Routledge Handbook of National and Regional Ocean Policies Biliana Cicin-Sain, David Vanderzwaag, Miriam C. Balgos, 2015-05-15 This comprehensive handbook prepared by leading ocean policy academics and practitioners from around the world presents in depth analyses of the experiences of fifteen developed and developing nations and four key regions of the world that have taken concrete steps toward cross cutting and integrated national and regional ocean policy All chapters follow a common framework for policy analysis While most coastal nations of the world already have a variety of sectoral policies in place to manage different uses of the ocean such as shipping fishing oil and gas development in the last two decades the coastal nations covered in the book have undertaken concerted efforts to articulate and implement an integrated ecosystem based

vision for the governance of ocean areas under their jurisdiction This includes goals and procedures to harmonize existing uses and laws to foster sustainable development of ocean areas to protect biodiversity and vulnerable resources and ecosystems and to coordinate the actions of the many government agencies that are typically involved in oceans affairs The book highlights the serious conflicts of use in most national ocean zones and the varying attempts by nations to follow the prescriptions emanating from the 1982 UN Law of the Sea Convention and the outcomes of the 1992 2002 and 2012 sustainable development summits The interrelationship among uses and processes in the coast and ocean requires that ocean governance be integrated precautionary and anticipatory Overall the book provides a definitive state of the art review and analysis of national and regional ocean policies around the world *The journey towards comprehensive sexuality education* Joint United Nations Programme on HIV/AIDS, UNESCO, United Nations Children's Fund, United Nations Entity for Gender Equality and the Empowerment of Women, United Nations Population Fund, WHO (World Health Organization), 2021-10-30

Educational Curricula Jennifer N. Casey, 2008 In formal education a curriculum plural curricula is the set of courses and their content offered at a school or university As an idea curriculum stems from the Latin word for race course referring to the course of deeds and experiences through which children grow and mature in becoming adults Crucial to the curriculum is the definition of the course objectives that usually are expressed as learning outcomes and normally include the program s assessment strategy These outcomes and assessments are grouped as units or modules and therefore the curriculum comprises a collection of such units each in turn comprising a specialised specific part of the curriculum So a typical curriculum includes communications numeracy information technology and social skills units with specific specialised teaching of each This book presents research on educational curricula from around the world **Recent Perspectives on Preschool Education and Care** , 2024-01-24 The preschool period is a period in which children investigate and try to get to know their environment are willing to communicate with their environment and begin to acquire the value judgments of the society they live in and the behaviors and habits appropriate to the cultural structure of that society In this period when the foundations of personality are laid the child needs conscious guidance in home school and social life By providing appropriate educational opportunities in the early years the development of children s self care mind language social emotional and motor skills can be supported In a preschool education institution that is well prepared in terms of physical conditions and educational programs the children learn to establish friendships cooperate and develop their skills Developing human potential to its highest limits is only possible with the opportunities provided in the early years This book provides a comprehensive overview of preschool education Chapters address such topics as the importance of literacy pedagogical leadership high quality preschool education and preschool improvement practices They also discuss the role of theater in childhood education and community approaches to funding and support Furthermore the book examines childhood obesity connecting home school and communities childcare social enterprises teacher quality and professional development motor
