

Democratic and Republican Party Platforms

Text from the 2016 Republican and Democratic Party platforms on key climate and energy issues.

**DEMOCRATIC
PARTY PLATFORM**

**REPUBLICAN
PARTY PLATFORM**

CLIMATE CHANGE

"The best science tells us that without ambitious, immediate action across our economy... [climate] impacts will be far worse in the future. We cannot leave our children a planet that has been profoundly damaged."

"Climate change is far from this nation's most pressing national security issue. This is the triumph of extremism over common sense, and Congress must stop it."

THE PARIS AGREEMENT

"Democrats share a deep commitment to...reducing greenhouse gas emissions more than 80 percent below 2005 levels by 2050; and meeting the pledge President Obama put forward in the landmark Paris Agreement."

"We reject the agendas of both the Kyoto Protocol and the Paris Agreement which represent only the personal commitments of their signatories..."

CLEAN POWER PLAN

"Democrats are committed to defending, implementing, and extending smart pollution and efficiency standards, including the Clean Power Plan, fuel economy standards for automobiles and heavy-duty vehicles, building codes and appliance standards."

The "Clean Power Plan — the centerpiece of the President's war on coal — has been stayed by the Supreme Court. We will do away with it altogether. The Democratic Party does not understand that coal is an abundant, clean, affordable, reliable domestic energy resource."

ENVIRONMENTAL PROTECTION AGENCY

"Democrats are committed to closing the Halliburton loophole that stripped the Environmental Protection Agency (EPA) of its ability to regulate hydraulic fracturing, and ensuring tough safeguards are in place...to protect local water supplies."

"We propose to shift responsibility for environmental regulation...to the states and to transform the EPA into an independent bipartisan commission..."

KEystone XL PIPELINE

"We support President Obama's decision to reject the Keystone XL pipeline...We support a comprehensive approach that ensures all federal decisions going forward contribute to solving, not significantly exacerbating, climate change."

"The Keystone Pipeline has become a symbol of everything wrong with the current Administration's ideological approach. After years of delay, the President killed it to satisfy environmental extremists. We intend to finish that pipeline and others..."

CARBON PRICING/TAX

"Democrats believe that carbon dioxide, methane, and other greenhouse gases should be priced to reflect their negative externalities..."

"We oppose any carbon tax...We urge the private sector to focus its resources on the development of carbon capture and sequestration technology..."

National Party Platforms

William M. Wiecek

National Party Platforms:

National Party Platforms of the United States, Presidential Candidates, Electoral and Popular Votes, 1896 **National Party Platforms of the United States, Presidential Candidates, Electoral and Popular Votes** James Mack Henry Frederick, 2023-07-18 *National Party Platforms* is a meticulously researched and comprehensive guide to the major political parties platforms from throughout U S history James Mack and Henry Frederick provide background information on each party and candidate along with detailed analysis of each platform s planks and positions With its wealth of historical data and insights into the political process this book is a must read for anyone interested in American politics This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Where Did the Party Go?* Jeff Taylor, 2006 Using a twelve point model of Jeffersonian thought Taylor appraises the competing views of two Midwestern liberals William Jennings Bryan and Hubert Humphrey on economic policy foreign relations and political reform to demonstrate how the Democratic party lost its place in Middle America Provided by publisher **The Tribune Almanac and Political Register for ...**, 1897 *The Tribune Almanac and Political Register* Horace Greeley, John Fitch Cleveland, F. J. Ottarson, Edward McPherson, Alexander Jacob Schem, Henry Eckford Rhoades, 1914

Sources in American Constitutional History Michael Les Benedict, 2017-10-13 In the second revised and expanded edition of this invaluable reader Michael Les Benedict draws together the important documents that have shaped and been shaped by the American Constitution from medieval times through the present day It includes not only the most important Supreme Court decisions but also key American declarations resolutions laws and platforms All these documents represent in a sense the formal expression of the American people s ongoing contract with each other The documents in the reader are organized into chapters corresponding to those in the third edition of *The Blessings of Liberty A Concise History of the Constitution of the United States* However since they reflect the generally accepted canon of American constitutional history they may supplement any textbook or other readings The brief introductory headnotes provide information about the social political and intellectual context in which each document first appeared **Making the Modern American Fiscal State** Ajay K. Mehrotra, 2013-09-30 At the turn of the twentieth century the US system of public finance underwent a dramatic transformation The late nineteenth century regime of indirect hidden partisan and regressive taxes was eclipsed in the early twentieth century by a direct transparent professionally administered and progressive tax system This book uncovers the contested roots and paradoxical consequences of this fundamental shift in American tax law and policy It argues that the

move toward a regime of direct and graduated taxation marked the emergence of a new fiscal polity a new form of statecraft that was guided not simply by the functional need for greater revenue but by broader social concerns about economic justice civic identity bureaucratic capacity and public power Between the end of Reconstruction and the onset of the Great Depression the intellectual legal and administrative foundations of the modern fiscal state first took shape This book explains how and why this new fiscal polity came to be

The Political Roots of Racial Tracking in American Criminal Justice Nina M. Moore, 2015-01-26 This book examines the role of the public and policy makers in enabling the race problem in the American criminal justice system

Guide to U.S. Elections Deborah Kalb, 2015-12-24 The CQ Press Guide to U S Elections is a comprehensive two volume reference providing information on the U S electoral process in depth analysis on specific political eras and issues and everything in between Thoroughly revised and infused with new data analysis and discussion of issues relating to elections through 2014 the Guide will include chapters on Analysis of the campaigns for presidency from the primaries through the general election Data on the candidates winners losers and election returns Details on congressional and gubernatorial contests supplemented with vast historical data Key Features include Tables boxes and figures interspersed throughout each chapter Data on campaigns election methods and results Complete lists of House and Senate leaders Links to election related websites A guide to party abbreviations

The Presidency and Women Janet M. Martin, 2009-09-13 By identifying the parallel emergence of the women s movement and the growth in the executive branch Martin skillfully demonstrates how our political system can accommodate the demand for change and also maintain a stable government Perspectives on Political Science Martin s analysis provides overdue insight into the relationship between the presidency as an institution and women as a leading interest group National Journal

The Sources of Anti-Slavery Constitutionalism in America, 1760-1848 William M. Wiecek, 2018-03-15 This ambitious book examines the constitutional and legal doctrines of the antislavery movement from the eve of the American Revolution to the Wilmot Proviso and the 1848 national elections Relating political activity to constitutional thought William M Wiecek surveys the antislavery societies the ideas of their individual members and the actions of those opposed to slavery and its expansion into the territories He shows that the idea of constitutionalism has popular origins and was not the exclusive creation of a caste of lawyers In offering a sophisticated examination of both sides of the argument about slavery he not only discusses court cases and statutes but also considers a broad range of extrajudicial thought political speeches and pamphlets legislative debates and arguments

State Service James Malcolm, 1918 **To Govern the Devil in Hell** Pearl Ponce, 2014-06-30 One hundred and fifty years after Kansas was admitted to the Union we still find ourselves fascinated by the specter of Bleeding Kansas and the violence that preceded the American Civil War by five years Although ample attention has been devoted to understanding why territorial violence broke out in Kansas in 1856 of equal concern but less illuminated is the question of why government both local and national allowed the violence to continue unstanched for so long This question is fundamentally about

governance its existence exercise limits and continuance and its study has ramifications for understanding both Kansas events and why the American experiment in government failed in 1861 In addition the book also sheds light on the nature of democracy the challenges of implanting it in distant environs the necessity of cooperation at the various levels of government and the value of strong leadership To Govern the Devil in Hell uses the prism of governance to investigate what went wrong in territorial Kansas From the first elections in late 1854 and early 1855 local government was tarnished with cries of illegitimacy that territorial officials could not ameliorate Soon after a shadow government was created which further impeded local management of territorial challenges Ultimately this book addresses why Presidents Franklin Pierce and James Buchanan failed to act what hindered Congress from stepping into the void and why and how the lack of effective governance harmed Kansas and later the United States

The Thirteenth Amendment and American Freedom Alexander Tsesis,2004-12-12 Tsesis explains why the 13th Amendment is essential to contemporary America offering a fresh analysis of the role the Amendment has played regarding civil rights legislation Pearson Edexcel A Level US Government and Politics Second Edition Simon Lemieux,Anthony J Bennett,David Tuck,2025-04-25 Help your students develop a critical understanding of the latest developments in US Government and Politics with this fully updated textbook for Pearson Edexcel A level Politics This trusted textbook by Anthony J Bennett revised by David Tuck and Simon Lemieux is specially designed to reflect the Edexcel specification and help your students approach complex topics with confidence Ensure in depth coverage of Government and Politics of the USA with a fully revised and up to date approach to recent political developments including the 2024 US presidential election Enhance students analytical and evaluation skills through engaging activities real world case studies debates and exam style questions Build in depth knowledge by placing recent political developments in a historical context to highlight the influence of political history on current events Supports your students by emphasising key terms and clarifying synoptic links across topics in the specification Find answer guidance for practice questions at www.hachettelearning.com

The Constitution on the Campaign Trail Andrew E. Busch,2007-09-16 The Constitution is the fundamental governing document of the United States But to what extent do candidates and parties make constitutional arguments in the course of American elections By examining party platforms candidate messages presidential debates and television ads The Constitution on the Campaign Trail answers four main questions How often does constitutional rhetoric appear in campaigns How much of it is explicit and how much implicit What constitutional topics receive the most attention And how often do the electoral competitors engage in an actual constitutional dialogue The Constitution on the Campaign Trail finds evidence for a long broad decline in the use of constitutional rhetoric since the mid 19th century Making matters worse the modern medium most responsible for conveying campaign messages on a day to day basis television advertising has proven least conducive to constitutional argument To that extent concerns about a deconstitutionalization of politics are well placed However and perhaps surprisingly American campaigns have actually seen a limited resurgence in constitutional

rhetoric over the past four decades driven in large part by increased concern with judicial issues rights and federalism The book concludes with explanations of past trends and a look to the future The political analysis found in The Constitution on the Campaign Trail is firmly grounded in historical research and the conclusions reached are trenchant *The Conservative* Julius Sterling Morton, 1898 Voters, Elections, and Parties Gerald M. Pomper, Democratic theory promises that government will protect the interests of the citizenry and follow majority will in its policies To put theory into practice voters must be capable elections must be meaningful and parties must be responsible For over two decades Gerald Pomper has explored the empirical realities of contemporary democracy The book features a comprehensive introductory essay stating the major themes of this work Each of the three major sections is preceded by Pomper's reappraisal of previous writings both published and unpublished **Distant Revolutions** Timothy Mason Roberts, 2009-06-03 Distant Revolutions 1848 and the Challenge to American Exceptionalism is a study of American politics culture and foreign relations in the mid nineteenth century illuminated through the reactions of Americans to the European revolutions of 1848 Flush from the recent American military victory over Mexico many Americans celebrated news of democratic revolutions breaking out across Europe as a further sign of divine providence Others thought that the 1848 revolutions served only to highlight how America's own revolution had not done enough in the way of reform Still other Americans renounced the 1848 revolutions and the thought of transatlantic unity because they interpreted European revolutionary radicalism and its portents of violence socialism and atheism as dangerous to the unique virtues of the United States When the 1848 revolutions failed to create stable democratic governments in Europe many Americans declared that their own revolutionary tradition was superior American reform would be gradual and peaceful Thus when violence erupted over the question of territorial slavery in the 1850s the effect was magnified among antislavery Americans who reinterpreted the menace of slavery in light of the revolutions and counter revolutions of Europe For them a new revolution in America could indeed be necessary to stop the onset of authoritarian conditions and to cure American exemplarism The Civil War then when it came was America's answer to the 1848 revolutions a testimony to America's democratic shortcomings and an American version of a violent nation building revolution

Keeping the Republic Christine Barbour, Gerald C. Wright, 2025-04-01 Keeping the Republic Brief Eleventh Edition draws students into the study of American politics showing them how to think critically about who gets what and how while exploring the twin themes of power and citizenship With students living through one of the most challenging periods in American life this text is a much needed resource to help them make sense of politics in America today and become savvy consumers of political information Carefully condensed from the Full Edition by authors Christine Barbour and Gerald C Wright Keeping the Republic Brief Eleventh Edition gives your students the same continuity and crucial content in a more concise value oriented package

Thank you enormously much for downloading **National Party Platforms**. Most likely you have knowledge that, people have look numerous period for their favorite books later than this National Party Platforms, but end occurring in harmful downloads.

Rather than enjoying a good ebook as soon as a cup of coffee in the afternoon, on the other hand they juggled in imitation of some harmful virus inside their computer. **National Party Platforms** is to hand in our digital library an online right of entry to it is set as public suitably you can download it instantly. Our digital library saves in combination countries, allowing you to get the most less latency epoch to download any of our books bearing in mind this one. Merely said, the National Party Platforms is universally compatible taking into consideration any devices to read.
