makes a major contribution to the study of the roots of Nazism **The Protection of Economic, Social and Cultural Rights in Africa** Danwood Mzikenge Chirwa,Lilian Chenwi,2016-10-20 This book critically examines models of domestic regional and international judicial protection of economic cultural and social rights in Africa **Cultural Policy in East Asia** Lorraine Lim,2015-10-14 This book provides an introduction to the contemporary issues that are occurring in cultural policy in East Asia today Interest in East Asia has grown considerably in recent years due not only to the emergence of economic super powers such as China but also to the cultural impact the region is making throughout the world through Japanese film and Korean Pop Music Addressing the relationship between the state culture and the creative economy this collection highlights how cultural policy within this region has to be understood within its social historical and political context By presenting a variety of chapters that examine the role of culture within the countries of China Japan Singapore South Korea and Taiwan this book offers readers an insight into the key issues affecting development of cultural policy in these countries This book was originally published as a Special Issue of the International Journal of Cultural Policy
