National Identity Of Romanians In Transylvania:

National Identity of Romanians in Transylvania Sorin Mitu, 2001-07 Arguing that the study of the emergence of national identity is often solely related to the notion that people discover that they extend over a region Mitu history Babes Bolyai U Romania argues that a proper study would also look at the questions of what people perceive characterizes their national identity To that end he looks at the self perception of the Romanians in Transylvania as it emerged at the beginning of the modern era He finds that the emergence of the Romanian national identity during the revolutions of 1821 and 1848 is analogous to the process that the French and American revolutions had on the rise of national identity in their respective societies Looking at such historical works as Petru Maior's History and Budai Deleanu's Gypsyad he explores the common cliches in the texts that conditioned the self perception of identity c Book News Inc *Witchcraft in Romania* Ioan Pop-Curşeu, Ştefana Pop-Curşeu, 2022-11-30 This book provides a history of witchcraft in the territories that compose contemporary Romania with a focus on the sixteenth to nineteenth centuries The first part presents aspects of earthly justice religious and secular analysing the codes of law trials and verdicts and underlining the differences between Transylvania on one hand and Moldavia and Wallachia on the other The second part is concerned with divine justice describing apocalyptic texts that talk about the pains of witches in hell but also the ensembles of religious painting where in vast compositions of the Last Judgment various punishments for the sin of witchcraft are imagined **Nationalist Politics and Everyday Ethnicity in a Transylvanian Town** Rogers Brubaker, Margit Feischmidt, Jon Fox, Liana Grancea, 2018-06-05 Situated on the geographic margins of two nations yet imagined as central to each Transylvania has long been a site of nationalist struggles Since the fall of communism these struggles have been particularly intense in Cluj Transylvania's cultural and political center Yet heated nationalist rhetoric has evoked only muted popular response The citizens of Cluj the Romanian speaking majority and the Hungarian speaking minority have been largely indifferent to the nationalist claims made in their names Based on seven years of field research this book examines not only the sharply polarized fields of nationalist politics in Cluj Transylvania and the wider region but also the more fluid terrain on which ethnicity and nationhood are experienced enacted and understood in everyday life In doing so the book addresses fundamental questions about ethnicity where it is when it matters and how it works Bridging conventional divisions of academic labor Rogers Brubaker and his collaborators employ perspectives seldom found together historical and ethnographic institutional and interactional political and experiential Further developing the argument of Brubaker's groundbreaking *Ethnicity without Groups* the book demonstrates that it is ultimately in and through everyday experience as much as in political contestation or cultural articulation that ethnicity and nationhood are produced and reproduced as basic categories of social and political life Grappling with National Identity György Csepeli, Antal Örkény, Mária Székelyi, 2000 *Women, Gender, and Fascism in Europe, 1919-45* Kevin Passmore, 2003 Investigates the role of women and gender in fascist and non fascist movements of the extreme right The text

re examines the nature of the extreme right in the light of research in the field of women's and gender studies offering an accessible overview of developments in Europe

Nationalism and Territory George W. White, 2000 Why do nations come into conflict What factors lead to the horrors of ethnic cleansing This timely book offers clear-eyed answers to these questions by exploring how national identity is shaped by place focusing especially on Serbia Hungary and Romania Moving beyond studies of nationalism that consider only the economic and geostrategic value of territory George W White shows that the very core of national identity is intimately bound to specific places Indeed nations define themselves in terms of spaces that have historical linguistic and religious meaning as Serbs have clearly demonstrated in Kosovo These territories are concrete expressions of a nation's identity both past and present With his detailed analysis of the places that define national identity in Southeastern Europe White convincingly shows why territorial disputes so often escalate into war

Sectarianism and Renewal in 1920s Romania Roland Clark, 2020-12-10 The Romanian Orthodox Church expanded significantly after the First World War yet Protestant Repentant and schismatic Orthodox movements such as Old Calendarism also grew exponentially during this period terrifying church leaders who responded by sending missionary priests into the villages to combat sectarianism Several lay renewal movements such as the Lord's Army and the Stork's Nest also appeared within the Orthodox Church implicating large numbers of peasants and workers in tight-knit religious communities operating at the margins of Eastern Orthodoxy Bringing the history of the Orthodox Church into dialogue with sectarianism heresy grassroots religious organization and nation building Roland Clark explores how competing religious groups in interwar Romania responded to and emerged out of similar catalysts including rising literacy rates new religious practices and a newly empowered laity inspired by universal male suffrage and a growing civil society who took control of community organizing He also analyses how Orthodox leaders used nationalism to attack sectarians as un-Romanian whilst these groups remained indifferent to the claims the nation made on their souls Situated at the intersection of transnational history religious history and the history of reading *Sectarianism and Renewal in 1920s Romania* challenges us to rethink the one-sided narratives about modernity and religious conflict in interwar Eastern Europe The ebook editions are available under a

Women, Nationalism, and Social Networks in the Habsburg Monarchy, 1848-1918 Marta Verginella, 2023-12-15 Women Nationalism and Social Networks in the Habsburg Monarchy 1848 1918 focuses on the lives of women in Southeastern Europe during the nineteenth and twentieth centuries exploring the intersection of gender and nationalism By looking at a wide range of sources and employing rich historiography this collection investigates the currents of women's emancipatory efforts in a climate of conflicting assumptions relating to nationhood and nationalization This book sheds light on a time when both women and nations were working to assert themselves and how women promoted the national cause in an attempt to assume stronger roles in the public sphere The volume studies areas that were nationally mixed and linguistically plural thus pointing to the dynamic role of peripheries and pluralism affecting women's approaches to and experience of nationalization These essays speak to women's agency as individuals and members of the social networks and their roles in cultural ethnic and political movements in pluralistic societies of the late nineteenth and early twentieth centuries thereby arguing that they enacted borders and were not simply acted on by them while also elucidating the ways they transgress the borders

Reconstructing a National Identity Marsha L. Rozenblit, 2004 This book explores the impact of war and political crisis on the national identity of Jews both in the multinational Habsburg monarchy and in the new nation states that replaced it at the end of World War I Jews enthusiastically supported the Austrian war effort because it allowed them to assert their Austrian loyalties and Jewish solidarity at the same time They faced a grave crisis of identity when the multinational state collapsed and they lived in nation states mostly uncomfortable with ethnic minorities This book raises important questions about Jewish identity and about the nature of ethnic and national identity in general

Romania's Holy War Grant T. Harward, 2021-11-15 Romania's Holy War rights the widespread myth that Romania was a reluctant member of the Axis during World War II In correcting this fallacy Grant T Harward shows that of an estimated 300 000 Jews who perished in Romania and Romanian occupied Ukraine more than 64 000 were in fact killed by Romanian soldiers Moreover the Romanian Army conducted a brutal campaign in German occupied Ukraine resulting in the deaths of thousands of Soviet prisoners of war partisans and civilians Investigating why Romanian soldiers fought and committed such atrocities Harward argues that strong ideology a cocktail of nationalism religion antisemitism and anticommunism undergirded their motivation Romania's Holy War draws on official military records wartime periodicals soldiers diaries and memoirs subsequent war crimes investigations and recent interviews with veterans to tell the full story Harward integrates the Holocaust into the narrative of military operations to show that most soldiers fully supported the wartime dictator General Ion Antonescu and his regime's holy war against Judeo

Bolshevism The army perpetrated mass reprisals targeting Jews in liberated Romanian territory supported the deportation and concentration of Jews in camps or ghettos in Romanian occupied Soviet territory and played a key supporting role in SS efforts to exterminate Jews in German occupied Soviet territory Harvard proves that Romania became Nazi Germany's most important ally in the war against the USSR because its soldiers were highly motivated thus overturning much of what we thought we knew about this theater of war Romania's Holy War provides the first complete history of why Romanian soldiers fought on the Eastern Front

Nested Identities Guntram Henrik Herb, David H. Kaplan, 1999 This groundbreaking work explores the vital importance of territory and space to any genuine understanding of nationalism and identity Too often the contributors argue national identity is analyzed apart from the lands that are integral to its formation as territory is seen as a commodity to be brokered rather than as central to a group's self definition This volume combines theoretical insights with structured case studies on how national identity manifests itself in space and at different geographical scales

The Romanian Mass Media and Cultural Development David

Berry, 2017-07-05 This compelling book assesses the development of the mass media since the Romanian Revolution in December 1989 and the media's impact on cultural development the public sphere civil society and democracy It controversially claims that Romania's failure to experience a thoroughgoing enlightenment project in its entire history remains a major obstacle for producing democratic ownership of the media and democratic development of society Analyzing both the print and broadcast media and their respective effects on development the book also discusses the effects of Romanian law on media and societal development ethics and media responsibilities It concludes however that far from having an absolutely negative impact on Romanian post communism the media has helped produce a contradictory empirical form that equally contains positive moments in terms of subjective cultural development

Romania under Communism

Dennis Deletant, 2018-10-11 Communism has cast a long shadow over Romania The passage of little over a quarter of a century since the overthrow in December 1989 of Romania's last Communist leader Nicolae Ceau escu offers a symbolic standpoint from which to penetrate that shadow and to throw light upon the entire period of Communist rule in the country An appropriate point of departure is the observation that Romania's trajectory as a Communist state within the Soviet bloc

was unlike that of any other That trajectory has its origins in the social structures attitudes and policies in the pre Communist period The course of that trajectory is the subject of this inquiry *Orthodoxy and the Cold War* L. Leustean, 2008-12-10 Explores the dynamics between Orthodoxy and politics in Romania providing an accessible narrative on church state relations from the establishment of the state in 1859 to the rise of Ceau escu in 1965 The book argues that Romanian national communism had an ally in a strong Church and analyzes religious diplomacy with actors in the West
