

# National Identity

**W. Spohn, M. Koenig, W. Knöbl**

## **National Identity:**

**National Identity** Anthony Douglas Smith, 1991

**National Identity** Richard R. Verdugo, Andrew Milne, 2016-06-01

National identity has been the subject of much controversy and debate. Some have even suggested dropping the concept entirely. One group, Essentialists, argue that national identity is fixed, cultural, based on birth and ancestry. Another viewpoint is posited by Postmodernists who argue that national identity is malleable, invented or imagined. As alternatives, some have suggested that national identity is a hybrid of both Essentialist and Postmodernist views. And still others bypass this argument and suggest that national identity should be based on civic factors such as shared values and norms about citizenship. While controversy and debate are healthy exercises in any science, at some point order must be established if science is to proceed. The present volume is based on the idea that national identity is an ideal type concept; it does not completely capture reality but is used for analytic purposes. In addition, rather than focusing on these theoretical debates, we pursue research with the idea that results from research will contribute to the field of national identity. Three areas of national identity are discussed: theoretical, national, and individual. Two chapters focus on the major theories about national identity, provide critiques, and make suggestions about the topic. In section two, six chapters provide case studies of national identity on Scotland, Ireland, Russia, Bosnia Herzegovina, Germany, and France. In section three, two case studies focus on immigrants and the challenges they face in forming their identities, especially identifying with their host countries, Belgium and the United Kingdom. Several important conclusions may be gleaned from the contributions of the present volume. To begin with, while national identity is a slippery concept, if the field wishes to move beyond debate about fundamentals, it would be well advised to view the concept as an ideal type, as suggested by the great German scholar Max Weber. Secondly, the case studies included in the present volume indicate that national identity is not only based on ethnicity and culture but on such external factors as governance regimes and their changes, economic crises, wars, and other forms of aggressive activity and social demographic changes in a population. These factors affect a population at the national level. For immigrants at the individual level, developing national identity is greatly affected by four interrelated factors: 1) the degree to which they are accepted by members of the host society; 2) immigrants' language skills and physical appearances; 3) how well they are able to balance their host national identity, their ethnic identity, and acceptance of their native country; 4) and their generational status. Generally, at the national and individual levels, context and circumstances matter in developing national identity.

Nation and Identity Ross Poole, 1999. Nation and Identity provides a concise and comprehensive account of the place of national identity in modern life. Ross Poole argues that the nation became a fundamental organising principle of social, political, and moral life during the period of early modernity and that it has provided the organising principle of much liberal, republican, and democratic thought. Ross Poole offers us a new and urgently needed analysis of the concept of identity, arguing that we are now in a position to envisage the end of nationalism. We see that the impact of issues like

multiculturalism republicanism and indigenous rights have made it very difficult to see how the possibility of a postnational cosmopolitanism could not degenerate into a nihilistic moral universe Nation and Identity will be a fascinating read for all those interested in issues of national identity both politically and philosophically *You, the People* Vanessa B.

Beasley,2011-11-07 New in paperback As we ask anew in these troubled times what it means to be an American *You the People* provides perspective by casting its eye over the answers given by past U S presidents in their addresses to the public Who is an American and who is not And yet as Vanessa Beasley demonstrates in this eloquent exploration of a century of presidential speeches the questions are not new Since the Founders first identified the nation as we the people the faces and accents of U S citizens have changed dramatically due to immigration and other constitutive changes U S presidents have often spoken as if there were one monolithic American people Here Beasley traces rhetorical constructions of American national identity in presidents inaugural addresses and state of the union messages from 1885 through 2000 She argues convincingly that while the demographics of the voting citizenry changed rapidly during this period presidential definitions of American national identity did not Chief executives have consistently employed a rhetoric of American nationalism that is simultaneously inclusive and exclusive Beasley examines both the genius and the limitations of this language **National**

**Identity and Partisan Polarization** Eric M. Uslaner,2022 The foundations of national identity The United States The United Kingdom France Germany and Austria Sweden Central and Eastern Europe Israel and Taiwan Deservingness Reprise

Exploring Australian National Identity Jed Donoghue,Bruce Tranter,2018-06-11 This book examines the influence of historical and popular figures on the way Australians see themselves in the 21st century Investigating whether colonial figures such as convicts and bushrangers still influence contemporary Australian identity and how the influence of sports figures politicians and scientists manifests itself Culture, Politics, and National Identity in Wales 1832-1886 Matthew

Cragoe,2004-06-17 This detailed scholarly exploration of Welsh political culture in the 19th century offers a new interpretation of the rise of nationalism The author shows how the focus of legitimate power in the community shifted from the aristocracy to the urban middle classes **The Australian Constitution and National Identity** Anna

Olijnyk,Alexander Reilly,2023-05-11 What does Australia s Constitution say about national identity A conventional answer might be not much Yet recent constitutional controversies raise issues about the recognition of First Peoples the place of migrants and dual citizens the right to free speech the nature of our democracy and our continuing connection to the British monarchy These are constitutional questions but they are also questions about who we are as a nation This edited collection brings together legal historical and political science scholarship These diverse perspectives reveal a wealth of connections between the Australian Constitution and Australia s national identity **Language and National Identity in Africa**

Andrew Simpson,2008-02-07 This book focuses on language culture and identity in nineteen countries in Africa Leading specialists mainly from Africa describe national linguistic and political histories assess the status of majority and minority

languages and consider the role of language in ethnic conflict

**Rethinking Stateless Nations and National Identity in Wales and the Basque Country** Sophie Williams, 2018-08-10 This book looks at the fundamental components of national identity as understood by ordinary nation members and the way in which it is mobilised by political elites Drawing on an original case comparison between Wales and the Basque Country the author suggests there are many commonalities between these two nations particularly around the fundamentals of their national identities However differences occur in terms of degree of intensity of feeling and around the politicisation of identity with more entrenched and hostile political positioning in the Basque Country than Wales Through a multi level comparison the book generates insights into national identity as a theoretical concept and in a stateless nation context It argues for national identity's intangible yet polemical nature looking at the primordialist way it is understood its permanence and importance coupled with its lack of everyday salience and consequent obligations

**Rethinking National Identity in the Age of Migration** Migration Policy Institute, Bertelsmann Stiftung, 2012-11-30 Greater mobility and migration have brought about unprecedented levels of diversity that are transforming communities across the Atlantic in fundamental ways sparking uncertainty over who we are in a society As publics fear loss of their national identity and values the need is greater than ever to reinforce the bonds that tie communities together Yet while a consensus may be emerging as to what has not worked well little thought has been given to developing a new organizing principle for community cohesion Such a vision needs to smooth divisions between immigration's winners and losers blunt extremism and respond smartly to changing community and national identities This volume will examine the lessons that can be drawn from various approaches to immigrant integration and managing diversity in North America and Europe The book delivers recommendations on what policymakers must do to build and reinforce inclusiveness given the realities on each side of the Atlantic It offers insights into the next generation of policies that can rebuild inclusive societies and bring immigrants and natives together in pursuit of shared futures

**Symbols of Defeat in the Construction of National Identity** Steven Mock, 2011-12-29 If nationalism is the assertion of legitimacy for a nation and its effectiveness as a political entity why do many nations emphasize images of their own defeat in understanding their history Using Israel Serbia France Greece and Ghana as examples the author argues that this phenomenon exposes the ambivalence that lurks behind the passions nationalism evokes Symbols of defeat glorify a nation's ancient past while reenacting the destruction of that past as a necessary step in constructing a functioning modern society As a result these symbols often assume a foundational role in national mythology Threats to such symbols are perceived as threats to the nation itself and consequently are met with desperation difficult for outsiders to understand

*Turbo-folk Music and Cultural Representations of National Identity in Former Yugoslavia* Uroš Čvoro, 2016-03-03 Turbo folk music is the most controversial form of popular culture in the new states of former Yugoslavia Theoretically ambitious and innovative this book is a new account of popular music that has been at the centre of national political and cultural debates for over two decades

Beginning with 1970s Socialist Yugoslavia Uro voro explores the cultural and political paradoxes of turbo folk described as backward music whose misogynist and Serb nationalist iconography represents a threat to cosmopolitanism turbo folk s iconography is also perceived as a genuinely Balkan form of resistance to the threat of neo liberalism Taking as its starting point turbo folk s popularity across national borders voro analyses key songs and performers in Serbia Slovenia and Croatia The book also examines the effects of turbo on the broader cultural sphere including art film sculpture and architecture twenty years after its inception and popularization What is proposed is a new way of reading the relationship of contemporary popular music to processes of cultural political and social change and a new understanding of how fundamental turbo folk is to the recent history of former Yugoslavia and its successor states **National Identity** Martin

Gitlin,2019-12-15 How can we maintain a strong national identity without going too far Having pride in one s country its history and values is important but what happens when that is threatened by new immigrant groups When a country becomes more diverse whether it s race ethnicity or religious faith does the nation s identity expand to accommodate those changes or does it become more rigid setting the stage for an us and them conflict Through diverse perspectives from countries around the world this volume explores facets of national identity Readers will analyze its purpose benefits dangers and its future in a changing world **Understanding National Identity** David McCrone, Frank Bechhofer, 2015-03-26 Investigates the

concept of national identity based on twenty years of empirical evidence *The Future of National Identity* Craig Evan

Klafter, 2008 **National Identity as an Issue of Knowledge and Morality** N. Z. Chavchavadze, N. V. Chavchavadze, Gia Nodia, Paul Peachey, 1994 **Religion and National Identities in an Enlarged Europe** W. Spohn, M. Koenig, W.

Knöbl, 2015-06-09 This volume analyzes changing relationships between religion and national identity in the course of European integration Examining elite discourse media debates and public opinions across Europe over a decade it explores how accelerated European integration and Eastern enlargement have affected religious markers of collective identity

**Human Growth and Development** Mr. Rohit Manglik, 2024-03-29 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels *Who Counts as an American?* Elizabeth Theiss-Morse, 2009-07-27 Why is national identity such a potent force in people s lives And is the force positive or negative In this thoughtful and provocative book Elizabeth Theiss Morse develops a social theory of national identity and uses a national survey focus groups and experiments to answer these important questions in the American context Her results show that the combination of group commitment and the setting of exclusive boundaries on the national group affects how people behave toward their fellow Americans Strong identifiers care a great deal about their national group They want to help and to be loyal to their fellow Americans By limiting who counts as an American though these strong identifiers place serious limits on who benefits

from their pro group behavior Help and loyalty are offered only to true Americans not Americans who do not count and who are pushed to the periphery of the national group

Thank you very much for reading **National Identity**. As you may know, people have search numerous times for their chosen books like this National Identity, but end up in infectious downloads.

Rather than reading a good book with a cup of tea in the afternoon, instead they cope with some harmful virus inside their computer.

National Identity is available in our digital library an online access to it is set as public so you can download it instantly.

Our book servers spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the National Identity is universally compatible with any devices to read
