Congress. House. Committee on Appropriations. Subcommittee on Foreign Operations, Export Financing, and Related Programs,1995 Journal of the House of Representatives of the United States United States. Congress. House,2010 Some vols include supplemental journals of such proceedings of the sessions as during the time they were depending were ordered to be kept secret and respecting which the injunction of secrecy was afterwards taken off by the order of the House **Department of Defense Appropriations for 1998: Secretary of Defense and chairman, Joint Chief of Staff** United States. Congress. House. Committee on Appropriations. Subcommittee on National Security,2002 **Nuclear Threats and Security Challenges** Samuel Apikyan,David Diamond,2015-06-30 With the dissolution of the Soviet Union the nuclear threats facing the world are constantly evolving and have grown more complex since the end of the Cold War The diversion of complete weapon systems or nuclear material to rogue nations and terrorist organizations has increased The events of the past years have proved the necessity to reevaluate these threats on a level never before considered In recognition that no single country possesses all of the answers to the critical scientific institutional and legal questions associated with combating nuclear and radiological terrorism the NATO Advanced Research Workshop on Preparedness for Nuclear and Radiological Threats and this proceeding was structured to promote wide ranging multi national exploration of critical technology needs and underlying scientific challenges to reducing the threat of nuclear radiological terrorism to illustrate through country specific presentations how resulting technologies were used in national programs and to outline the role of legal policy and institutional frameworks in countering nuclear radiological terrorism One key outcome of this book is better understanding of the interdependent contributions from across the international community of the scientific and technological components and the legal policy and institutional components to combating nuclear and radiological threats **Compilation of Public Laws Reported by the Committee on Science, Space, and Technology, 1958-1988** United States,1999 **The Transatlantic Relationship : Problems and Prospects** Sabina A. M. Auger,2003 **Radio Free Afghanistan Act of 2001; the Freedom Consolidation Act of 2001 ...** United States. Congress. House. Committee on International Relations,2001 NATO's Return to Europe Rebecca R. Moore,Damon Coletta,2017-09-11 NATO s 2010 Strategic Concept officially broadened the alliance s mission beyond collective defense reflecting a peaceful Europe and changes in alliance activities NATO had become an international security facilitator a crisis manager even outside Europe and a liberal democratic club as much as a mutual defense organization However Russia s re entry into great power politics has changed NATO s strategic calculus Russia s aggressive annexation of Crimea in 2014 and its ongoing military support for Ukrainian separatists dramatically altered the strategic environment and called into question

the liberal European security order States bordering Russia many of which are now NATO members are worried and the alliance is divided over assessments of Russia's behavior Against the backdrop of Russia's new assertiveness an international group of scholars examines a broad range of issues in the interest of not only explaining recent alliance developments but also making recommendations about critical choices confronting the NATO allies While a renewed emphasis on collective defense is clearly a priority this volume's contributors caution against an overcorrection which would leave the alliance too inwardly focused play into Russia's hand and exacerbate regional fault lines always just below the surface at NATO This volume places rapid fire events in theoretical perspective and will be useful to foreign policy students scholars and practitioners alike

Digest, 1991 *CSCE Digest*, 1995 **Report of Committee Activities, One Hundred Eighth Congress, January 7, 2003 Through December 7, 2004, Pursuant to Clause 1(d) of Rule XI** United States. Congress. House. Committee on Appropriations, 2001 **NATO's Democratic Retrenchment** Henrik B.L. Larsen, 2019-07-02

Exploring NATO's post Cold War determination to support democracy abroad this book addresses the alliance's adaptation to the new illiberal backlashes in Eastern Europe the Western Balkans and Afghanistan after the alleged return of history The book engages the question of what has driven NATO to pursue democratisation in face of the significant region specific challenges and what can explain policy expansion or retrenchment over time Explaining NATO's adaptation from the perspective of power dynamics that push for international change and historical experience that informs grand strategy allows wider inferences not only about democratisation as a foreign policy strategy but also about the nature of the transatlantic alliance and its relations with a mostly illiberal environment Larsen offers a theoretical conception of NATO as a patchwork of one hegemonic and several great power interests that converge or diverge in the formulation of common policy as opposed to NATO as a community of universal values This volume will appeal to researchers of transatlantic relations NATO's functional and geographical expansion hegemony and great power politics democracy promotion lessons of the past Neoclassical Realism alliance theory and the crisis of the liberal world order

Opening NATO's Door Ronald D. Asmus, 2004-08-11 How and why did NATO a Cold War military alliance created in 1949 to counter Stalin's USSR become the cornerstone of new security order for post Cold War Europe Why instead of retreating from Europe after communism's collapse did the U S launch the greatest expansion of the American commitment to the old continent in decades Written by a high level insider *Opening NATO's Door* provides a definitive account of the ideas politics and diplomacy that went into the historic decision to expand NATO to Central and Eastern Europe Drawing on the still classified archives of the U S Department of State Ronald D Asmus recounts how and why American policy makers against formidable odds at home and abroad expanded NATO as part of a broader strategy to overcome Europe's Cold War divide and to modernize the Alliance for a new era Asmus was one of the earliest advocates and intellectual architects of NATO enlargement to Central and Eastern Europe after the collapse of communism in the early 1990s and subsequently served as a top aide to Secretary of

State Madeleine Albright and Deputy Secretary Strobe Talbott responsible for European security issues He was involved in the key negotiations that led to NATO's decision to extend invitations to Poland Hungary and the Czech Republic the signing of the NATO Russia Founding Act and finally the U S Senate's ratification of enlargement Asmus documents how the Clinton Administration sought to develop a rationale for a new NATO that would bind the U S and Europe together as closely in the post Cold War era as they had been during the fight against communism For the Clinton Administration NATO enlargement became the centerpiece of a broader agenda to modernize the U S European strategic partnership for the future That strategy reflected an American commitment to the spread of democracy and Western values the importance attached to modernizing Washington's key alliances for an increasingly globalized world and the fact that the Clinton Administration looked to Europe as America's natural partner in addressing the challenges of the twenty first century As the Alliance weighs its the future following the September 11 terrorist attacks on the U S and prepares for a second round of enlargement this book is required reading about the first post Cold War effort to modernize NATO for a new era *United States*

Congressional Serial Set, No. 14818, Senate Executive Reports Nos. 1-8 , The Russian Armed Forces in Transition Roger N. McDermott, Bertil Nygren, Carolina Vendil Pallin, 2012-03-15 Although the role of the military in Russia has changed significantly since Soviet times it continues to exert great influence on Russian politics economy and society This book presents a comprehensive overview of current developments related to Russia's military sector It considers recent military reforms personnel issues the defence industry and procurement the defence economy changes in civil military relations and the continuing huge economic significance of Russia's military industrial complex It explores difficulties currently faced by the Russian military including problems of recruitment and leadership analyses Russian security policy including in relation to Europe and more widely and discusses the lessons learned by the Russian military as a result of the recent war in Georgia The book argues that reform attempts have often been thwarted by bureaucracy economy strategy manpower weapon systems and leadership The book concludes by assessing likely future developments **The Treaty on Conventional**

Armed Forces in Europe Mark Wilcox, 2024-03-04 This work examines the CFE Treaty as a factor in Russia's foreign and security policy Moscow showed amazing persistence in their relationship with the cornerstone of European security Their approach to the treaty was a genuine attempt to shape the security environment in Europe and the former USSR The treaty also enabled the dismantling of large conventional forces as they returned from Eastern Europe and transitioned into the armies of the newly independent states of the former USSR The CFE Treaty though proved ineffective at constraining the enlargement of NATO Simultaneously Moscow's foreign and security policy evolved from one that focused on the domestic development of the country to that of a more confident state reasserting itself as a great power Drawing extensively on primary sources and analyses by Russian authors this book employs two historical narratives case studies and a conceptual framework to show that while Moscow remained engaged with the CFE Treaty undesired effects on Russia's national

interests gradually accrued at the expense of desired ones leading Vladimir Putin to withdraw Russia from the treaty as an act of decoupling from the collective West This book is relevant to scholars and policymakers who want to understand Russia's approach to arms control as an element of military security *The Russian People and Foreign Policy* William Zimmerman, 2009-02-09 Since the fall of communism public opinion in Russia including that of a now more diverse elite has become a substantial factor in that country's policymaking process What this opinion might be and how it responds to American actions is the subject of this study William Zimmerman offers important and sometimes disturbing insight into the thinking of citizens in America's former Cold War adversary about such matters as NATO expansion Drawing on nearly a decade of unprecedented surveys he conducted with a wide spectrum of the Russian public he gauges the impact of Russia's opening on its foreign policy and how liberal democrats orient themselves to foreign policy He also shows that insights from the study of American foreign policy are often portable to the study of Russian foreign policy attitudes As Zimmerman shows the general public which had a modest but real role in foreign policy decision making tended much more toward isolationism than did the predominant elites who steered Russia's foreign policy in the 1990s Interspersing smooth prose with a wide array of richly informative tables the book represents an invaluable opportunity to discern probable shifts in Russian foreign policy that domestic political changes would bring And it powerfully suggests that the West by forging its own policies toward Russia with more prudence can have a say in the outcome of the great choice facing Russia whether to forge ahead with democracy or slip back into authoritarianism **Congressional Record** United States. Congress, 2002 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789-1824 the Register of Debates in Congress 1824-1837 and the Congressional Globe 1833-1873
