World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most

fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal *State*, 1990 *American Journal of Islamic Social Sciences* 25:1 Ahmad Shehu Abdussalam, Cemil Hakyemez, H. Nagah, Kiki Kennedy-Day, David Armani and Louise Gormley, Kathryn Kueny, Sulayman S. Nyang, Jay Willoughby, Muhammed Haron, Jan Ali, Christopher Cutting, 2009-03-02 The American Journal of Islamic Social Sciences AJISS is a double blind peer reviewed and interdisciplinary journal that publishes a wide variety of scholarly research on all facets of Islam and the Muslim world anthropology economics history philosophy and meta physics politics psychology religious law and traditional Islam Submissions are subject to a blind peer review process *Global Rebellion* Mark Juergensmeyer, 2008-05-16 A new religious activism has seized the imaginations of political rebels around the world In providing a road map through this complex terrain the author bases his discussion on interviews with militant activists and case studies of rebellious movements *Culturally and Linguistically Diverse Classrooms* Jennifer Miller, Alex Kostogriz, Margaret Gearon, 2009-10-20 A critical reality of contemporary education in a globalised world is the growing cultural racial and linguistic diversity in schools and the issues involved in educating increasing numbers of students who are still learning the dominant language This poses extraordinary challenges for second and foreign language teachers in many countries where such students must engage with the mainstream curriculum in a new language What do these increasingly plurilingual and multicultural classrooms look like And how do language teachers address the challenges of such diverse classrooms This book brings together a group of well recognised language education scholars who present their research in a range of international settings They focus on the key areas of pedagogy language policy and curriculum and exemplify new research directions in the field *The Politics and Poetics of Translation in Turkey, 1923-1960* Şehnaz Tahir Gürçağlar, 2008 The present book is a bold attempt at revealing the complex and diversified nature of the field of translated literature in Turkey during a period of radical socio political change On the broad level it investigates the implications of the political

transformation experienced in Turkey after the proclamation of the Republic for the cultural and literary fields including the field of translated literature On a more specific level it holds translation under focus and explores the discourse formed on translation and translators while it also traces the norms not observed by translators throughout the 1920s 1950s in two case studies The findings of the study suggest that the concepts of translation both affected and were affected by cultural processes in the society including ideological and poetological ones and that there was no uniform way of defining or carrying out translations during the period under study The findings also point at the segmentation of readership in early republican Turkey and conclude that the political and poetological factors governing the production and reception of translations varied for different segments of readers

Divided Passions Paul R. Mendes-Flohr, 1991 Paul Mendes Flohr is emerging as the leading Jewish intellectual historian of the present generation In particular he is responsible for a significant amount of the important and pertinent scholarship in the field of German Jewish intellectual history No one else is quite as intimately knowledgeable with this material the ambiguous legacy of one of the most inventive and poignant episodes of creativity in the life of the Diaspora Divided Passions is a collection of published and unpublished essays and articles by Paul Mendes Flohr from the past decade In a manner that underscores their continued relevance and significance Mendes Flohr writes about the problems that Buber Rosenzweig Bloch Simon Scholem and others tried to crystallize and resolve Mendes Flohr moves with effortless authority among the disciplines of theology philosophy literature history and sociology Fitted with these interdisciplinary resources he enriches his treatment of themes and figures in ways that exceed the scope to say nothing of the execution found in other literature The book conveys a rare metaphysical depth for questions of faith identity and Dasein explored by the intellectual figures of the past are also personal ones for the author as well Mendes Flohr s exceptional ability to keep this body of work alive and available provides an outstanding source of commentary on the subjects that dominate the agenda of modern Jewish studies

Notes on a Century Bernard Lewis, Buntzie Ellis Churchill, 2012-05-10 The 1 New York Times bestselling author of What Went Wrong tells the story of his extraordinary life After September 11 Americans who had never given much thought to the Middle East turned to Bernard Lewis for an explanation catapulting What Went Wrong and later Crisis of Islam to become number one bestsellers He was the first to warn of a coming clash of civilizations a term he coined in 1957 and has led an amazing life as much a political actor as a scholar of the Middle East In this witty memoir he reflects on the events that have transformed the region since World War II up through the Arab Spring A pathbreaking scholar with command of a dozen languages Lewis has advised American presidents and dined with politicians from the shah of Iran to the pope Over the years he had tea at Buckingham Palace befriended Golda Meir and briefed

politicians from Ted Kennedy to Dick Cheney No stranger to controversy he pulls no punches in his blunt criticism of those who see him as the intellectual progenitor of the Iraq war Like America's other great historian statesmen Arthur Schlesinger and Henry Kissinger he is a figure of towering intellect and a world class raconteur which makes Notes on a Century essential reading for anyone who cares about the fate of the Middle East **Modern Hebrew** Norman

Berdichevsky, 2016-03-21 Ben Yehuda's vision of a modern Hebrew eventually came to animate a large part of the Jewish world and gave new confidence and pride to Jewish youth during the most difficult period of modern history infusing Zionism with a dynamic cultural content This book examines the many changes that occurred in the transition to Modern Hebrew acquainting new students of the language with its role as a model for other national revivals and explaining how it overcame many obstacles to become a spoken vernacular The author deals primarily with the social and political use of the language and does not cover literature Also discussed are the dilemmas facing the language arising from the fact that Israelis and Jews in the Diaspora don't speak the same language while Israeli Arabs and Jews often do **A Marriage Made in Heaven**

Naomi Seidman, 2021-01-08 With remarkably original formulations Naomi Seidman examines the ways that Hebrew the Holy Tongue and Yiddish the vernacular language of Ashkenazic Jews came to represent the masculine and feminine faces respectively of Ashkenazic Jewish culture Her sophisticated history is the first book length exploration of the sexual politics underlying the marriage of Hebrew and Yiddish and it has profound implications for understanding the centrality of language choices and ideologies in the construction of modern Jewish identity Seidman particularly examines this sexual linguistic system as it shaped the work of two bilingual authors S Y Abramovitsh the grand father of modern Hebrew and Yiddish literature and Dvora Baron the first modern woman writer in Hebrew and a writer in Yiddish as well She also provides an analysis of the roles that Hebrew masculinity and Yiddish femininity played in the Hebrew Yiddish language wars the divorce that ultimately ended the marriage between the languages Theorists have long debated the role of mother and father in the child's relationship to language Seidman presents the Ashkenazic case as an illuminating example of a society in which mother tongue and father tongue are clearly differentiated Her work speaks to important issues in contemporary scholarship including the psychoanalysis of language acquisition the feminist critique of Zionism and the nexus of women's studies and Yiddish literary history This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1997 **Humanity Divided** Manuel Duarte de Oliveira, 2021-09-20 With

exacting scholarship and fecund analysis Manuel Oliveira probes through the lens of Martin Buber 1878 1965 the theological and political ambiguities of Israel's divine election These ambiguities became especially pronounced with the emergence of Zionism Wary indeed alarmed by the tendency of some of his fellow Zionists to conflate divine chosenness with nationalism

Buber sought to secure the theological significance of election by both steering Zionism from hypertrophic nationalism and by a sustained program to revalorize what he called alternately Hebrew Humanism As Oliveira demonstrates Buber viewed the idea of election teleologically espousing a universal mission of Israel which effectively calls upon Zionism to align its political and cultural project to universal objectives Thus in addressing a Zionist congress he rhetorically asked What then is this spirit of Israel of which you are speaking It is the spirit of fulfillment Fulfillment of what Fulfillment of the simple truth that man has been created for a purpose Our purpose is the upbuilding of peace And that is its spirit the spirit of Israel the people of Israel was charged to lead the way to righteousness and justice *Nationalism and Transnationalism* James Goodman,1996 This is an investigation into the global paradox which from the 1970s and especially since the end of the Cold War has shown nationalism gaining increased significance while at the same time there has been an acceleration of transnational integration *Critical Rationalism, the Social Sciences and the Humanities* I.C. Jarvie,N. Laor,1994-12-31 An outstanding feature of this book is the broad range of the contributors drawn from Europe the Middle East and North America testifying both to the range of Professor Agassi s interests and the geographical spread of his influence Most contributors use Agassi s ideas as a springboard to engage in debate on issues or offer a contribution in an area that interests him In this volume contributors consider such questions as Agassi s philosophy of education in practice as well as in theory the impact of psychologism in philosophy the origins of critical rationalism in the Bible the debates in economics stimulated by the work of Popper and Agassi and many other topics Besides the special topics the reader gains some sense of the fruitfulness of critical rationalism in the hands of Agassi s friends and colleagues Religious Conflict and the Evolution of Language Policy in German and French Cameroon, 1885-1939 Kenneth J. Orosz,2008 The book was awarded the Alf Andrew Heggoy Book Prize in French Colonial History 2009 This groundbreaking comparative study examines how church state conflicts shaped the evolution of German and French language policy in Cameroon from the dawn of the colonial era to the onset of WWII Despite lingering anti Catholic sentiments generated by Germany s Kulturkampf and early twentieth century French anti clerical legislation in Cameroon these conflicts created a curious inversion in which Protestant rather than Catholic missions were portrayed as obstructionist and unpatriotic due to their preference for using indigenous languages in educational and evangelical work Inside French Cameroon this situation suddenly and dramatically reversed itself during the mid 1920s as the Catholics rethought their commitment to spreading French in the colonies The result was repeated clashes between colonial authorities and mission personnel right up to the outbreak of war in 1939
