National Self Determination And Secession:

National Self-Determination and Secession Margaret Moore, 1998-10-08 In recent years numerous multi national states have disintegrated along national lines and today many more in both the first and the third worlds continue to witness bitter secessionist struggles The proliferation of national conflicts and secessionist movements has given rise to many important questions which urgently need to be addressed When is secession justified What is a people and what gives them a right to secede Is national determination consistent with liberal and democratic principles Or is it a dangerous doctrine In the years following 1991 when Allen Buchanan published *Secession* a number of competing theories of the ethics of secession have been put forward This pathbreaking study by a host of leading figures in the field brings together for the first time a series of original essays on these theories Offering fresh insight into debates about contested territory the problem of minorities and the place of secession in resolving national conflicts this volume provides a much needed philosophical discussion of the normative implications of nationalism

National Self-determination and Secession Margaret Moore (Ph. D.), 1998 In recent years numerous multi national states have disintegrated along national lines and today many more in both the first and the third worlds continue to witness bitter secessionist struggles The proliferation of national conflicts and secessionist movements has given rise to many important questions which urgently need to be addressed When is secession justified What is a people and what gives them a right to secede Is national determination consistent with liberal and democratic principles Or is it a dangerous doctrine In the years following 1991 when Allen Buchanan published *Secession* a number of competing theories of the ethics of secession have been put forward This pathbreaking study by a host of leading figures in the field brings together for the first time a series of original essays on these theories Offering fresh insight into debates about contested territory the problem of minorities and the place of secession in resolving national conflicts this volume provides a much needed philosophical discussion of the normative implications of nationalism

Nationalism, self-determination and secession The Open University, This 8 hour free course explored how people who see themselves as nations challenge the existing order to assert their right to a state of their own [The Nation State and National Self-determination](#)

Alfred Cobban, 1970 **A Theory of Secession** Christopher Heath Wellman, 2005-09-05 First published in 2005 *A Theory of Secession The Case for Political Self Determination* offers an unapologetic defense of the right to secede Christopher Heath Wellman argues that any group has a moral right to secede as long as its political divorce will leave it and the remainder state in a position to perform the requisite political functions He explains that there is nothing contradictory about valuing legitimate states while permitting their division Once political states are recognized as valuable because of the functions that they are uniquely suited to perform it becomes apparent that the territorial boundaries of existing states might permissably be redrawn as long as neither the process nor the result of this reconfiguration interrupts the production of the crucial political benefits Thus if one values self determination then one has good reason to conclude that people have a right

to determine their political boundaries

States, Nations and Borders Allen Buchanan, Margaret Moore, 2003-03-31 This volume examines comparatively the views and principles of seven prominent ethical traditions on one of the most pressing issues of modern politics the making and unmaking of state and national boundaries The traditions represented are Judaism Christianity Islam natural law Confucianism liberalism and international law Each contributor an expert within one of these traditions shows how that tradition can handle the five dominant methods of altering state and national boundaries conquest settlement purchase inheritance and secession Written by a distinguished group of international specialists this volume is unique in providing both in depth normative and comparative perspectives on a troubling question that will offer readers real insight into inter tradition conflict Those readers will range from upper level undergraduates to scholars in such fields as philosophy political science international relations and comparative religion

Perspectives on Secession Martin Riegl, Bohumil Doboš, 2020-06-24 This book explores the changing nature of secessionist attempts in connection with rapidly evolving geopolitical and technological landscapes By presenting theoretical chapters as well as case studies on various secessionist movements around the globe the contributing authors study a range of topics including the role of the media in secessionist conflicts secessionist referenda and the viability of secessionist attempts in terms of their internal dimension and external support and interference The book will appeal to political scientists and international relations scholars who are interested in the processes politics and geopolitical implications of secessionist movements

Justice, Legitimacy, and Self-Determination Allen Buchanan, 2003-08-21 This book articulates a systematic vision of an international legal system grounded in the commitment to justice for all persons It provides a probing exploration of the moral issues involved in disputes about secession ethno national conflict the right of self determination of peoples human rights and the legitimacy of the international legal system itself Buchanan advances vigorous criticisms of the central dogmas of international relations and international law arguing that the international legal system should make justice not simply peace among states a primary goal and rejecting the view that it is permissible for a state to conduct its foreign policies exclusively according to what is in the the national interest He also shows that the only alternatives are not rigid adherence to existing international law or lawless chaos in which the world s one superpower pursues its own interests without constraints This book not only criticizes the existing international legal order but also offers morally defensible and practicable principles for reforming it Justice Legitimacy and Self Determination will find a broad readership in political science international law and political philosophy Oxford Political Theory presents the best new work in political theory It is intended to be broad in scope including original contributions to political philosophy and also work in applied political theory The series contains works of outstanding quality with no restrictions as to approach or subject matter Series Editors Will Kymlicka David Miller and Alan Ryan

Self-Determination and Collective Responsibility in the Secessionist Struggle Costas Laoutides, 2016-03-03 The often violent emergence of new independent states following the end of the Cold War generated discussion about the

normative grounds of territorial separatism A number of opposing approaches surfaced debating whether and under which circumstances there is a right for a community to secede from its host country Overwhelmingly these studies placed emphasis on the right to secession and neglected the moral stance of secessionist movements as agents in international relations In this book Costas Laoutides explores the collective moral agency involved in secessionist struggles offering a theoretical model for the collective responsibility of secessionist groups Case studies on the Kurds and the people of Moldova Transdnistria illustrate the author's theoretical arguments as he seeks to establish how although the principle of self-determination was envisaged as a means of gradually bestowing political power upon the people it never managed to realize its full potential because it was interpreted strictly within a framework of exclusionary politics of identity National Self-Determination and Justice in Multinational States Anna Moltchanova, 2009-08-28 Substate nationalism especially in the past fifteen years has noticeably affected the political and territorial stability of many countries both democratic and democratizing Norms exist to limit the behavior of collective agents in relation to individuals the set of universally accepted human rights provides a basic framework There is a lacuna in international law however in the regulation of the behavior of groups toward other groups with the exception of relations among states The book offers a normative approach to moderate minority nationalism that treats minorities and majorities in multinational states justly and argues for the differentiation of group rights based on how group agents are constituted It argues that group agency requires a shared set of beliefs concerning membership and the social ontology it offers ensures that group rights can be aligned with individual rights It formulates a set of principles that if adopted would aid conflict resolution in multinational states The book pays special attention to national self-determination in transitional societies The book is intended for everyone in political philosophy and political science interested in global justice and international law and legal practitioners interested in normative issues and group rights *The Palgrave Handbook of International Political Theory* Howard Williams, David Boucher, Peter Sutch, David Reidy, Alexandros Koutsoukis, 2023-11-02 This handbook provides an exploration of the field of International Political Theory IPT which in its broadest terms examines the ways in which ideas about justice sovereignty and legitimacy shape international politics It is a comprehensive resource for those interested in understanding the philosophical political and legal issues that arise from interactions between states peoples and global actors The two volumes of the handbook cover a wide range of topics from the foundations of international political thought to the latest debates in the field They are designed to give readers a comprehensive overview of the key concepts and arguments within international political theory and provide an introduction to the main debates in the field Volume 1 takes us from the ancient world to the formation of the modern state system as we lay the groundwork for a critical understanding of changes in and challenges to core ideas such as sovereignty international law and territorial integrity The contributions to this volume explore the European domination of the discipline providing insights into how it came to conceive the world in its own image They also focus on non-Western

perspectives and reactions to European hegemony

Identity, Self-determination and Secession Igor

Primoratz, Aleksandar Pavković, 2006 Engaging with a range of interconnected and highly topical issues of identity self determination and secession this book discusses nationalism as an important component of identity of individuals and groups and also examines patriotism which has recently undergone a dramatic revival The book includes contributions by prominent philosophers and political and legal theorists from Australia Canada Israel and the United States

Liberalism, Nationalism, Citizenship Ronald Beiner, 2003 Liberals believe that the purpose of politics is to guarantee that individuals do not face unfair impediments in pursuing the lives they choose for themselves Nationalists believe that the purpose of politics is to ensure that a people's sense of authentic nationhood wins full expression in powers of collective sovereignty or self rule Both of these forms of political commitment yield world transforming political philosophies but do either of these visions do adequate justice to a philosophically robust ideal of shared citizenship and civic membership In Liberalism Nationalism Citizenship Ronald Beiner engages critically with a wide range of important political thinkers and current debates in light of the Aristotelean idea that shared citizenship is an essential human calling Virtually every aspect of contemporary political experience globalization international migration secessionist movements the politics of multiculturalism pose urgent challenges to modern citizenship Beiner's work on the philosophy of citizenship is essential reading not just for students of politics and political philosophy but for all those who rightly sense that these kinds of recent challenges

Constitutionalising Secession David Haljan, 2014-11-01 Constitutionalising Secession proceeds from the question What if anything does the law have to say about a secession crisis But rather than approaching secession through the optic of political or nationalist institutional accommodation this book focuses on the underpinnings to a constitutional order as a law making community underpinnings laid bare by secession pressures Relying on the corrosive effects of secession it explores the deep structure of a constitutional order and the motive forces creating and sustaining that order A core idea is that the normativity of law is best understood through a constitutional optic as an integrative associative force Constitutionalising Secession critically analyses conceptions of constitutional order implicit in the leading models of secession and takes as a leading case study the judicial and legislative response to secession in Canada The book therefore develops a concept of constitutionalism and law making associative constitutionalism to describe their deep structure as a continuing integrative process of association This model of a dynamic process of value formation can address both the association and the disassociation of constitutional systems

Ethical Reasoning in International Affairs C. Navari, 2013-11-06 Arguing for a middle ground between idealism and realism this book considers the most pressing ethical and moral issues in contemporary international politics including intervention human rights and aid and sets about reasoning how to resolve them in politically realistic ways

Contextualizing Secession Bruno Coppieters, Richard Sakwa, 2003-07-17 In a world where the traditional territorial organisation of the state is coming under increasing challenge from pressures from above

globalisation and from below struggles for federalisation and secession the theoretical and practical questions concerning secessionist struggles become ever more acute It is these questions that this volume addresses Why do some struggles for autonomy take acute forms above all violent struggles for secession for example Chechnya while others remain within the framework of constitutional politics for example Tatarstan and Quebec Under what conditions does a distinct political community have the right to secede from another and how should this process be managed Our ten case studies seek to answer these questions on the basis of the application of just war theory to the normative and practical issues concerning the secession struggles in these regions The Introduction sets out the theoretical issues and then each case study provides a rich mix of theoretical and empirical material and some of the broader issues are then drawn together in the concluding chapter The book focuses on four key themes that are central to the ethics of secession The first examines normative issues in particular the tension between choice theories and those based on remedial just cause arguments The second discusses the problem of violence in secessionist struggles and the ensuing relationship between just war theory and the ethics of secession The third problem is the relationship between nationhood and citizenship and in particular the problem of applying what has now become a conventional distinction between ethnic and civic representations of the political community Finally the contentious issue of sovereignty and the way that it frames debates about self determination With each of these themes the application of general moral principles to particular historical contexts opens up new avenues of research This book is essential reading for those who wish to understand both the theoretical and practical issues concerning secession struggles in the world today

Theories of Secession

Percy B. Lehning, 2005-06-23 Theories of Secession presents a systematic analysis of the rise of secessionist movements in global politics Bringing together a collection of experts in the field it provides a timely forum for debate in this contentious area of study

Territorial Rights

Tamar Meisels, 2007-09-20 Liberal defences of nationalism have become prevalent since the mid 1980 s Curiously they have largely neglected the fact that nationalism is primarily about land Should liberals throw up their hands in despair when confronting conflicting claims stemming from incommensurable national narratives and holy texts Should they dismiss conflicting demands that stem solely from particular cultures religions and mythologies in favour of a supposedly neutral set of guidelines Does history matter Should ancient injustices interest us today Should we care who reached the territory first and who were its prior inhabitants Should principles of utility play a part in resolving territorial disputes Was John Locke right to argue that the utilisation of land counts in favour of its acquisition And should Western style settlement projects work in favour or against a nation s territorial demands When and how should principles of equality and equal distribution come into play Territorial Rights examines the generic types of territorial claims customarily put forward by national groups as justification for their territorial demands within the framework of what has come to be known as liberal nationalism The final outcome is a multifarious theory on the ethics of territorial boundaries that supplies a workable set of guidelines for evaluating territorial disputes

from a liberal national perspective and offers a common ground for discussion including disagreement and for the mediation of claims *The Doctrine of National Self-determination* Sarah Wambaugh,1919 **Self-determination** Patricia Carley,United States Institute of Peace,1996

Adopting the Melody of Term: An Emotional Symphony within **National Self Determination And Secession**

In some sort of used by monitors and the ceaseless chatter of instantaneous communication, the melodic elegance and emotional symphony produced by the published term frequently diminish into the background, eclipsed by the constant sound and disturbances that permeate our lives. Nevertheless, set within the pages of **National Self Determination And Secession** a marvelous fictional treasure full of organic thoughts, lies an immersive symphony waiting to be embraced. Constructed by an outstanding composer of language, that charming masterpiece conducts viewers on an emotional journey, well unraveling the hidden songs and profound impact resonating within each cautiously constructed phrase. Within the depths with this poignant examination, we can discover the book is key harmonies, analyze its enthralling publishing style, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

National Self Determination And Secession Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading National Self Determination And Secession free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading National Self Determination And Secession free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for

offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading National Self Determination And Secession free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading National Self Determination And Secession. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading National Self Determination And Secession any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About National Self Determination And Secession Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What's the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. National Self Determination And Secession is one of the best books in our library for free trial. We provide a copy of National Self Determination And Secession in digital format, so the resources that you find are reliable. There are also many eBooks related to National Self Determination And Secession. Where to download National Self Determination And Secession online for free? Are you looking for National Self Determination And Secession PDF? This is definitely going to save you time and cash in something you should think about. If you're trying to find then search around for online. Without a doubt, there are numerous these available and many of them have the freedom. However, without a doubt, you receive whatever you purchase. An alternate way

to get ideas is always to check another National Self Determination And Secession. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of National Self Determination And Secession are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with National Self Determination And Secession. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with National Self Determination And Secession To get started finding National Self Determination And Secession, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with National Self Determination And Secession So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading National Self Determination And Secession. Maybe you have knowledge that, people have search numerous times for their favorite readings like this National Self Determination And Secession, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. National Self Determination And Secession is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, National Self Determination And Secession is universally compatible with any devices to read.
