Natives Of Space

Cole Harris

Natives Of Space:

Natives of Space Hal Clement, 1965 *Making Native Space* Cole Harris, 2011-11-01 This elegantly written and insightful book provides a geographical history of the Indian reserve in British Columbia Cole Harris analyzes the impact of reserves on Native lives and livelihoods and considers how in light of this the Native land question might begin to be resolved The account begins in the early nineteenth century British Empire and then follows Native land policy and Native resistance to it in British Columbia from the Douglas treaties in the early 1850s to the formal transfer of reserves to the Dominion in 1938 *Making Native Space* clarifies and informs the current debate on the Native land question It presents the most comprehensive account available of perhaps the most critical mapping of space ever undertaken in BC the drawing of the lines that separated the tiny plots of land reserved for Native people from the rest Geographers historians anthropologists and anybody interested in and involved in the politics of treaty negotiation in British Columbia should read this book

Natives of space [Teils.] Harry Clement Stubbs, 1970 *Settler Colonial Sovereignty* Liam Midzain-Gobin, 2025-10-16 Knowledge production in the Anglosphere depends on the erasure of non Western ways of knowing especially ways of knowing oneself the lands and waters and the relationships between these entities In settler colonial states those in power seldom question this erasure despite the ongoing presence and power of Indigenous nations In this groundbreaking work Liam Midzain Gobin illuminates how the logic of improvement animates this epistemological ignorance both historically and currently By creating a new world based on settler views the settler state augments its own power This way of thinking drives government actions and even influences how settlers and the state imagine what is possible Examining knowledge production through governance processes *Settler Colonial Sovereignty* studies three policy areas First Nations reserve policy land and resource monitoring frameworks and the Indigenous Peoples Survey Throughout Midzain Gobin shows how state sovereignty is never stable but continually being reaffirmed Inspired by the interaction of Indigenous knowledge with cosmological assumptions to provide different understandings of our place in the world *Settler Colonial Sovereignty* imagines how we might move past improvement as a basis for Indigenous settler relations **A Columbus of Space** Garrett Putman Serviss, 1911 I am a hero worshiper an insatiable devourer of biographies and I say that no man in all the splendid list ever equaled Edmund Stonewall You smile because you have never heard his name for until now his biography has not been written And this is not truly a biography it is only the story of the crowning event in Stonewall s career Really it humbles one s pride of race to see how ignorant the world is of its true heroes Many a man who cuts a great figure in history is after all a poor specimen of humanity slavishly following old ruts destitute of any real originality and remarkable only for some exaggeration of the commonplace But in the case of Edmund Stonewall the world cannot be blamed for its ignorance because as I have already said his story remains to be written and hitherto it has been guarded as a profound secret I do not wish to exaggerate yet I cannot avoid seeming to do so in simply telling the facts If Stonewall s proceedings had become Matter of
