National Leaders Of American Conservation:

National Leaders of American Conservation Richard H. Stroud, 1985 **National Leaders of American Conservation** Richard Hamilton Stroud, 1985 **Biographical Dictionary of American and Canadian Naturalists and Environmentalists** George A. Cevalasco, Lorne Hammond, Richard Harmond, Keir B. Sterling, 1997-12-09 Casting a wide net this volume provides personal and professional information on some 445 American and Canadian naturalists and environmentalists who lived from the late 15th century to the late 20th century It includes explorers who published works on the natural history of North America conservationists ecologists environmentalists wildlife management specialists park planners national park administrators zoologists botanists natural historians geographers geologists academics museum scientists and administrators military personnel travellers government officials political figures and writers and artists concerned with the environment Some of the subjects are well known The accomplishments of others are little known Each entry contains a succinct but careful evaluation of the subject's career and contributions Entries also include up to date bibliographies and information concerning manuscript sources *A Theory of Environmental Leadership* Mark Manolopoulos, 2021-03-15 In *A Theory of Environmental Leadership* Mark Manolopoulos draws on his original model of leadership outlined in his cutting edge book *Following Reason* to derive and develop the first properly systematic model of eco leadership Suppose humanity's relation with the Earth may be described in terms of leadership stages or modalities once upon a time the Earth led or ruled humanity and now we humans rule or lead the Earth When the Earth led the Earth flourished now that humankind leads the Earth flounders ecological crises multiply and intensify However there might be a third stage or modality of leadership humanity leading for the Earth leading in a way that allows the world including humans to re flourish What would be the nature of this truly environmental form of leadership *A Theory of Environmental Leadership* identifies and critically analyzes the two basic and incompatible positions associated with the way we construe and interact with the non human anthropocentrism human supremacism and ecocentrism ecological egalitarianism By rigorously analyzing and leveraging this polarity this book outlines an innovative theory of eco leadership together with some of its confronting but necessary measures Expansive and incredibly timely *A Theory of Environmental Leadership* is ideal for a range of audiences from scholars and students of environmental leadership studies to activists and policymakers The book's remarkable clarity and engaging character also makes it suitable for the general public National Conservation Training Center Catalog of Training National Conservation Training Center (U.S. Fish and Wildlife Service), **Catalog of Training** National Conservation Training Center (U.S. Fish and Wildlife Service), 2007 **Of Limits and Growth** Stephen Macekura, 2015-07-15 *Of Limits and Growth* offers new perspectives on environmentalism post 1945 international history and the origins of sustainability *Public Papers of the Presidents of the United States: John F. Kennedy, 1963* Kennedy, John F., 1964-01-01 *Public Papers of the Presidents of the United States* **John F. Kennedy** United States. President

(1961-1963 : Kennedy),1964 **Congressional Record** United States. Congress,1998 **Rachel Carson** Linda Lear,2009

By drawing on previously unavailable sources and on interviews with those who knew her Linda Lear gives a compelling portrait of this heroic woman illuminating the origin of her connection with nature and of her determination to save what she loved Lear reveals the unexpected influence of Carson s early experience with industrial pollution and examines her life changing encounter with the possibility of global extinction in the frightening days of the early Cold War The book follows Carson s efforts to become a marine biologist at a time when women were unwelcome in the academic community It shows how her connections with nature were confirmed and strengthened through her work as a government scientist and editor where her views about the potential dangers of synthetic chemical pesticides evolved By the late 1950s Carson had transformed colorless government research into three brilliant popular books about the sea including *The Sea Around Us* and had become the most respected science writer in America Rachel Carson challenged the culture of her time and in the process shaped a powerful social movement that altered the course of American history *Natural Resource Leadership and Management* Frederick Cabbage,2021-11-25 This book examines leadership and management in natural resources drawing on literature principles and the author s own experiences as a leader and activist Developing a general framework summarizing the leadership and management cycle in natural resources for practitioners the book provides a synthesis of leadership theory and practice stemming from the personal and spiritual values of work and the key principle of aligning organizational resources and actions with stated intentions It discusses the somewhat unique context of natural resources comprised of private and public goods and services and complex societal values Key strategies that enable natural resource professionals to be leaders at all stages and positions in their career including vision and sustainability proficient human resources management fairness and merit and transparency and openness are analyzed Case studies of famous natural resource leaders and activists including Ding Darling David Attenborough Wangari Maathai Marina de Silva Greta Thunberg Bob Brown and Christina Koch are included The book examines their values training and principles and how they influenced national or global natural resource management Drawing on the author s own experiences as a leader and activist including his role as Department Head at North Carolina State University as an elected officer in the Society of American Foresters and as an activist opposing the sale of the Hofmann Forest the book provides practical examples and guidelines that professionals can consider and use in their careers This book will be of great interest to natural resource managers and professionals as well as students studying environmental management and natural resource governance and to practitioners who are looking to develop broader leadership and management skills **The Chronicles of America Series: Great leaders in business and politics** ,1919 **Great Leaders in Business and Politics** John Moody,1919 **Monthly Catalog of United States Government Publications** ,2004 **American Game** ,1925 *H.R. 1054, Authorizing Presidential Vision* United States. Congress. House. Committee on Government Reform. Subcommittee on Criminal Justice,

Drug Policy, and Human Resources,2005 *The Points of Light Movement* ,1993 **Environmental Leadership** Joyce K. Berry,John C. Gordon,1993 The need for environmental leadership the ability to cause and guide positive change toward a better future has never been greater While some may claim that leaders are born not made this book shows that leadership can be learned and that overt leadership preparation should be made an integral part of professional education and experience Environmental Leadership captures an approach to teaching leadership skills that has been used successfully at the Yale School of Forestry and Environmental Studies one of the nation s leading environmental studies programs It contains a series of personal accounts by a diverse array of successful environmental leaders who discuss their path to leadership the skills they found useful and their view of the characteristics and contexts that are important to environmental leadership By presenting the personal stories of numerous leaders and encouraging them to describe their experiences the editors demonstrate what they consider to be the soul of environmental leadership the incredible breadth of both the responses and challenges that environmental leaders face Environmental Leadership is an important resource for all environmental professionals who seek better stewardship of our environment and natural resources **Preserving Yellowstone's Natural Conditions** James A. Pritchard,2022-10 In this new edition James A Pritchard has added a summary of recent developments in wildlife science and management and discusses historical continuities in the role of Yellowstone Park as a wildlife refuge and conservator
