Routledge Library Editions: Education Mini-Set G Higher & Adult Education 11 vol set Various, 2021-07-14 Mini set G Higher and Adult Education re issues 11 volumes originally published between 1974 and 1992 They discuss and analyze adult education from both theoretical and practical standpoints and look at the challenges facing adult education during the 1970s and 80s as well as examining the history of higher adult education in the UK The mini set includes one volume which although previously available with another publisher and out of print for some years is now available for the first time from Routledge **Making Sense of Television** Sonia Livingstone, 2013-03-07 Taking the soap opera as a case study this book explores the parasocial interaction people engage in with television programmes It looks at the nature of the active viewer and the role of the text in social psychology It also investigates the existing theoretical models offered by social psychology and other discourses This second edition takes into account recent research work and theoretical developments in fields such as narrative psychology social representation theory and ethnographic work on audiences and look forward to the developing role of audience research It will be an essential study for students and lecturers in social psychology and media studies

The Nationwide Television Studies Charlotte Brunsdon, David Morley, 2005-07-15 This book brings together for the first time David Morley and Charlotte Brunsdon's classic texts *Everyday Television* *Nationwide* and *The Nationwide Audience* Originally published in 1978 and 1980 these two research projects combine innovative textual readings and audience analysis of the BBC's current affairs programme *Nationwide* In a specially written introduction the authors trace the history of the original *Nationwide* project and clarify the origins of the two books **Africa, Cultural Studies and Difference**

Keyan Tomaselli, Handel Kashope Wright, 2013-12-16 Cultural Studies has evolved and continues to evolve primarily along regional lines However uncomfortable this might be the genie of British cultural studies cannot be returned to the bottle of history Thus national versions of cultural studies have arisen in a few African countries This book engages two critical and seemingly contradictory tasks i to contribute to the development of cultural studies from the perspectives of African experiences and indigenous frames of reference and ii to examine these in terms of transnational trajectories of the field in ways that do not reduce them to one or other context Much cultural studies remains concerned with Texts often disconnected from their contexts For the authors published here the contexts include African philosophies cosmologies and ontologies It includes the writings of both residential natives and those who have re located to the diaspora a spread that opens conversations with international approaches that both include and exclude African experiences and work This anthology juxtaposes many different kinds of cultural studies done in different parts of the world as a means of creating a global dialogue around the signifier of Africa This book was published as a special issue of *Cultural Studies* **The Handbook of Language and Globalization** Nikolas Coupland, 2012-09-17 The Handbook of Language and Globalization brings together important new studies of language and discourse in the global era consolidating a vibrant new field of sociolinguistic

research The first volume to assemble leading scholarship in this rapidly developing field Features new contributions from 36 internationally known scholars bringing together key research in the field and establishing a benchmark for future research Comprehensive coverage is divided into four sections global multilingualism world languages and language systems global discourse in key domains and genres language values and markets under globalization and language distance and identities Covers an impressive breadth of topics including tourism language teaching social networking terrorism and religion among many others Winner of the British Association for Applied Linguistics book prize 2011 Education for Adults Malcolm Tight, 2012-04-27 This book opens with a survey of the historical evolution of adult education in the UK and leads on to the study of the structure of adult learning It discusses distance teaching opportunities such as the Open University and the National Extension College and face to face teaching provision in adult education centres It also looks at specific programmes such as the Adult Literacy Initiative in the mid 1970s and at target groups like the adult unemployed women and ethnic groups Comprehensive and yet broad ranging this volume contains much new material that offers interesting insights into both present and future opportunities for adult education

McQuail's Mass Communication Theory Denis McQuail, 2010-02-28 Denis McQuail's Mass Communication Theory is not just a seminal text in the study of media and society it is a benchmark for understanding and appreciating the long and winding road people and their media have taken to get us here Mark Deuze Indiana University and Leiden University This is a unique work tested by time and generations of students around the world North South East and West Kaarle Nordenstreng University of Tampere McQuail's Mass Communication Theory continues to be the clearest and best introduction to this sprawling field Anders Hansen University of Leicester With over 125 000 copies sold McQuail's Mass Communication Theory has been the benchmark for studying media and communication for more than 25 years It remains the most authoritative and comprehensive introduction to the field and offers unmatched coverage of the research literature It covers everything a student needs to know of the diverse forms of mass communication today including television radio newspapers film music the internet and other forms of new media Denis McQuail shows that more than ever theories of mass communication matter for the broader understanding of society and culture Unmatched in coverage and used across the globe this book includes Explorations of new media globalization work economy governance policy media audiences and effects New boxed case studies on key research publications to familiarize students with the critical research texts in the field Definitions examples and illustrations throughout to bring abstract concepts to life McQuail's Mass Communication Theory is the indispensable resource no student of media and communication studies can afford to be without

Transmission Peter d'Agostino, David Tafler, 1994-09-01 The essays in this volume investigate the impact of all media including the emerging technologies on the social cultural economic and political climate in the context of aesthetic values and issues of gender race and class Transmission examines the array of forces moving the contemporary video landscape forward comparing the past with the present as well as the future as it

looks at the impact of video on commercial television the relationship of media to the social causes it misrepresents and the effects of new communication tools on participating constituents Media/Theory Shaun Moores,2007-05-07 From an established author with a growing international profile in media studies Media Theory is an accessible yet challenging guide to ways of thinking about media and communications in modern life Shaun Moores draws on ideas from a range of disciplines in the humanities and social sciences and expertly connects the analysis of media and communications with key themes in contemporary social theory Examining core issues of time and space Moores also examines matters of interactions signification and identity and argues that media studies is bound up in the wider processes of the modern world and not just about studying the media This book makes a distinctive contribution towards rethinking the shape and direction of media studies today and for students at advanced undergraduate or postgraduate level Women Watching Television Andrea L. Press,1991-03 Women's inclinations to identify with television characters varies with their assessment of the realism of these characters and their social world **Handbook of Research on Educational Communications and Technology** David H. Jonassen,2004 This edition of this handbook updates and expands its review of the research theory issues and methodology that constitute the field of educational communications and technology Organized into seven sectors it profiles and integrates the following elements of this rapidly changing field The Lively Audience Patricia Palmer,2023-12-22 The Lively Audience 1986 studies television from the children's own point of view Contrary to most prevailing opinion it contends that television has much to teach children and that their relationship with the medium is not one of passive dependency after all Research shows that what children gain from television depends very much on the child's age and social experience and that children see television differently from adults This book examines this issue and gives us a different understanding of the child audience and the impact of their television viewing **At the Interface** ,2004-01-01 In a world increasingly characterised by perpetual re-invention through the dynamic flows of capital persons and ideas understanding change and transformation is an imperative The purpose of this book is a first step in a project to engage the dynamics of transformation at the interface of culture and politics through contextualisation reflection and a sharing of intellectual resources Bringing together the work of academics from a range of disciplines who share an overarching aim to map such transformations the volume covers themes ranging from popular culture the Internet to film and cinema Casting a contemporary gaze on cultural phenomena the contributors all seek to trace trajectories of change and continuity from within their own specific field using a range of approaches from theoretical reflection to empirical case studies Of general interest to students of the humanities and social sciences and of particular interest for students of cultural studies and communication at all levels this volume constitutes a unique opportunity to reflect on recent transformations but also on the persistence of certain cultural and political practices **The Audience And Its Landscape** John Hay, Lawrence Grossberg, Ellen Wartella, James Hay,2018-10-08 This book offers a major reconceptualization of the term audience one which involves a landscape including

the landscape of a given audience situated and territorializing features of any way of seeing and defining the world It acknowledges in the face of conventional discourse analysis the contextual features of discourse to produce complex and textured understanding of the concept of audience The book will speak to students of rhetoric mass communication cultural studies anthropology and sociology alike This book offers a major reconceptualization of the term audience including the landscape of a given audience the situated and territorializing features of any way of seeing and defining the world Given de Certeaus hypothesis that listening watching and reading all occur in places and result in produce transformed paths or spaces the contributors to this landmark volume have provided innovative essays analyzing the transformations that take place in the geography between sender and receiver The book acknowledges in the face of conventional discourse analysis the contextual features of discourse to produce a complex and textured understanding of the concept of audience The Audience and Its Landscape presents the work of a vital cross section of international scholars including Swedens Karl Erik Rosengren the UKs Jay G Blumler and Roger Silverstone Australias Tony Bennett Israels Elihu Katz Canadas Martin Allor and the United States Janice Radway Byron Reeves and John Fisk to name a few This book is truly groundbreaking in its depth and scope and will speak to students of rhetoric mass communication cultural studies anthropology and sociology alike

Regarding Television E. Ann Kaplan, 1983 **Talk on Television** Sonia Livingstone, Peter Lunt, 2002-09-10 Not only is everyday conversation increasingly dependent on television but more and more people are appearing on television to discuss social and personal issues Is any public good served by these programmes or are they simply trashy entertainment which fills the schedules cheaply Talk on Television examines the value and significance of televised public debate Analysing a wide range of programmes including Kilroy Donohue and The Oprah Winfrey Show the authors draw on interviews with both the studio participants and with those watching at home They ask how the media manage discussion programmes and whether the programmes really are providing new spaces for public participators They find out how audiences interpret the programmes when they appear on the screen themselves and they unravel the conventions debate romance therapy which make up the genre They also consider TV s function as a medium of education and information finally discussing the dangers and opportunities the genre holds for audience participation and public debate in the future **Handbook of Research for**

Educational Communications and Technology David Jonassen, Marcy Driscoll, 2003-12-08 First Published in 2008 Routledge is an imprint of Taylor Francis an informa company **The SAGE Handbook of Political Communication** Holli A Semetko, Margaret Scammell, 2012-05-17 This authoritative and comprehensive survey of political communication draws together a team of the world s leading scholars to provide a state of the art review that sets the agenda for future study It is divided into five sections Part One explores the macro level influences on political communication such as the media industry new media technology and political systems Part Two takes a grassroots perspective of the influences of social networks real and online on political communication Part Three discusses methodological advances in political communication research

Part Four focuses on power and how it is conceptualized in political communication Part Five provides an international regional and comparative understanding of political communication in its various contexts The SAGE Handbook of Political Communication is an essential benchmark publication for advanced students researchers and practitioners in the fields of politics media and communication sociology and research methods

Rhetorical Audience Studies and Reception of Rhetoric Jens E. Kjeldsen, 2017-11-10 This book examines the reception of rhetoric and the rhetoric of reception By considering salient rhetorical traits of rhetorical utterances and texts seen in context and relating this to different kinds of reception and or audience use and negotiation the authors explore the connections between rhetoric and reception In our time new media and new forms of communication make it harder to distinguish between speaker and audience The active involvement of users and audiences is more important than ever before This project is based on the premise that rhetorical research should reconsider the understanding conceptualization and examination of the rhetorical audience From mostly understanding audiences as theoretical constructions that are examined textually and speculatively the contributors give more attention to empirical explorations of actual audiences and users The book will provide readers with new knowledge on the workings of rhetoric as well as illustrative and guiding examples of new methods of rhetorical studies

International Handbook of Children, Media and Culture Kirsten Drotner, Sonia Livingstone, 2008-02-19 This essential volume brings together the work of internationally renowned researchers each experts in their field in order to capture the diversity of children and young people s media cultures around the world Why are the media such a crucial part of children s daily lives Are they becoming more important more influential and in what ways Or does a historical perspective reveal how past media have long framed children s cultural horizons or perhaps how families however constituted have long shaped the ways children relate to media In addressing such questions the contributors present detailed empirical cases to uncover how children weave together diverse forms and technologies to create a rich symbolic tapestry which in turn shapes their social relationships At the same time many concerns even public panics arise regarding children s engagement with media leading the contributors also to inquire into the risky or problematic aspects of today s highly mediated world Deliberately selected to represent as many parts of the globe as possible and with a commitment to recognizing both the similarities and differences in children and young people s lives from China to Denmark from Canada to India from Japan to Iceland from the authors offer a rich contextualization of children s engagement with their particular media and communication environment while also pursuing cross cutting themes in terms of comparative and global trends Each chapter provides a clear orientation for new readers to the main debates and core issues addressed combined with a depth of analysis and argumentation to stimulate the thinking of advanced students and established scholars Since children and young people are a focus of study across different disciplines the volume is thoroughly multi disciplinary Yet since children and young people are all too easily neglected by these same disciplines this volume hopes to accord their interests and concerns they surely merit
