thesis for original research or for answers on how to approach SAM as a company initiative Today's strategic key and global account management professionals owe thanks to a small community of academic researchers who over the past three decades have been pioneers in identifying cataloguing and analyzing the selling and business management practices of an emerging profession we now call strategic account management This Handbook is an important milestone to mark SAM's still evolving impact on corporate business strategies and its ever increasing relevance as a proven engine for growth in business to business strategic customer relationships Bernard Quancard President CEO of SAMA US based Strategic Account Management Association with over 3 000 members worldwide Yana Atanasova Bjorn Ivens Toni Mikkola Ivan Snehota Audrey Bink Ove Jensen Stefanos Mouzas Kaj Storbacka Per Olof Brehmer Robert Krapfel Peter Naud Olavi Uusitalo Noel Capon Antonella La Rocca Jukka Ojasalo Tom Vanderbiesen Simon Croom Sylvie Lacoste Catherine Pardo Stefan Wengler Osman Gök Nikala Lane Nigel Piercy Kevin Wilson Paolo Guenzi Rgis Lemmens Michael Pusateri Diana Woodburn Stephan Henneburg Tommi Mahlamäki Jakob Rehme John Workman Sue Holt Malcolm McDonald Sanjiv Sengupta George Yip Christian Homburg Florin Mihoc Christoph Senn Judy Zolkiewski *Selling and Sales Management* David Jobber, Geoffrey Lancaster, Kenneth Le Meunier-FitzHugh, 2019 This new edition comes fully updated with new case studies using working businesses to connect sales theory to the practical implications of selling in a modern environment It also contains the results from cutting edge research that differentiates it from most of its competitors The book continues to place emphasis on global aspects of selling and sales management Topics covered include technological applications of selling and sales management ethics of selling

and sales management systems selling and a comprehensive coverage of key account management Marketing Research for the Global Construction Industry Sui Pheng Low,1993 The global construction industry is a fascinating subject for international contractors researchers and government agencies involved with the export marketing of construction services Despite the growing importance of the global construction market relatively little is known of its characteristics From a market research point of view a Marketing Information System within the context of the construction exports industry has been pioneered in this book to provide information for decision making in more than one country In the process of examining the construction industries in 180 countries and territories the North South divide in the global construction industry has been consequently identified Apart from the economic models which succinctly highlights movements in the global construction industry a methodology for market research purposes is also presented Guide to Sources for Agricultural and Biological Research J.
